PREFACE.

ALTHOUGH the Votes and Proceedings of the General Aſſembly of this Colony, may perhaps appear to ſome, as Matter of little Moment; the ſame were nevertheleſs regarded by the General Aſſembly, as a Thing of ſo much Conſequence, that by a Reſolution of the Houſe on the Eighth Day of *January*, One Thouſand Seven Hundred and Sixty-two, they impowered me to get them re-printed.

In Conſequence whereof, the Work has been undertaken, and brought down to the Beginning of Governor *Clinton*'s Adminiſtration: All which is comprized in this Volume. From which Period the Second Volume will commence, and contain all the Votes to the preſent Time.

A Few of the Votes, in the Infancy of this Government, could not be found, as the Reader will obſerve by the Notes I have made, whenever that happened to be the Caſe; but he will at the ſame Time meet with very few ſuch Inſtances.

And in order to make the Work as uſeful and ornamental as poſſible, I have added at the Head of every Page, the Years of the Reign of the Kings and Queens, and the Names of the Governors, or Commanders in Chief. And in the Body of the Votes, I have diſtinguiſhed the moſt material Paſſages by a larger Type than the Common, or by *Italicks*; which will be of great Uſe and Facility to the curious Reader, by directing him more readily to any Subject he may chuſe

to ſearch for: And, to complete the Whole, a general Index will be added to the Second Volume.

Perhaps ſome few Errors and Miſtakes may have eſcaped the Reviſal of the Preſs; but, as all poſſible Care has been taken to prevent it, it is hoped, whenever ſuch Errors are diſcovered, that the Reader will, rather than Cenſure the Printer or the Editor, be pleaſed to amend them, and content himſelf with ſeeing publiſhed, the principal Records of one of the main Branches of the Legiſlature of this Colony.

" That the Exportation of Wheat to any of the neighbour-

Which Petition was read; and upon Debate, the farther Consideration thereof referred until another Time.

Adjourned 'til To-morrow, 10 ho. A. M.

Die Sabatii, 10 *ho. A. M. Septem.* 26, 1691.

THE Question being put whether the Petition (*ut Supra*) should be wholly rejected in the General, or the Particulars thereof referred to farther Consideration? It was carried for the latter.

The Question being put, Whether the Consideration of said Petition shall be now debated, or referred 'til another Time? It was carried by the former to consider of it now.

Upon Consideration of the first Article of the Petition, it is considered, that to Restrain the Importation of *European* Goods from *Boston*, &c. at this Juncture, would be a Grievance to the Inhabitants of this Province.

Upon the Consideration of the Exportation of Wheat, it is carried by the Majority of Votes, That it is not convenient to Export it at this Juncture.

Upon the Consideration of that Article of the Exportation of Whale Oyl, it is considered, That their Majesties in their Letters Patent, have reserved the Appointment of Ports to himself and the Governor for the Time being; therefore this House do not think it convenient to meddle in it.

The Consideration of the Weigh House does not properly lay before this House at this Time.

Ordered, That this House do Address the Commander in Chief and Council, that a Monthly Fast be kept throughout this Province once every Month, until the Month of *June* next, as follows:

Die Sabatii, September 26, 1691.

House of Representatives for the Province of *New-York*.

The Address of the Representatives of this Province, to the Commander in Chief and Council, for the proclaiming a Day of Fast and Humiliation, once a Month, until the Month of *June* next.

May it please your Honours,

THE Representatives convened in General-Assembly, are deeply sensible, that the manifold Sins and Transgressions of the Inhabitants within this Province, have justly provoked the Almighty God, and are the chief and only Cause of his Displeasure, and of the sore and grievous Afflictions that this Province doth now and hath for several Years last past laboured under; and being now visited with the great Calamities of a burthensome War, and a Blast upon the Corn: We do therefore find ourselves obliged in all Duty and Humility to hearken unto his Rebukes, and to take hold of that most excellent Invitation of our blessed Saviour in the Gospel of St. Matthew, *where he dispenseth his great Love in these Words*, Come unto me, all ye that Labour and are heavy Laden, and I will give you Rest in the Faith and Hope thereof. *We humbly supplicate your Honours, in Behalf of ourselves, and all the Inhabitants of this Province, that for the Removal of the Almighty's Displeasure, and the sore and grievous Afflictions that we now groan under; and also that his Majesty's Arms employed in Europe and this Province against his Enemies, and for the Defence of the Protestant Religion, may be Prosperous and Successful, that a Day of Fast and Humiliation may be appointed once a Month, until the Month of* June *next, for the implering the Divine Assistance and Relief of our Most Gracious God in the Premisses.*

Adjourned 'til Monday, 10 ho. A. M.

Major *Monvile* brought the following Order of Council to this House.

At a Council held at Fort William Henry, *the 28th of* September, *Lunæ, A. M.*

" UPON reading the Address of the Representatives of this Province, to the Commander in Chief and
" Council, setting forth, their Sense of the Displeasure of the
" Almighty God for our manifold Sins, by the blasting of the
" Corn, *&c.*

" *Ordered*, That the first *Wednesday* in every Month 'til the
" Month of *June* following, be observed and kept a Fast Day;
" and that Proclamation be made throughout the whole Pro-
" vince to enjoin the strict Observation thereof; and that all
" Persons be inhibited any servile Labour on the said Days.

1. This House doth agree to the first Amendment, and hath rectified it in the Bill accordingly.

2. This House cannot agree to the second Amendment, in regard it would frustrate the equitable Design of the Bill.

And we do find there was farther due unto the Petitioners the Sum of *Forty Pounds, Three Shillings, and Seven Pence,* being the Charge of the ſaid Audite; and that there was due to the Public for the payment thereof, the Sum of *Sixty-nine Pounds, Fifteen Shillings and Six-Pence*; ſo that we humbly offer as our Report, that this Houſe ought to Addreſs the Commander in Chief and Council, and deſire them to iſſue out an Order to call the reſpective Sheriffs to an Account for ſaid Money, that it may be applied to the paying and ſatisfying the Petitioners; and if upon Inquiry it be found, that the reſpective Sheriffs have paid any of the Sums contained in the ſaid Audite, and that the ſaid Money hath been applied to any other Uſe, that we do think that ſuch Perſons as have received the ſaid Money, ought to Account to the Petitioners for the ſame.

Ordered, That the ſaid Report be ſent up to the Commander in Chief and Council, for their Approbation accordingly.

Ordered, That the Report relating to the Petition of Col. *Willett,* &c. be drawn up fair, and brought into the Houſe To-morrow Morning.

The Addreſs was as follows:

To the King *and* Queen's *Moſt Excellent Majeſties.*

YOUR Majeſties moſt faithful, humble, and obedient Subjects, your Council and the Repreſentatives for your Majeſties Province of New-York, *now met in General-Aſſembly, being deeply ſenſible of your Majeſties great Grace and Favour, in conferring the Command of this your Province upon his Excellency Colonel* Benjamin Fletcher, *your Majeſties Captain General and Governor of theſe Parts; by whoſe Conduct, Prudence, and other requiſite Abilities, we have entire Confidence and firm Belief that this your Majeſties Province will be happily governed, and your Majeſties Affairs well and faithfully adminiſtred. As alſo being heartily affected with your Majeſties princely and gracious Care, in ſending over ſuch Ammunition, Arms, and other Stores of War, fit for the Defence of your Majeſties Subjects here; do therefore, with moſt grateful Hearts for theſe your royal Benefits, tender your Majeſties our moſt humble and cordial Thanks and Acknowledgments for the ſame; and with all dutiful Submiſſion offer to your Majeſties royal Conſideration,*

That when theſe Countries were poſſeſſed by the Dutch Weſt-India *Company, they always laid Pretences (and had the moſt Part of it within their actual Juriſdiction) to all that Tract of Land (with the Iſlands adjacent) extending from the* Weſt *Side of* Connecticut River, *to the Lands lying on the* Weſt *Side of* Delaware Bay, *as a ſuitable Portion of Land for one Colony or Government; all which, including the Lands on the* Weſt *of* Delaware Bay *or* River, *were in the Duke of* York's *Grant, from his Majeſty King* Charles *the Second; whoſe Governors alſo poſſeſſed thoſe Lands on the* Weſt *Side of* Delaware Bay *or* River; *that by ſeveral Grants, as well from the Crown as from the Duke, the ſaid Province has been ſo diminiſhed, that it is now decreaſed to a very few Towns and Villages; and the number of Men fit to bear Arms in the whole Government not amounting to* 3000, *who are all reduced to great Poverty and Neceſſity. That by Reaſon of the near Situation of the neighbouring Colonies, contiguous and adjacent to* New-York, *and their being without all Government from the Crown, free from all Impoſitions, Taxes, Charges of Government whatſoever, or Contributions towards the Expence of this War, the People of this Province do forſake their Dwellings here, and ſettle in the other Colonies, whereby the Strength of this Province is enervated, its Trade decayed, Revenues leſſened, and upon all Levies of Men for the Common Defence, our Neighbours harbouring all Deſerters, we are thereby wholy bereft both of thoſe Men and that Money, which the War we are engaged in with the* French *and their* Indians, *continually requires. That the Security of* Albany *(being a Place to which the Five moſt warlike Nations of* Indians *upon this Main of* America *have always traded and had Reſort) is of ſuch Conſequence, that the Safety of* Virginia, Maryland, *and the Reſt of your Majeſties Colonies on this Main depend much upon it; that the* French *with their* Jeſuits *and other Prieſts, by Pretext of Religion, fair Words, Preſents, Threats, and all other Practices and Artifices, have long endeavoured, and ſtill do ſtrive to corrupe*

thoſe

thoſe Indians *in their Inclinations to the* Engliſh, *and to get them to Side with our Enemies, againſt us. If* Albany *ſhould be loſt (which GOD prevent) thoſe* Indians *have no Place for their Commerce and Supply of Arms, Ammunition, and Cloathing, but* Canada; *ſo that preſt by their Want they would be forced to leave us, go over to the Enemy, and turn their Arms upon the* Engliſh; *who being for the moſt Part ſettled ſingly in Plantations, would be wholly left to the Spoil of a vagrant, barbarous, and mercileſs Enemy; who by Reaſon of their Poverty, vaſt Lakes, Wilderneſs, Swamps and Inacceſſable Mountains; by an Army of Ten Thouſand Men, in many Years, can neither be extirpated nor reduced to Obedience: That the Defence of* Albany *lying wholly upon this ſmall poor Province, has ſo exhauſted it, that without your Majeſties royal Commiſeration and Relief, it will abſolutely ſink under its burthen, and its Inhabitants muſt either be ruined, or forced to leave their Habitations.*

This being the true State and Condition of this your Majeſties Province, we cannot but eſteem it our Duties, humbly to acquaint your Majeſties with the ſame, and earneſtly to pray, that your Majeſties will graciouſly be pleaſed, either by ſending us a ſufficient force and ſupplies from England, *or by your Majeſties ſpecial and direct orders, to the ſeveral adjacent Colonies to aſſiſt us in the Defence of this important Place, or by ſuch other Means as your Majeſties in your moſt princely Wiſdom, ſhall think fit to redreſs, this the diſtreſſed Province, and render us capable of defending our ſelves from our Enemies, and ſupporting your Majeſties Government and Intereſt in this Country.*

And that the Almighty God will protect your Majeſties Royal Perſons, defeat all your Enemies Deſigns, and continue Succeſs to your Majeſties Arms, both by Land and Sea; proſper all your royal Undertakings, and for ever crown you with immortal Bleſſings, is, and always will be, our conſtant Wiſhes and Prayer.

This Addreſs was ſigned by the Gentlemen of the Council, and by all the Houſe of Repreſentatives.

Ordered, That Col. *Pierſon*, Capt. *Whitehead*, Mr. *Renſſelaer*, Mr. *Weſſells* and Major *Beekman*, do wait upon his Excellency and Council, and acquaint them, that the Buſineſs of abſolute Neceſſity they had diſpatched with all poſſible Speed, that the other Matters now before them, are of ſuch a Nature that it will take a conſiderable Time before they can be brought to Perfection; we beg, it may be deferred until an other more ſuitable Time, and the Seaſon of the Year alſo requiring the Preſence of many of the Members home about their domeſtick Concerns, do pray, that they may be with all conveniency diſmiſſed.

The Report of the Committee appointed to enquire into the Cauſe, why the late Acts of Aſſembly was not executed, *&c.* was read and approved.

Ordered, That *Nine Hundred* and *Twenty-five Pounds, Two Shillings* and *Eleven-pence Farthing*, which is found the Ballance there, be applied towards the defraying the laſt Expedition to *Albany*.

Ordered, That an Addreſs be made to the Governor and Council, that his Excellency would iſſue out his Directions for the ſpeedy Collection of the Arrearages, due upon the late Acts of Aſſembly, made for the Reinforcement of *Albany*, and that after the Officers and Soldiers employed in that Service are paid, the Surpluſage amounting to *Nine Hundred* and *Twenty-five Pounds, Two Shillings* and *Eleven-pence Farthing*, may be appropriated and paid to the Perſons that advanced Money for the late Expedition to *Albany*.

Adjourned till 2 o'Clock Afternoon.

Die Jovis, 2 ho. P. M. Sept. 8, 1692.

"*Thomas Willett* and *John Lawrence*, Eſq; do attend the "Houſe of Repreſentatives this Day, to acquaint them of "the Reſolutions of this Board, concerning ſaid Bill, and "that they alſo from his Excellency and Council, recommend "to them the Care of providing for the Payment of the Ar-"rears of the former Taxes, a credit or fund for the Subſiſ-"tance of the 220 Men, and for the Payment of the Debts "of the Revenue.

per Order,
David Jamiſon, *Cl. Council.*

Ordered, That Mr. Speaker draw up a Repreſentation of what this Houſe have done for their Majeſties Service, &c.

Adjourned till To-morrow, 9 o'Clock in the Morning.

Die Veneris, 9 ho. A. M. Septem. 9, 1692.

THE Addreſs to his Excellency, brought in by Mr. Speaker, was read, and approved, and ordered to be engroſſed; and that Capt. *Whitehead*, Capt. *Stilwell* and Capt. *Howell*, do wait upon his Excellency and Council, and carry it up, which was as followeth, *viz.*

To his Excellency and Council.

The humble Addreſs of the Houſe of Repreſentatives convened in General Aſſembly.

THE Repreſentatives being ſenſible of the great Inconveniency, that hath happened to the Government, through the Neglect that hath been in the Collecting and Paying the Levies lately made for the Reinforcing of the Frontiers of this Province at *Albany*, whereby the Reputation of the Government hath ſuffered, and thoſe Subjects employed in that Service much diſcouraged, do therefore think it needful, and humbly pray; that his Excellency would forthwith, iſſue out his Warrants, to the reſpective Juſtices of each reſpective County, to pay unto their Majeſties Receiver General, all the Arreages of the Levies, appointed as aforeſaid, at a certain Day, which his Excellency ſhall appoint, and upon Default thereof to cauſe Execution with the utmoſt Severities of all the Penalties, appointed by the reſpective Acts of Aſſembly.

Ordered, That three Perſons *ut Supra*, carry up this Addreſs, and do alſo acquaint his Excellency and Council, That upon the Report of a Committee of this Houſe, appointed to examine the Arrearages of the Levies, the Defects that have been therein, and the incidental Charges thereof; they do find when the Arrearages are duly paid to their Majeſties Receiver General, there will be (after the Officers and Soldiers are paid, that have been effectually employed in the Reinforcement of *Albany*, and the incident Charges thereof, a ſurpluſage of *Nine Hundred* and *Twenty-five Pounds, Two Shillings* and *Eleven Pence Farthing*, which this Houſe humbly prays, may be appropriated and paid to ſuch Perſons as have advanced Money, for the defraying the Charge of the late Expedition to *Albany*.

That there will not be Occaſion for the raiſing a Credit or Fund, for the Subſiſting the 220 Men, in regard there is already, the Credit of the whole Province engaged for it by the Act, which if duly executed, as we do not in the leaſt doubt, being now under his Excellency's Care, will ſufficiently anſwer any Perſon or Perſons that does undertake the Subſiſting of the 220 Men aforeſaid.

Upon reading a Meſſage, brought by Col. *Willet* and Mr. *Lawrence*, from his Excellency and Council, it is ordered, That Major *Merret* and Capt. *Cortlandt*, do wait upon the Governor and Council, and acquaint them, that this Houſe, purſuant to his Excellency's Directions, had taken effectual Care that the Arrearages of the Levies, ſhould be forthwith collected, which doth amount to the Sum of *Three Thouſand three Hundred* and *Twenty-four Pounds*, and that they had alſo ordered a Tax to be levied, for the Reinforcement and Security of *Albany*, which with the Charge of the County of *Ulſter*, does amount to *Three Thouſand two Hundred* and *Sixty Pounds*; both which Sums in the whole amount to the Sum of *Six Thouſand, ſix Hundred* and *Thirty-four Pounds*, the Arrearages in probability muſt be paid in a Month, and the Reſidue by the Firſt of *April* next, which is thought to be as great a burden as the Inhabitants at this Juncture are well able to bear, ſo are not capable at this Time, to make any more Levies for the defraying the other Debts, of the Government; it is thought that if there were an additional Duty now eſtabliſhed upon Trade, that the Seaſon of the Winter being ſo near, that it would frighten away the few Veſſels we do expect, and thereby leſſen the Revenue rather than advance it; but that in due Time the Debts of the Governmet may be duly paid, we humbly pray the Governor and Council, that they would appoint Auditors to inſpect the proper and juſt Debts of the Government, and make a true and perfect State thereof, that in the next Aſſembly, there may be a Fund eſtabliſhed for the Payment of them; and that there be a Computation of the neceſſary Charge of the Government likewiſe ſtated, that the certain Incomes of the Revenue may not for the Future be exhauſted; and alſo, that there may be a certain Method, fot the equal and proportionable Aſſeſſing of Subſidies; we do pray, that his Excellency would appoint Commiſſioners

Commissioners in each respective County, for the making an Estimate of their Estates, that for the future there may not be such Uncertainties; and this House is further of Opinion, that we being now under a regular Settlement by their Majesties Authority to his Excellency.

Col. *Willet* brought down from the Governor and Council, three Bills, *viz.*

The Bill for raising and paying of 220 Men, *&c.*

The Bill for raising 80 Men in *Ulster* and *Dutchess* County.

And the Bill to restrain and punish Privateers and Pyrates.

UPON reading the Amendments ſent down in the Bill, for the ſatisfying and paying the Debts of the Government, the Houſe cannot agree unto the ſaid Amendments, for the Intent of the Bill is, that all who are the preſent Creditors to the Government, ſhould be paid at the Times and in equal Proportions, as is mentioned in the Bill, without reſpect to ſuch Monies, as was lately raiſed upon Bond; the Committee of the Council, and this Houſe having agreed, that there would be a ſurpluſage upon the Subſidue Bills, ſufficient for the diſcharge thereof.

MR. *Butler* brought in the Report of the Committee of this Houſe, joined with the Committee of the Council, to confer upon a Conferrence to their Propoſals ſent down, which was read, and is approved, and is as followeth.

At a Meeting of the Committee of Council and Repreſentatives in *New-York*, the 10th of *November* 1692.

PRESENT,

Col. Bayard, Col. Smith, Chidly Brook, Eſq; } of the Council.

Mr. Butler, Mr. Van Schaick, Mr. Cortlandt, Mr. Garton, Mr. Whitehead, Mr. Robinson. } of the Repreſentatives.

Colonel *SMITH.*

Gentlemen,

THE firſt Point we are to confer of, is the Continuation of the Revenue, eſtabliſhed upon their Majeſties for at leaſt five Years, which in your Bill you have limitted to Two.

Will it not ſeem remarkable, that notwithſtanding their preſent Majeſties are of our own Religion, have wrought for us and the Proteſtant Religion in general, ſo great a Deliverance, the great Care they have taken and the Charge they have been at in protecting of the Government, by their Ships of War, and otherwiſe their Maintenance of the two Companies in Garriſon, hereby their Coffers in *England*, formerly maintained at the Charge of the Province, and the Ordinance and great Quantities of Ammunition and Stores ſent hither, at their great Charge and Expence for the Benefit of this Province, nevertheleſs, though the like Revenue was formerly given to King *James* for Life, you do now limit the ſame to two Years.

Mr. *BUTLER.*

May it pleaſe your Honours,

WE are not wanting in our Duty to their Majeſties, nor do we intend any Abridgment to their Majeſties Revenue, but on the contrary we have Regard to the heavy Burthen and great Poverty of the People of this Province, who are ready to ſink under it; you are Eye-Witneſſes hereof; conſider the Circumſtances of our Neighbours on both Sides, who are without Government, free of all Taxes, all Duties, Services, and have got both our Trade and Inhabitants; our Houſe is full of the daily Complaints of Merchants, who are threatning to follow the Reſt, if Trade ſhall be ſo clogged, whilſt our Neighbours go free. We had it under Conſideration to have found out another Method for ſettling a Revenue upon their Majeſties, and to have eaſed the Merchant and Trader; but we are in hopes daily of having theſe neighbouring Colonies of *Connecticut*, the *Jerſies*, *Pennſylvania* and *New-Caſtle*, annexed to us, as formerly; which Hope is our greateſt Support. And we find it needful to encourage the few Traders that are amongſt us, with the Expectation of having the Trade of this Province ſhortly eaſed of theſe Burthens, or our Neighbours to bear an equal Share with us.

Colonel *SMITH.*

Gentlemen,

THE next Thing to be conſidered, is the Trade betwixt this and *Boſton*:--They draw away our Staple Commodities of Flour, which we have tranſported to the Weſt-Indies, to the great Injury of the Trade and Navigation of this Province: Will it not be convenient to clog that Trade, by laying *One Shilling* upon every 100 *lb.* of Flour, to ſtop their tranſporting of our Produce to the Weſt-Indies?

Mr. *BUTLER.*

May it pleaſe your Honours,

THE Reaſon of that Trade, was chiefly their Want of Bread for Conſumption at *Boſton*; and it was a Profit to us, to our certain Knowledge. Wheat, at *Boſton*, was then 5*s.* a Buſhel, when ſold here for 3*s.* 6*d.* which is Demonſtration enough, that they could not ſpoil our Markets in the Weſt Indies.

Colonel *SMITH.*

Gentlemen,

THE laſt Thing we propoſe is, That 5 *per Cent.* be laid upon all European Goods imported into this Province from the neighbouring Plantations, as a Mean between 10 *per Cent.* formerly laid (to ſtop that Trade wholly) and nothing whereby this indirect Trade will be ſufficiently clogged, but ſo that upon Occaſion we may be ſupplied with ſuch Things as they may have whilſt we want them.

M. *BUTLER.*

May it pleaſe your Honours,

WE have this, or ſomething to that Purpoſe, under Conſideration, for the Payment of the Debts of the Government, which in convenient Time will come before you.

Ordered, That Mr. *Butler* Mr. *Pell*, Mr. *Garton*, Captain *Whitehead*, Mr. *Cortlandt*, and Mr. *Robinſon*, do wait upon his Excellency and Council, and acquaint them, That this Houſe

Houſe having diſpatched all Buſineſs that was recommended to them for their Majeſties Service, do now, in the Behalf of all the Inhabitants and Traders to and from this Province, moſt humbly deſire his Excellency and Council, that there may be a Regulation of Fees eſtabliſhed throughout the Province; and that a Committee of the Council may be forthwith appointed, to join with a Committee of this Houſe, for that Purpoſe; the further Delay thereof being ſo great an Oppreſſion, that this Houſe cannot give Satisfaction to the Subject without it.

A Bill brought down by *John Lawrence*, Eſq; from the upper Houſe, for the eſtabliſhing and confirming of the Rule and Orders of their Majeſties Weigh-Houſe, and read, and committed to a Committee of the whole Houſe.

A Meſſage brought down by *John Lawrence*, Eſq; as follows, *viz.**

Ordered,

Upon which, Mr. Speaker left the Chair, and with the Houſe went to the *Fort*, where with his Excellency and Council, *&c.* they all went to the State-Houſe, and proclaimed theſe 7 Acts following, *viz.*

A Liſt of the Acts proclaimed this Seſſion of Aſſembly, *viz.*

1. *An Act for eſtabliſhing Courts of Judicature, for the Eaſe and Benefit of each reſpective City, Town, and County within the Province.*
2. *An Act for ſettling of Fairs and Markets in each reſpective City and County throughout the Province.*

And after waiting upon his Excellency to the *Fort* again, returned to the Houſe; and Mr. Speaker reports, That the Governor was pleaſed to deſire us to go and conſult amongſt ourſelves, what would be the ſuitableſt Time for an Adjournment; and the Houſe are of Opinion, that ſome Time in *March* will be a ſuitable Time for an Adjournment.

Ordered, That Mr. *Robinſon* and Mr. *Tuthill* do wait upon his Excellency and Council, and acquaint them, That this Houſe are of Opinion, that ſome Time in *March* next will be a ſuitable Time for an Adjournment; and pray his Excellency will be pleaſed accordingly.

Die Martis, 2 *ho. P. M. October* 16, 1694.

UPON the Conſideration of the Amendments to the Bill, for raiſing and paying 80 Men, *&c.* ſent down this Morning from the Governor and Council, this Houſe having fully and deliberately debated the ſame, do find, that the Scarcity of Men, and the Poverty of the People is ſuch, that they cannot conſent to the ſaid Amendments, therefore deſires that the Bill may paſs as it was firſt ſent up to his Excellency and Council.

Ordered, That Capt. *Garton* and Mr. *Van Ecklen*, do carry up this Bill, with the Conſiderations of this Houſe annexed thereunto.

Ordered, That their Majeſties Attorney General, do bring in a Bill, for the Regulating of all Weights and Meaſures throughout this Province; and againſt all Monopolizing, Foreſtalling and engroſſing.

Adjourned till 8 o'Clock To-morrow Morning.

Die Mercurij, 8 *ho. A. M. October* 17, 1694.

UPON the further Conſideration of the Remonſtrance delivered into the Houſe by *Peter Clark*, this Houſe finding the ſaid Remonſtrance being only a blank Copy, without the Atteſtation of any Juſtice of the Peace, that it was a true Copy from any Original, or any authentic Authority to aſcertain the ſame; do reject it, and throw it out of the Houſe.

A Meſſage by Mr. *Jamiſon*, Clerk of the Council, with a Bill for enabling *Iſaac Lanſen*, to erect or ſet up a Mill for grinding and making Linſeed Oil, aſſented unto by his Excellency and Council, *&c.* as alſo commanded the Attendance of this Houſe, upon his Excellency and Council, immediately at the Council Chamber; upon which Mr. Speaker left the Chair; and went with the Houſe, to the Fort accordingly.

Mr. Speaker returned, reſumed the Chair, and reports to the Houſe, the Heads of what his Excellency was pleaſed to ſay; and that as ſoon as the Paper was copied, that was read to the Houſe in the Council Chamber, it ſhould be ſent down, in order to be entered into the Journal of this Houſe.

Mr. *Jamiſon* brought down the Copy of the ſaid Paper, read to the Houſe in the Council Chamber, and alſo did inform the Houſe, that his Excellency and Council, did unanimouſly reject the Bill for the Raiſing and Paying the 80 Men.

The ſaid Paper was deliberately read to the Houſe, and ordered to be entered into the Journal of this Houſe, as by his Excellency requeſted; its Contents is as followeth, *viz.*

The Copy of the Paper read to the Houſe in the Council Chamber, *October* 17, 1694.

Mr. Speaker, and you Gentlemen, the Repreſentatives of this Province;

THE *Meſſage you ſent me on Saturday laſt, cannot be allowed an Anſwer to what I have propoſed to you for the Safety of this Province: It bears a very unſuitable Return to the Favour their Majeſties have graciouſly caſt upon us, at this Time, when there are ſo many weighty Affairs in Hand, and their Expences ſo great. I did always look upon the Detachments to be a heavy Burthen, more grievous than the Taxes; it depopulates the Country. To lighten this Weight, or remove it if poſſible, I have, with an humble Vigour repreſented your Caſe to their Majeſties, for Aſſiſtance from the neighbouring Colonies, and received their gracious Letters and Commands to that End; and purſuant to them, I have wrote Letter after Letter to the reſpective Governors, but the Succeſs has not anſwered my Endeavours: Only the Jerſies have generouſly complied, and ſent us both Men and Money. Being defeated in my Hopes and Expectation of Supplies from the adjacent Provinces, I then applied myſelf to their Majeſties, not only for Arms and Stores of War, but Men to compleat thoſe two Companies, and to make a ſtanding Force of* 400 *Men, for the Security of this Province; and to eaſe them of their Preſſure, Detachments, to which Application their Majeſties were pleaſed to condeſcend, notwithſtanding the vaſt Charges they are at, in managing their Fleet and Army. Their Majeſties Pay is but* 8d. *per Day, this Country Money. So much* Engliſh, *in* England, Ireland, *or* Flanders, *enables a private Soldier to live better, as to Meat, Drink and Cloaths, than twice that Sum will do in this Province; and I am taught by Experience, that thoſe Men now upon the Way to our Relief, can never be kept together for that Pay: They will be told ſo ſoon as they land, that in ſeven Year's Service, there is no Money for them, not ſo much as to buy Shoes, Stockings and Shirts. How can they paſs upon Duty, without theſe Conveniencies? Or, judge how can they live, if* 2d. *Sterling is ſtoped from them in the Pay-Office?* Five Pence half-penny, *for Proviſions here, what remains, is quickly ſum'd up. I did therefore propoſe, that you would conſider to advance* 4d. *a Day for their Encouragement, and a ſuitable Fund to defray the Incidents of Bedding, Barracks, Tranſportation, Hoſpital Fire, Candles,* &c. *Or, if it be more agreeable to your Thoughts to follow the good Example of* Barbados, Antigua, Nevis, &c. *who, in Gratitude to their Majeſties Favour and Kindneſs, have raiſed a Sum to defray all the Quarters of both Officers and Soldiers ſent to their Relief, though the Money there is more valuable than ours conſiderably. I have ſhewn Mr. Speaker their Majeſties Eſtabliſhment for theſe Men, and am well aſſured, they are now on the Way. I cannot eaſily, and on a ſudden, apply myſelf to their Majeſties for freſh Succours; nor know how to excuſe your Ingratitude. If after all my Endeavours for your Safety, and to eaſe you from Detachments, which you ſay are ſo grievous, you will fruſtrate what has coſt ſo much Pains to bring to this fair Iſſue; if the Province ſuffer for your Neglect, Willfulneſs, or Stubbornneſs, I ſhall waſh my Hands clean from all the evil Conſequences: And, to conclude, you muſt allow, I am their Majeſties Captain General, by the ſame Power as you are called to act as an Aſſembly; and as I have been tender of your Privileges, ſo I ſhall endeavour to preſerve my own. Since you take no Notice of my former Propoſal, I muſt tell you once more, I cannot leſſen the Number of one Hundred Men, added to theſe already there; there being the ſame Reaſons for it, as we had the laſt Year: The Enemy is ſtronger, we ought not to weaken our own Hands. If you open the Gates to the Enemy, I will put no Hand of mine to ſo vile a Work; and therefore deſire you will raiſe* 12d. *per Day for the* 100 *Men, and to make up the Pay of thoſe already there, to be* 12d. *from this Time forward, without which they cannot ſubſiſt.*

Adjoured till 2 o'Clock Afternoon.

Die Mercurij, 2 *ho. P. M. October* 17, 1694.

Ordered,

THAT Mr. *De Lanoy*, Major *Pell*, Major *Howell*, Capt. *Filkin*, Capt. *Whitehead* and Capt. *Garton*, be a Committee, to conſider upon the Paper ſent down by his Excellency and Council; the Copy of what was read to the Houſe in the Council Chamber, and to bring in their Report, To-morrow Morning by 8 o'Clock.

Adjourned till To-morrow Morning 8 o'Clock.

Die Jovis, 8 *ho. A. M. October* 18, 1694.

THE Report of the Committee aboveſaid, as an Anſwer of the Paper read to the Houſe in the Council Chamber brought into the Houſe, and read, as followeth, *viz.*

The Houſe does approve of the ſaid Report, as it is below inſerted, as an Anſwer to the Paper, read unto them in the Council Chamber, and ſent down to the Houſe.

Ordered, That Capt. *Whitehead* and Mr. *Blackwell*, do wait upon his Excellency and Council, and carry up this Anſwer of the Houſe to the ſaid Paper.

The Committee do give for Report, that the following Anſwer could be given to his Excellency's Paper read to the Houſe in Council, as, *viz.*

The Houſe do ſay, that they are ſenſible of their Majeſties great Favours to this Province, and in all Thankfulneſs, do humbly acknowledge the ſame, and did ſend that Meſſage to be eaſed from the Detachments, which are very burthenſome to them, more than the Taxes.

The Houſe do return humble Thanks to his Excellency for his Vigour, in repreſenting our Caſe to their Majeſties, for Aſſiſtance from the neighbouring Colonies, altho' they had not that Effect as was expected, and alſo for his Procurement of Ammunition and Men, from their Majeſties for the Security of this Province.

The Houſe do ſay, that the Soldiers Allowance of 8d per *Day, for their Pay is uſual, and they being ſent by their Majeſties great Favour, to clear this Province from further Burthens, therefore, hope their Poverty conſidered, no ſuch burthens,* de novo, *will be expected, and as they deſire to be far from Ingratitude, alſo much more from fruſtrating that Matter from a fair Iſſue, being of Opinion, that the ſaid Soldiers may live by their Majeſties Allowance, as formerly others have done.*

The Houſe takes Notice, that they are taxed with Neglect, Wilfulneſs and Stubborneſs, although from Time to Time, they have granted, ſince Governor Sloughter's *Arrival, near Seventeen Thouſand Pounds, beſides the like Sum, and may be more by the Revenue and Additional Duty, for Supplies, which is as much as they could, according to their Abilities, and in a great Meaſure*

more

more than the adjacent Colonies have done, who by our Cost and Charge have been preserved, as well as this Province.

The House do say, about the 100 Men at 12d. per Day, now required to be raised, that Part of Albany was generally formerly preserved by Detachments at 8d. per Day, and that most of the Men that are there are hired Men, who ought to perform their respective Agreements, having had good Encouragement for the same, and much more the new Men to be raised, who are to be there but half the Time of the former Detachment.

The House is so far from opening the Gates to the Enemy, that they are wholly inclinable to strengthen this Province, and to see the Enemy repulsed, according to their Abilities, in which they shall continue, and are willing to come under the Detachments, of One Hundred Men, and their usual Allowance of 8d. per Day.

Peter De Lanoy, *Chairman.*

The Copy of His Excellency's Speech, *viz.*

Mr. Speaker, and you Gentlemen of the Assembly,

I Have often affirmed an undisputable Truth, that my coming to this Government was in Obedience to their Majesties Commands, not my own choice or seeking; nevertheless, since my Arrival I have with all possible Address applied myself to effect the Safety, Liberty, Concord and Ease in all Respects of their Majesties Subjects under my Direction.

The Burden of Detachments has been almost unsupportably heavy and grievous; this I have endeavoured to lighten by Supplies from England, *in which their Majesties have been graciously pleased to favour my humble desires; and that the full Compliment is not yet come, must be attributed to that Providence which all Mankind ought with Humility to submit to, and not in the least to Want of their Majesties gracious Condescention to my solicitous and repeated Request in Behalf of this Province; nor to the defects of any fit Application on my Part, to attain the desired End.*

In Disposal of the Money raised by Act of Assembly for the Defence of the Frontiers, I have used an unprecedented Caution, Plainess and Integrity; not fingering any Farthing myself; disposing of none but by Advice and Consent of the Council; and exposing to your View and Examination not only the most minute Accounts of the Disbursments, but the Musters also; which Office of Muster Master is executed by a Member of your House, so that nothing is hid from you.

If this my Care, Diligence and Openness had met with a suitable Reception and Confidence, I have not the least Doubt but this Colony had found the Security and Ease I intended, and so earnestly endeavoured. I am sorry to justify myself by a Necessity imposed on me of charging whatever is deficient on the Willfulness or Neglect of others.

I will not enlarge, especially on any Thing which may seem Harsh, tho' accompanied with never so much Truth.

The chief Matters you are called together for, are two; the first is the Defence of the Frontiers, and our Indians; you cannot be ignorant that Money is wanting to pay those Garrisons Albany, Schenectady; *other Places must be fortified upon this nearer Approach of the* French *to* Quadaraque: *I lay before you the last Accounts from those Parts; if there be not a speedy Care taken for Relief and Assistance to these* Indians, *their Loss will prove ours.*

The

The other Matter fit for your Conſideration is, the Debts of the Government; occaſioned by the many unforeſeen Occurrences and Accidents in this Time of War.

I hope, as I have not been wanting in all Points of good Huſbandry, ſo you will do your Duty in enabling their Majeſties to preſerve their Rights, and the Lives and Properties of their Subjects in theſe Parts; and that they who have given Faith to the Credit of the Government upon all its Emergencies, may be juſtly and ſpeedily paid. Theſe I earneſtly recommend to you; and that you will give ſuch Diſpatch to theſe urgent Affairs, as their abſolute Neceſſity and the Seaſon of the Year requires.

Adjourned till Monday Morning, 8 o'Clock.

Die Lunæ, 8 ho. A. M. March 25, 1695.

A Message from his Excellency the Governor to this House, by Colonel *Smith* and *William Nicolls*, Esqrs, as follows, *viz.* and was read to the House.

April 2, 1695.

Gentlemen,

I Have acquainted this House of the Necessity and Urgency of a present Supply for the Defence of the Frontiers; which has not met with that Consideration the Weight of the Affair requires, and the Season presses.

In am as solicitous for the Ease and Prosperity of this Province, as any particular Member, or the whole Assembly can be: I know its Strength and Capacity, and what contributes to its Weakness and Grief.

I shall be always ready to expose my Life for its Safety and Preservation; therefore I think it my Duty to put you in Mind, that a Supply for Guard of the Frontiers, is of far greater Moment and Consequence than any other Matter the House can have under their Thoughts, and merits your utmost Care and Diligence.

I desire to know what I may expect, that if Money cannot be raised to supply and Pay those Men I have or shall procure without Detachments, I may proceed to draw such Officers and Men out of the Militia of this Province, as may answer the End of my Desire, the Prosperity and Security of their Majesties Subjects under my Care.

per Order,
David Jamison, *Cl. Co.*

Upon the Consideration of the said Message, *ordered*, That the House resolves themselves into a grand Committee of the whole House, to consider upon the same. Whereupon Mr. Speaker left the Chair accordingly.

Mr. Speaker resumed the Chair, and the grand Committee reports as followeth, *viz.*

The grand Committee of the whole House having deliberately debated the Message sent down by his Excellency, wherein they find his Excellency desires to know what he may expect, that if Money cannot be raised to subsist and pay those Men his Excellency hath or shall procure without Detachments.

Major *Howell*, Chairman of the said Committee, does report, (that whereas his Excellency has been pleased to intimate in the said Message, that this Province shall be freed from that grievous and heavy Burthen of Detachments) that the House may proceed to the raising of Supplies (which, with the other Surplusages of the two last Taxes) may be sufficient for the Security of the Frontiers of this Province at *Albany*, being freed from Detachments.

Signed,
Matthew Howell, Chairman.

The House doth approve of said Report.

Adjoured till 2 o'Clock Afternoon.

Die Martis, 2 *ho. P. M. April* 2, 1695.

"*Gentlemen*,

"IN answer to your Address, sent to me Yesterday, whereby "you desire to be adjourned until such Time as you can "have

" have the Peruſal of the Muſter Rolls. I have this Morning " thought fit to lay it before the Gentlemen of the Council; " who are all of Opinion, that ſuch an Adjournment is im- " proper; and that the Peruſal of the Muſter Rolls cannot " affect your Proceedings to the raiſing of Supplies now want- " ing for the Defence of the Frontiers the enſuing Year; and " foraſmuch as that Time for Relief of the Fuzileers draws " near, I again deſire you will proceed to the raiſing Supplies " without further Delay."

per Order,
David Jamiſon, *Cl. Co.*

Upon the Conſideration of the ſaid Meſſage,

Reſolved, That there be raiſed and levied within this Province the Sum of *One Thouſand Pounds*, current Money of this Province, to be added to the Surpluſages of the two laſt Taxes, for the Supply for the Reinforcement and the Security of the Frontiers of this Province at *Albany*, for Six Months, from the firſt Day of *May* next, until the firſt Day of *November* following; Provided this Province may be freed from the grievous Burthen of Detachments. And that the ſaid Sum of *One Thouſand Pounds*, be levied and paid unto their Majeſties Collector and Receiver General, at or upon the firſt Day of *October* next, in Proportions as follows, *viz.*

Ulſter and *Dutcheſs* County, *Eighty-eight Pounds Fourteen Shillings.*

And *Orange* County, *Five Pounds Eight Shillings.*

Ordered, That their Majeſties Attorney General do bring in a Bill accordingly.

Die Mercurij, 8 *ho. A. M. April* 3, 1695.

THEIR Majeſties Attorney General came into the Houſe, and brought with him the Order of this Houſe to him, for the bringing in a Bill, *&c.* deſiring to be further informed the meaning of this Houſe about two Clauſes in the ſaid Order, *viz.* Of the Surpluſages of the two laſt Taxes, and about being freed from Detachments.

The Houſe took into Conſideration the further Debate upon the ſaid two Heads or Clauſes; and ſay, that for Want of the Muſter Rolls they cannot come to a juſt Computation of the Surpluſages, what it will be; but do ſay, That to the ſaid Surpluſages, either more or leſs, they do add *One Thouſand Pounds*, for the preſent Supply, for the Security of the Frontiers of this Province at *Albany*; provided this Province can be freed from Detachments for the ſtanding Guard, now to be ſent up for the Security of the Frontiers at *Albany*.

Ordered, That the Conſideration of this Houſe be ſent up to the Attorney General, with the former Order, to draw up and bring in a Bill accordingly.

Major *Rutſen* addreſſed the Houſe for Leave to go about his extraordinary Occaſion; and had Leave accordingly.

Adjourned till 2 o'Clock Afternoon.

Die Mercurij, 2 *ho. P. M. April* 3, 1695.

UPON the Conſideration of the Continuance of the Act for the defraying the Charge of the City and County of *Albany*; the Queſtion was put to the Houſe, Whether the ſaid Act ſhall be continued one Year longer, or not? It was carried in the Negative.

Captain *Filkin* brought in a Bill, entitled, *A Bill for exempting* Newtown, *in* Queen's *County, on the Iſland of* Naſſau, *out of the Pains, Penalties, Forfeitures and Demands, in an Act made the* 12*th Day of* September, 1693, *entitled, An Act for ſettling a Miniſtry, and raiſing a Maintainance for them in the City of* New-York, *&c.*

Ditto Bill read the firſt Time, and ordered a ſecond reading.

A Meſſage from his Excellency in Council, by Colonel *Monvile* and Judge *Pinhorn*, read to the Houſe by Judge *Pinhorn*, as followeth, *viz.*

A Meſſage from his Excellency in Council to the Aſſembly, the 3d of *April*, 1695.

Gentlemen,

I *Have peruſed the Votes of your Houſe Yeſterday; and to prevent Miſtakes and Loſs of Time, muſt recommend to you, that whatever publick Monies are raiſed is immediately as ſuch inveſted in their Majeſties; and may not be otherwiſe diſpoſed of, nor in other Manner than their Majeſties Letters patent direct.*

The Surpluſages of the Taxes are wholly uncertain, they being not received, there always are Inſolvencies 'til the Officers and Men are paid, and Incidents defrayed, (which ever prove more than is expected) no reaſonable Gueſs can be made what it will amount to, nor by probable Computation can I think there will be any, but on the contrary a Want of Money; however, if there be a Surpluſage, I do promiſe and aſſure you, every Part of it ſhall be applied to the Uſe it is raiſed for, and no other.

I heartily wiſh, and ſhall conſtantly endeavour to eaſe this Province in every Thing that is Prejudical or Burthenſome to it; but cannot think a Thouſand Pounds ſufficient for the Service.

The Charge of the Defence of the Frontiers for this laſt Year, will be upwards of Four Thouſand Pounds, *and the Inhabitants were detached. Upon Enquiry made, I do not find the Taxes have at any Time been nigh ſo grievous as the Detachments.*

I therefore judge the Province being eaſed from that Burthen might frankly give Four Thouſand Pounds *this Year, it being wholly for its own Preſervation and Defence, and to no other End.*

per Order,
David Jamiſon, Cl. Co.

Upon the Conſideration of the ſaid Meſſage, the Houſe do unanimouſly concur with his Excellency, that the Surpluſages of the Taxes are wholly uncertain; but inaſmuch as this Houſe was informed the laſt *September* by the Muſter Maſter, that there were ſhort of the Number of Men at *Albany* 48 Men, and divers Men more ſince that Time having deſerted, the Houſe muſt believe that a conſiderable Surpluſage muſt remain; which, with the *One Thouſand Pounds* reſolved by this Houſe to be raiſed and levied, may be ſufficient to ſupply for the Reinforcement of the Frontiers at *Albany* for ſix Months; this Houſe hoping that before the Termination of the ſaid ſix Months, their Majeſties other Forces may arrive here, who are now daily expected, with Orders for Aſſiſtance from the neighbouring Colonies.

Adjourned 'til 8 o'Clock To-morrow Morning.

Die Jovis, 8 *ho. A. M. April* 4, 1695.

THE Report of the Committee aboveſaid, brought in, and read as followeth, *viz.*

A Bill for a Supply, to defend the Frontiers at *Albany*, for ſix Months; whereas their moſt excellent Majeſties, have favoured this Province by granting Supplies, eſpecially for the Defence of the Frontiers of *Albany* (which is thankfully acknowledged) Part being already arrived, and daily more expected; the Repreſentatives convened in General Aſſembly, upon Conſideration of the Premiſſes, for further Supplies to defend the Frontiers, do give and grant *One Thouſand Pounds*, Current Money of *New-York*, together with the Surpluſage, that are or ſhall be by Want of the Number of Men, and of the two laſt Taxes already levied, to be employed for the Security of ſaid Frontiers, from the firſt Day of *May* next, until the firſt Day of *November*, then next following, and do pray, *&c.*

PRESENT,

His Excellency Benjamin Fletcher, *&c.*

HIS Excellency and Council finding the Aſſembly, to inſiſt ſo much upon the Surpluſages of the laſt Years Taxes, which with an Addition of One Thouſand Pounds, *they would have employed, for the Security of the Frontiers the next half Year, did appoint a Committee Yeſterday, to compute by the Muſter Rolls of this Year, what this Surpluſage is, who this Morning, gave in their Report to his Excellency; whereby, upon a ſtrict Examination of all the Muſter Rolls, and the neceſſary Charges and Diſburſements ariſing upon the ſaid Tax, they do find, that when the whole Taxes are come in, and diſburſed to the proper Uſes, there will be wanting, the Sum of* One Thouſand *and* Twenty-three Pounds, Three Shillings *and* Ten-pence Three-farthings; *to pay of the Forces upon the Frontiers, and the Incidents, the Firſt of* May *next.*

Ordered, *The Clerk of the Council, do deliver a Copy of this Minute to the Aſſembly, and deſire Mr. Speaker, to appoint a Committee of the Houſe to meet accordingly.*

per Order,

Adjourned 'til Monday Morning, 9 o'Clock.

Die Lunæ, 9 *ho. A. M. April* 8, 1695.

THE Houſe does approve of the Report aboveſaid, brought in on *Saturday* laſt; and gives theſe following Reaſons for their ſame Approbation, *viz.*

"The Houſe of Repreſentatives for the Province of *New-York*, having debated on his Excellency's Speech and Meſſages to the Houſe, about Supplies to defend the Frontiers at *Albany*, that *Four Thouſand Pounds* may be granted for the next Year, do order, that the Opinion of the Houſe may be entered in the Minutes, which they give for their Votes and Reſolves, being as followeth, *viz.*

"That *Seventeen Thouſand and Twenty Pounds* Taxes, current Money of *New-York*, raiſed in the ſaid Province by ſeveral Acts of General Aſſembly, in four Years to the firſt of *May*, 1695, for Defence of ſaid Frontiers, have been and are more than ſufficient Supplies to pay and maintain the Men raiſed by Virtue of ſaid Acts and Eſtabliſhments agreed to by ſaid Aſſemblies.

"That the City of *Albany* hath been at the Charge for Fire Wood, Candle, and Houſe Rent, for Accommodation of the ſaid Men; beſides the Aſſiſtance of *Ulſter*, of Men at their Charge.

"That a ſufficient Sum for incident Charges is allowed in the Eſtabliſhments and Calculations when any Act was made for ſaid Supplies.

"That in that Nature there cannot be any Want of Money at preſent when all is received for to Pay the ſaid Men; yea, in Caſe the whole Number of Men allowed ſhould always have been there.

"That the compleat Number of Men during the appointed Time have not been there, but ſeveral wanting (by Information of the Muſter Maſter) one of the Members of the Houſe; and by Examination of the Muſter Rolls, *Anno* 1693, which only the Houſe had the Peruſal of, altho' with ſome Defect, the Muſter Maſter having been ſent in ſaid Year for ſome Time to the *Mohawk*'s Country; of the other Years a Muſter Maſter not being appointed, no Rolls of the Captains were produced for Examination.

"That by Conſequence there remains Surpluſages of ſaid Taxes, as ſaid Examinations made appear, when *Eight Hundred Pounds* was aſſented to for Pay towards One Hundred and Seventy Men allowed to be raiſed laſt Year in the Spring; which made a Ballance of Accounts, no Arrears being then demanded.

"That the Houſe therefore having maturely conſidered the Premiſſes, cannot concur with the Committee of the Council in Opinion to be ſatisfied, and to condeſcend to the Accounts ſtated by them by his Excellency's Order; by which they do charge the Province, after all Arrears of Taxes ſhall be paid, above *Thirteen Hundred Pounds.*

"That ſaid Accounts are not agreeable to the Acts of the General Aſſembly, nor to the Eſtabliſhments agreed to, and are not full Accounts, but Ballances of former Arrears, with uncertain Calculations of incident Charges.

"That the Accounts of the Receiver General (of which the Houſe have had a View) are not queſtioned, and are ſufficient to diſcharge him, being paid by Order of his Excellency and Council, whereof he had the Vouchers; but are not to ſatisfy the Houſe, who did expect the Diſcharge of ſaid *Seventeen Thouſand and Twenty Pounds* Taxes, by an Account of Men that had been effectually at ſaid Frontiers, according to true Muſters, and a particular Account of incident Charges, to remove all Obſcurity, and to give full Satisfaction.

"That their Majeſties have already ſent ſome Supplies from *England*, to compleat two Companies, each of One Hundred Men, and two Companies more are daily expected; and therefore no Occaſion at this Juncture of Time to provide Supplies for Twelve Months, the Houſe expecting Relief by them; and do continue in their Opinion, that Six Months is enough; at the Expiration of which, further may be conſidered.

"That One Thouſand Pounds, with the Surpluſages of the two laſt Taxes, of which the Houſe takes Notice only of other Accounts of Taxes, or any Arrears upon them, being out of Doors, and ballanced by the Act to raiſe 170 Men, as aforeſaid; there being no Expectation that any further Accounts ſhall be given of other Taxes, in Conſideration of the Premiſſes, may ſerve for Supplies, during ſix Months, to pay the Men which are there, or ſhall be procured without Detachments.

"That this Province, if poſſible, ſhould be excuſed from Detachments, which hath been all along ſo grievous to them, when other Colonies have eſcaped, who are under the ſame Circumſtances of Danger with us, equally under his Excellency's Commands in the Militia, by untimely Pretences and vain Scruples, and what ſmall Aſſiſtance we have had of them and other adjacent Colonies, is evident, they having but *Two Thouſand, Four Hundred Pounds*, or thereabouts paid in here during this four Years; by which our Taxes are not one Penny deminiſhed, but diſcounted and employed towards other Incidents of the Province, where this Province hath paid, *Seventeen Thouſand* and *Twenty Pounds*, beſides great Cuſtoms and Duties, of which they are clear."

A Meſſage from his Excellency *Benjamin Fletcher*, to the Aſſembly, the 9th of *April*, 1695.

Gentlemen,

YESTERDAY, by two of the Council, I ſent to your Houſe, the Reaſons offered me by this Board, why the Bill you ſent hither (in the Manner it was deſigned) could not paſs; it contains ſeveral Matters inconſiſtent with Truth, the Truſt by their Majeſties repoſed in me, and the End for which its mentioned to be made.

If you pleaſe to enable me to purſue my Deſires (the Safety and Eaſe of the Province) you ſhall not find me wanting, in giving all fitting Aſſurance; that I will not detach a Man, and yet (by God's Aſſiſtance) will ſecure the Frontiers; but if by your Diſtruſt and Tenacity, in with-holding juſt and reaſonable Supplies, I am neceſſitated to burthen the Province, by drawing ſuch Part of it's Militia, to guard the Frontiers, as I ſhall judge requiſite, the Grievance apparently lies at your Doors, and cannot, without the higheſt abuſe, to Truth, be impoſed on me.

You have ſet a great while, conſidering how little has been done for their Majeſties Service, or the Good of the Country; the firſt of *May* draws near, when (without immediate Care) the Frontiers will be left naked; the Enemy have been already there, and when they know our Weakneſs, will undoubtedly, take their Meaſures accordingly.

I therefore ſend this to know, forthwith, your ultimate Reſolve, that if you will not aſſiſt me in preſerving the Province, I may take ſuch Methods, as my Duty Commands, and their Majeſties Letters Patents, empower me to Uſe. *per Order*,

David Jamiſon, *Cl. Council.*

Upon the Conſideration of the ſaid Meſſage;

Ordered, That his Excellency be addreſſed, to know what Particulars in the Bill (for the Raiſing of Supplies, for the Security of the Frontiers at *Albany*, for ſix Months) are inconſiſtent with Truth, and the Truſt their Majeſties has repoſed in his Excellency, and that Dr. *Staats* and Capt. *Garton*, do wait upon his Exellency with this Addreſs.

Adjourned till 2 o'Clock Afternoon.

Die Martis, 2 *ho. P. M. April* 9, 1695.

A Paper brought by Mr. *Jamiſon*, read to the Houſe by ſaid *Jamiſon*.

In Anſwer to his Excellency's Meſſage, ſent down to the Houſe this Morning, by Judge *Pinhorn* and Col. *Heathcote*, this Houſe do ſay, as for the Truth, the Houſe refers to his Excellency's Speech; as for the Truſt repoſed in his Excellency by their Majeſties, we do ſuppoſe the Supplies granted by their Majeſties, were deſigned (eſpecially) for the Frontiers at *Albany*; and for to anſwer that End, the Surpluſages with the *One Thouſand Pounds*, already allowed in the Bill ſent up, may be ſufficient; and the Houſe do reſolve to aſſiſt as above.

Ordered, That Capt. *Stillwell* and Mr. *Blackwell*, do wait upon his Excellency, with this Anſwer of the Houſe.

A Meſſage from his Excellency *Benjamin Fletcher, &c.* to the Aſſembly of the *Province* of *New-York*, the 10th of *April*, 1695.

Gentlemen,

YESTERDAY, you deſired to know of me, what is contained in your Bill, inconſiſtent with Truth, and the Truſt repoſed in me; whereupon I referred you to the Opinion and Reaſons, offered me by the Council, for rejecting the Bill, (a Copy whereof was ſent you) you poſitively aſſerted, what now you make a Suppoſition, and a Surpluſage where there is none; A Thouſand Pounds will not anſwer the End I propoſed; I can never paſs a Bill, to diveſt myſelf of the Militia, a Command repoſed in me, by their Majeſties.

I have done my utmoſt Endeavours, for Aſſiſtance to this Province, and to Eaſe it from Detachments, as I have plainly told you in my Speech; and have good Proſpect of obtaining my End (which is your Eaſe and Security) unleſs you do perſiſt to defeat my good Intentions; you have no Reaſon to have the leaſt Conjecture, that I ſhould intend this Province ſhould not contribute Money to its own Defence; Detachments being removed, the moſt grievous Part of the Burthen is lightned; and therefore, I again, recommend to you, to proceed without Loſs of Time, to provide ſuch Supplies, as may prove a real and not imaginary Aſſiſtance, to which I deſire your Anſwer. *per Order*,

David Jamiſon, *Cl. Council.*

The

The Houſe in Anſwer to the Meſſage, ſent down this Morning from his Excellency, do ſay, that by Information from the Muſter Maſter, there were Men wanting at *Albany*, the two laſt Detachments, ſo conſequently, there muſt be a Surpluſage real and not imaginary; which, together with the Thouſand Pound, this Houſe does think ſufficient for the preſent Supply, for the Security of the Frontiers of *Albany*, for ſix Months; and if his Excellency will be pleaſed, to give this Houſe aſſurance, that there ſhall be no Detachments for the ſtanding Guards, for the ſaid ſix Months, that then, this Houſe does agree to take of the *Proviſo*, in the Bill for Supplies.

Ordered, That Major *Hoxvell* and Capt. *Whitehead*, do wait upon his Excellency, with this Anſwer to his Excellency's Meſſage, ſent down this Morning.

Adjourned till 2 o'Clock Afternoon.

Die Mercurij, 2 *ho. P. M. April* 10, 1695.

A Meſſage from his Excellency, by Lieut. Col. *Monvile*, which was read to the Houſe, in the Preſence of ſaid Lieut. Col. *Monvile*, as followeth, *viz.*

A Meſſage from his Excellency *Benjamin Fletcher*, &c. to the Aſſemby of the Province of *New-York*, the 10th of *April*, 1695. *P. M.*

Gentlemen,

I Find much Time is ſpent in Queſtions and Anſwers, without any Regard to the Duty you owe their Majeſties, or Concern for the Preſervation of this Province; it is a feint Argument, and unbecoming the Wiſdom of a Province, to ſay, a Muſter Maſter informs us thus, when the Accounts and Muſter Rolls have been laid before you, by a Committee of the Council, by which it is demonſtrable to all conſiderate and judicious and unbyaſſed Men, that there is no Surpluſage; ſo far from it, that One Thouſand Pound, will not anſwer the late Years neceſſary and undiſpenſible Charges.

I do therefore again, recommend to your Conſideration, the ſeveral Meſſages I have ſent to you, ſince the Opening of this Seſſion, and the approaching Neceſſity for the Relief of thoſe few Forces, now on the Frontiers, which will break or deſert, the Firſt of the next Month.

The ill Conſequences, of Blood, Devaſtation or Miſchiefs which may happen, I waſh my Hands of, and it muſt be juſtly laid at your Doors, if you will not contribute to your own Securities. I ſhall expect you to be Witneſſes of my Endeavours, and appeal to the King as the only Judge, of your Actions and mine in this great Affair (your own Safety) and his Majeſties Service.

per Order,
David Jamiſon, *Cl. Council.*

Upon the Conſideration of the ſaid Meſſage, this Houſe do ſay, That they are of his Excellency's Opinion, that there is much Time ſpent in Queſtions and Anſwers; the Reaſon whereof we leave to the Judgment of unbiaſſed Men. As to the Muſter Rolls being laid before this Houſe by a Committee of the Council, there hath not been any ſuch Thing this Seſſions; but when his Excellency was addreſſed by this Houſe for the Muſter Rolls, his Excellency in Anſwer thereunto did ſignify, that the Muſter Maſter being at that Juncture abſent upon the Frontiers in their Majeſties Service, his Excellency could not ſhew them the Muſter Rolls. And as for Supplies for the Security of the Frontiers, this Houſe have already paſſed and ſent up a Bill for that Purpoſe, for his Excellency and Council's Aſſent.

Ordered, That Major *Pell* and Captain *Jackſon* do wait upon his Excellency with this Anſwer of the Houſe.

Adjourned till *Friday* Morning next, 8 o'Clock.

Die Veneris, 8 *ho. A. M. April* 12, 1695.

A Petition of the Church Wardens and Veſtry Men for the City of *New-York* read.

A Meſſage from his Excellency by Mr. *Jamiſon*, Clerk of the Council, commanding the Attendance of this Houſe at the *Fort* immediately. Whereupon Mr. Speaker left the Chair, and went with the Houſe accordingly.

The Houſe returned. Mr. Speaker reſumed the Chair, and did report to the Houſe the Heads of what his Excellency was pleaſed to ſay to them at the *Fort*.

Upon ſome Debate of the Heads of what his Excellency was pleaſed to ſay this Morning to the Houſe, they referred the further Conſideration thereof until the Afternoon.

Ordered, That this Houſe do addreſs his Excellency for Leave to print the Journal of this Houſe this Seſſions; and that the Clerk of this Houſe do acquaint the Printer therewith; and that Captain *Filkin* and Captain *Renſſelaer* do wait upon his Excellency with this Addreſs.

Upon the Conſideration of the Petition aboveſaid, it is the Opinion of this Houſe, that the Veſtry Men and Church Wardens have Power to call a diſſenting Proteſtant Miniſter; and that he is to be paid and maintained according as the Act directs.

The Petition of *John Oak* and *Nathaniel Smith* read to the Houſe; upon which

Ordered, That his Excellency be addreſſed that the Petitioners, with all others who have juſtly and truly ſerved out their Times upon the Frontiers, according to the Act of Aſſembly, be duly paid.

Adjourned till 2 o'Clock Afternoon.

Die Veneris, 2 *ho. P. M. April* 12, 1695.

UPON the further Debate of what his Excellency was pleaſed to ſay this Morning, It was moved by the Houſe that the Queſtion ſhould be put, Whether there ſhould be any Addition to the Bill ſent up, for Supplies without further Satisfaction of Accounts and Muſter Rolls, or not?

The Queſtion being put to the Houſe as above, it was carried in the Negative.

Adjourned till 8 o'Clock To-morrow Morning.

Die Sabatii, 8 *ho. A. M. April* 13, 1695.

Ordered,

THAT the Speaker of this Houſe take Care of the Minutes of this Houſe, and endeavour to get them printed.

His Excellency was pleaſed to Prorogue the Aſſembly until the 23d Day of this Inſtant April.

And alſo, " ſent two of their Members to the Collector, to acquaint " him of their Readineſs to peruſe what Accounts and Papers, " he ſhould exhibit to them. Upon which, *Saturday* Morn- " ing following, Mr. *Wood*, brought to the Committee, an " Account, entitled, *The State of the Taxes, as they ſtand this* " *20th Day of* September 1695, ſigned by the Receiver Ge- " neral. The whole Houſe returned; the Speaker reſumed the Chair, and reported to the Houſe, That his Excellency expreſſed his Gladneſs to ſee ſo full a Houſe, and hoped that this Houſe would chearfully unite in the publick Service; and did recommend to their Care, the Security of the Frontiers, which was in as bad (if not a worſe) Poſture than ever, by Reaſon of the ſmall Regard that our Neighbours had to the Broad Seal of *England*, as well as to his Majeſty's Sign Manuels, commanding their Aſſiſtance of this Province; but in Lieu thereof, they had harboured ſuch Deſerters of the Forces his Majeſty ſent lately over for our Relief; and by the Advances that the *French* had made in their re-ſettling of *Cadaraqui*, which does endanger the Safety of this Province very much. That he had perceived that we were at a great Loſs by the Diligence of our Neighbours, who have their Agents at Court, and have miſ-repreſented the State of this Province, to our great Damage; and that he thought it neceſſary that this Houſe ſhould take the preſent State thereof into their Conſideration, and cauſe the ſame to be repreſented unto his Majeſty by ſome Agents. And although he had often truly repreſented the ſame by his Letters, yet the Multitude of Buſineſs there, he ſuppoſed, might cauſe them to be laid aſide, and not have that lively Effect as the Appearance of an Agent or Agents might do there. That the Province was in Debt. That he was ſenſible of our Loyalty to our Prince, by our frequent granting of Taxes, and loading our Trade with great Impoſitions, when our Neighbours went free, was the great Cauſe of that heavy Burthen that lies now upon us. And then deſired us to go together, and conſider thereof.

But for the Bill of *Five Hundred Pounds*, for a Supply to his Majesty's Companies, he had rejected, being no ways capable to Answer the End. And that he did expect, that the Application that was to be made to his Majesty, by the Agent, might have such Effect, as to give an Ease to the heavy Burdens, the Province did now lie under, either by sending Supplies of Money, or Orders to our Neighbours for our Relief; but in the mean Time, the Frontiers were weak, and some amongst us, could inform us of the bad Posture they were in, by the daily Desertion of the Soldiers lately sent over. And though he had only the King's Sign Manuel to our Neighbours, yet he had the broad Seal of *England* for this Province, and being our Captain General, he did expect that the Quota of 200 Men, which the King had appointed for this Province, should be at the Frontiers; that there was already 50 of them there, and that he wanted our Advice, and recommended the Quota's to our Care, and that we should go together to consider of the easiest Way, to answer that End with all Speed; and if any Difficulty did arise, we might have a Conference with the Council thereupon.

Mr. Speaker, and you Gentlemen Repreſentatives,

"THE great Favours and Kindneſſes we have received from our moſt gracious King, calls for the utmoſt "Extent of our Obedience and Gratitude.

"His Majeſty, by late Supplies (of Men, Artillery, and other "Forces of War) with the royal Commands for Aſſiſtance from "the neighbouring Governments (if a due Compliance be made) "has enabled us to withſtand and oppoſe all our Enemies, and "to live in a happy Security. Nothing but our Sins can render "his Majeſties Care ineffectual; the Bleſſing of Almighty "God will go along with our Endeavours, if we firſt aſſert "our Duty to him, and pay a true Deference to our Prince: "Obedience to Government is a Part of Religion.

"The King neither commands nor deſires any Thing of "us, but what may contribute to our own Felicity; and this "will be eaſily accompliſhed by a proper Uſe of theſe Helps "he has graciouſly condeſcended to give us.

"It muſt be conſidered that all Utenſils of War are but "Tools, and of no Uſe without Hands to employ them.

"The King has ſent us Men to Work with theſe Tools, "for our Eaſe and Safety. But Men wear out; they die; "they deſert; are often ſick and weak: Armies and Bat-"talions muſt be kept up by conſtant Recruits, elſe they "crumble to Nothing.

"The Forces late ſent over are much weakened ſince their "Arrival, and will be more ſo unleſs ſome proper Encourage-"ment be thought of for them, as in the like Caſes practiſed "in the *Leeward Iſlands*. The Rate of Labourers runs high "in this Country, that moſt neceſſitous Men rather chooſe to "earn their Bread by the Spade than the Sword.

"We ſhall Want both Men and Money to render his Ma-"jeſty's gracious Aſſiſtance anſwerable to his royal Intentions.

"It ought ever to be acknowledged with an humble Senſe "on our Parts, that notwithſtanding his Majeſty's preſent Preſ-"ſures, the great and bloody War he is engaged in, the daily "Hazards he expoſes his ſacred Perſon to, yet he remembers "this little Handful of his People. Let us not forget what "we owe to ſuch a King, to ſuch royal Bounty; let us not "forget ourſelves, but wiſely conſider our own Safety, by "ſtrengthening our Frontiers, which I chiefly propoſe to you "as the beſt Return we can make, the moſt acceptable Service "we can do, to our King and to our Country.

"His Majeſty has by his royal Letters recommended to us "the building a Chapel in the *Fort*; a former Aſſembly took "ſome Notice of it: I hope you will not be wanting on your "Parts to forward and finiſh it.

"I have directed Colonel *Cortlandt* and Colonel *Heathcote* "to lay before you a clear Account, both of the Revenue "and Taxes, which will give you Satisfaction; you'll find the "Government in Debt; and conſider that ſuch Gentlemen as "have advanced Money upon the Credit of it may not ſuffer "for their Zeal for the public Welfare, being the Money thus "lent has been when Alarms or other Exigences have called "for an immediate Care, wherein our common Safety ſeemed "concerned, and at ſuch Seaſons when we could not timely "meet in Aſſembly. I will not doubt your Care in a Matter of "ſuch Moment; you will all concur to keep up the Credit of "the Government, which in ſome meaſure is the Safety of it.

"The Money granted laſt Seſſions, is in a great Part left to "my Diſpoſe (it is not yet paid): I deſire, for my own Eaſe "and your Satisfaction, that a Committee of the Houſe may "confer with a Committee of the Council on this Matter, "that the Money be applied to the public good. I would have "it obvious to you, and to all Men, that it is not converted "to any by or private End; nor do I deſire one Penny of it "ſhould be paid into me, nor to be any further concerned "than to ſign Warrants for the Payment of it to ſuch Uſes "as you ſhall adviſe.

"Gentlemen, I wiſh you a good Agreement and Underſtand-"ing amongſt yourſelves, that his Majeſty's Favours be not "loſt upon us; but that the Safety, Honour, and Proſperity of "this Province may be truly conſidered, as by his Majeſty in "the repeated Succours he has been graciouſly pleaſed to ſend "us; ſo on our Parts, by an humble Acknowledgement for them, "and a proper Application of them."

Upon the Consideration of the Report of the Committee, and particularly of that Clause, in which they say, they are not ready to make their Report, in regard of the great length of Time, that must be consumed in the Examination and Stating of all the particular Accounts relating to the Charge and Discharge of the Revenue; which must necessarily create a vast Charge and Expence unto the Government, and so consequently increase the Debts thereof; Whereupon the House are of Opinion, That if Provision be made for the Payment of *Three Hundred* and *Seventeen Pounds*, *Thirteen Shillings* and a *Farthing*; being a Debt due by the Government for incidental Charges, expended for the Security of the Frontiers, from the 28th Day of *March* 1691, to the first Day of *May* 1696, occasioned by the Want of Money, not being raised for that Purpose; and likewise the Sum of *Two Hundred* and *Fifty Pounds*, being due, for the Pay of the Officers and Soldiers of Major *Schuyler's* Company according to the Establishment, together with the Interest, until the same be paid; and likewise, the Sum of *Three Thousand*, *Five Hundred* and *Sixty Six Pounds*, *Six Shillings* and *Eight-pence*; due to the several Persons hereafter mentioned, for which the Additional Duty was formerly raised for their Payment; and also, the Sum of *Four Hundred* and *Fifty Pounds*, for the finishing the Chapel in the Fort; and likewise, the Sum of *One Hundred* and *Fifty Pounds*, to Col. *Richard Ingoldsby*, for the defraying the extraordinary Charge he has been at, by being posted at *Albany*, for the Security of the Frontiers; which in the whole makes the Sum of *Four Thousand*, *Seven Hundred* and *Thirty Three Pounds*, *Nineteen Shillings*, and *Eight-pence Farthing*; whereupon, it is

MR. *Jamiſon* brought to the Houſe his Excellency's Speech which was read to the Houſe, as followeth, *viz.*

Mr. Speaker, and you Gentlemen Repreſentatives,

"THE Seaſon of the Year will hardly admit of a long "Seſſions; yet the preſent State of the Province calls "for deliberate and mature Conſideration.

"The laſt Seſſions was carried on with a true Regard of our "Duty to his Majeſty our moſt gracious King; we had no "Heat, but were united, agreeing in all our Debates; ſo I "hope it ſhall always be, we remain the ſame Men, and retain "the ſame Principles.

Mr. Speaker,

"I am to acquaint you I have been neceſſitated twice "this Summer, by the Advice and Conſent of the Coun-"cil, to viſit *Albany*; the *French* Governor of *Canada* marched "with ſo conſiderable a Force into the *Indian* Country of "*Onondaga* and *Oneyda*, that I could not ſuppoſe his Deſigns "would end there; but expected that he would with that "Strength have attempted *Albany*; where I was ready to adjuſt "my Duty, in Defence of the Place. He contented himſelf "with a poor Inſult over our naked *Indians*, and retired; yet "he deſtroyed the Caſtles and Corn of thoſe two Nations, "who muſt periſh this Winter, if not relieved by us.

"You all know they have been true to his Majeſty's Intereſt, "in joining with this Province againſt our common Enemy, "the

" the *French*; and unless encouraged may be compelled by " Poverty to make their Peace with them.

" My second Journey was to comfort those distressed *Indians*, " and to assure them of his Majesty's royal Favour and Pro- " tection, and to renew the Covenant Chain with the whole " Five Nations; which has been done with as much Chear- " fullness on the Part of the *Indians* as I have ever yet observed.

" I gave them those Presents which his Majesty in his great " Consideration (of their Service to us his loyal Subjects of " this Province) was pleased to send from *England*, as Marks " of his royal Bounty; they bespoke the Magnificence of our " great King, yet did not answer the Wants of those distressed " People; so that the Council thought it necessary to add at " the Charge of the Province, such Things as suited best their " present Necessities. This has occasioned a great Charge; " which I recommend to your Consideration, and hope you " will enquire into.

" The Council have joined with me to take Money on the " Credit of the Government to answer this Emergency.

" At my renewing the Covenant Chain (so the *Indians* Term " it) I found myself obliged to promise a Supply of Provisions " to the *Onondagas* and *Cajouges*, they being the only Sufferers " of the five Nations in this *French* Descent; this I hope you " will consider, by raising a Fund to answer it.

" *Mr. Speaker*,

" The Money so generously granted in a former Sessions, for " the Encouragement of his Majesty's Company, has not had " the Effect you designed and I endeavoured. Either the Neglect " of the Assessors and Collectors, or Want of Force in the Acts, " has occasioned a great Arrear, by which the Soldiers have been " discouraged; and Evil-minded Men have found Arguments to " persuaded them to desert the Service; the most of those who vo- " luntarily inlisted themselves upon the Encouragement you gave " of *Three Pounds* a Man, Levy Money, (which I am sure was paid " them); notwithstanding the Addition of *Four Pence* per Day, " which you have also given, they have deserted Fourteen Men " out of one Company, taking the King's Arms with them, and " are received and harboured by their Relations in the Face of " Magistracy; this Evil has its Source principally from the " Failure of Payments at the appointed Times; so that three " Companies, which ought to be One Hundred each, are " dwindled to Two Hundred and Twenty-one Men: One " Hundred more will barely answer a necessary Force for the " Defence of that Place, which I recommend to your Con- " sideration.

" Colonel *Cortlandt*, who receives that Money, will shew " you, as he does me, that of the Taxes payable the 25th of " *March* past, there is an Arrear of *Two Thousand One Hun- " dred and Seventy-nine Pounds, Five Shillings and Four Pence " one Farthing*; and of that payable the 29th of *September* last, " *One Thousand Two Hundred and 19 Pounds, Thirteen Shillings " and Two Pence Half-penny*. I hope you will think of preventing " this Malady, by giving Force to your Acts, that Money be " duly paid according to the Time; and that all Deserters may " be punished, with those that harbour them.

" The Security of the Province, your own Estates and Free- " holds depend upon your Care in these two material Points.

Mr. Speaker,

" I have received an Address from the Magistrates of *Albany*, " desiring my Presence with them this Winter. I assured them " I was ever ready to be where his Majesty's Service calls, and " promised them an Answer in fourteen Days; but was wil- " ling to have the Concurrence of the Council and Assembly, " in a Matter which seems of Moment; all Correspondence " between *York* and *Albany* being shut up, by the Frost for " some Months: Their Address I shall lay before you: It " contains their Reasons.

" I desire a Committee of your House, may join a Com- " mittee of the Council to consider of it, and give me Advice.

" I am very sensible of the great Pressures we lay under, by " the present War, while this Province singly bears the Weight, " and is become a Frontier to our Neighbouring Provinces " whose Safety is derived from the Preservation of *Albany*, no " less than ours.

" We not only pay a Duty upon our Trade, but are also " taxed for our Private Estates, the very noise thereof frigh- " tens away the Trading Vessels, to the Nighbouring Coloni- " es that are free from this Duty, albeit, they often come to " a worse Market.

" I have made frequent Application for Assistance from our " Neighbours, but have not been able to obtain one Man; " but this Matter will be represented to his Majesty, by those " employed for that Purpose.

" You have an Agent in *England*, of your own Choice, " who I am sure, will faithfully state the Case of the Pro- " vince before the King; and I do not doubt, but that his " most Sacred Majesty, will afford us such Relief, as will " lighten our Burthen.

" I hope you will not let a good Cause (this general Con- " cern) fall, for Want of a further Supply."

Gentlemen,

" You have free Access to all the Books of Receipts, and " Disbursements of the Revenue and Taxes of the Province; " I do earnestly desire you'll satisfy yourselves, in the Dispo- " sition of it.

" I do declare to you, and shall be always able to make it " appear, That I never received one Penny of the Publick " Money, raised upon the Country, neither by my own Hand " or any other for my Use, nor ever designed or desired to " enrich myself by it; in this Matter you can vindicate me " when you please.

" I pray God direct you to what may tend to his Glory, " the Honour of his Sacred Majesty our King, the Safety and, " Prosperity of this Province."

Ordered, That the Thanks of this House, be given unto his Excellency, for his favourable Speech:

Upon the Reading of his Excellency's Speech;

CAPT. *Jackſon*, Chairman of the Committee, to confer with the Committee of the Council, upon the Addreſs of the Magiſtrates of *Albany*, for his Excellency to reſide amongſt them this Winter, *&c.* (doth report) that they had Conference with the Council, upon the ſubject Matter, recommended to them, and after ſome Debates thereon, they did conclude, that it would be more for his Majeſty's Service, that his Excellency continue here at the Seat of Government this Winter; they having made Proviſion to ſupply the Frontiers of this Province at *Albany*, with an equal Force, to what hath been employed formerly for the Security thereof; which they think will be ſufficient to ſecure the ſame this Winter, without his Excellency's Preſence there.

Upon the Conſideration of that Part of his Excellency's Speech, relating to the ſupplying the *Indians* with Proviſions, that have lately ſuffered by the Deſcent of the *French*; and alſo, for the employing of Scouts, to be ſent to the *Lake* and other Places, for the bringing of certain Intelligence, of the Motion of the Enemy, and the preventing of falſe Alarms; it is

Reſolved, That the Sum of *Three Hundred* and *Fifty Pounds*, be raiſed, to be employed for that Service only; and, That Major *Schuyler*, Major *Weſſels* and Mr. *Renſſelaer*, have the Management thereof, and keep a diſtinct and perfect Account, of all the Charges, and render the ſame unto the Houſe, of Repreſentatives, when they ſhall be thereunto required.

Reſolved, That upon any Invaſion or Alarm by the Enemy, if the Inhabitants of *Ulſter* and *Dutcheſs* County, ſhall be conſtrained to march thither, for their Aſſiſtance and Relief; then this Houſe doth engage to raiſe a Fund, for to give them reaſonable Satisfaction for the ſame.

MR. *Jamiſon*, brought a Letter from his Excellency, directed to the Speaker; which was ordered to be read; and alſo ſeveral Letters of Intelligence, which his Excellency received laſt Night from *Albany*, which gives an Account of the preſent Poſture of that Place, and likewiſe of a Skirmiſh that has lately happened between a Party of our *Indians*, and a Party of French, conſiſting of Twenty-one Men, which came from *Canada*, with a Deſign to deſtroy *Kinderhook*; but were prevented by our *Indians*, who fired upon them, wounded and killed ſeveral of the Enemy, forced them to a Retreat, and ſeized upon ſome of their Plunder; and three of the *French* Priſoners are now brought to *York*.

Whereupon, it is *Ordered*, That Captain *Whitehead* and Captain *De Key* do wait upon his Excellency, and give his Excellency the Thanks of this Houſe, for his favourable Communication of the ſaid Intelligence; and to aſſure his Excellency, that this Houſe will be always ready to aſſiſt his Excellency upon all Occaſions for the Security of the Frontiers of this Province for his Majeſty's Service; and that his Excellency would be pleaſed to order the Priſoners to come unto this Houſe, that they may be examined of the preſent State of Canada.

ADJOURNED 'til 8 o'Clock To-morrow Morning.

Die Jovis, 8 *ho. A. M. October* 22, 1696.

UPON the Conſideration of that Part of his Excellency's Speech relating to the additional Charge that was occaſioned by the ſupplying of the *Indians* Neceſſities, *&c.* ſome Time was ſpent, and Debates aroſe; but at laſt it was concluded, That inaſmuch as there is ſo great an Arrearage in the Taxes, it is the Opinion of this Houſe, that the ſaid Charge and Expences be paid out of the Revenue.

Adjourned 'til 2 o'Clock Afternoon.

Die Jovis, 2 *ho. P. M. October* 22, 1696.

UPON that Part of his Excellency's Speech relating to the Arrearages of the Taxes, and putting new Force to the Laws, and the puniſhing Deſerters, it is *Ordered*, That in whatſoever Bills for the Time to come ſhall be brought into this Houſe that the Speaker do make them of ſuch Force as may be anſwerable to the Laws of England; and as to Deſerters this Houſe had formerly made Proviſion for the puniſhing of Deſerters, and thoſe that harboured them; and for that Purpoſe ſent up a Bill to his Excellency and Council, for their Aſſent, which they thought fit to lay aſide; and therefore cannot fall upon a better Way than what is contained in the ſaid Bill.

Adjourned 'til 8 o'Clock To-morrow Morning.

A Memorial brought into the Houſe by Captain *Ebenezr Wilſon*, ſigned by him, read to the Houſe.

A Meſſage from his Excellency and Council by Colonel *Willett*, read to the Houſe, as follows, *viz.*

At a Council held at his Majeſty's Fort, *in* New-York, *the* 23*d of* October, 1696.

PRESENT,

His Excellency Benjamin Fletcher, *&c.*

" THE Votes of the Houſe Yeſterday being read this Day,
" and it appearing that the Aſſembly have not pro-
" ceeded to give a Supply to anſwer the additional Charge of
" the *Indians*, &c. but upon that Head have concluded, That
" ſince there is ſo great an Arrearage of Taxes, the ſaid
" Charge be paid out of the Revenue.

" That to that Clauſe in his Excellency's Speech relating
" to the Arrearage of Taxes, they have voted, That ſuch
" Bills brought into the Houſe be made of ſuch Force as may
" be anſwerable to the Laws of *England*; and having for-
" merly ſent up a Bill for puniſhing Deſerters, *&c.* which was
" laid aſide, they cannot fall upon a better Way.

" It is therefore, *Ordered*, Colonel *Cortlandt*, Colonel *Bayard*,
" Colonel *Smith*, Judge *Pinhorn*, and Colonel *Heathcote*, be a
" Committee to concert with a Committee of the Aſſembly
" upon theſe Reſolutions and Votes of the Aſſembly, and
" theſe Heads of his Excellency's Speech, at 3 o'Clock this
" Afternoon, at Colonel *Cortlandt*'s Houſe. And that Col.
" *Willett* do carry this Meſſage to the Houſe; and deſire the
" Aſſembly will appoint a Committee of the Houſe to meet
" them, and concert accordingly.

per Order,
David Jamiſon, *Cl. Council.*

Upon the Conſideration of the ſaid Meſſage;

Ordered, That Capt. *Schuyler*, Major *Howell*, Capt. *Whitehead*, Major *Domiere*, Capt. *Reade*, Mr. *Abeel*, Mr. *Purdy*, Mr. *Sebring* and Capt. *Stillwell*; be a Committee of this Houſe, to join with a Committee of the Council, to concert upon the ſubject Matter of the ſaid Meſſage; and that they meet at the Time and Place appointed, and make their Report thereof, with all convenient Speed.

And that Capt. *Stillwell* and Mr. *Sebring*, do wait upon his Excellency and Council with this Order.

Ordered, That *One Hundred* and *Fifty Pounds*, be raiſed, for the Payment of the Intereſt of the Money, that is to be advanced, for the raiſing of the 100 Men, *&c.* and for the defraying of the Charge of the Forces, lately ſent out to the Crown Point, in purſuit of the Enemy.

Adjourned till 2 o'Clock Afternoon.

Die Veneris, 2 *ho. P. M. Oct.* 23, 1696.

MAJOR *Howell*, Chairman of the Committee, reports, That according to the Direction of this Houſe, they met

met at the Time and Place appointed, and had Conference with the Committee of the Council, upon that Clause of his Excellency's Speech, relating to the Charge that was occasioned for procuring such Things as suited best the Necessities of the *Indians*; to which they had *Resolved*, That it should be paid out of the Revenue, but it was thereunto objected, That the Speaker of this House was called to his Excellency and Council, upon the Intelligence that his Excellency received, that the *French* and *Indians* had invaded our *Indian* Country, and were there with a considerable Force, and there being no Money in the Treasury, did give his Opinion, that it would be necessary for the Safety of the Country, That his Excellency should forthwith march thither, with what Forces he thought fit, and that he did not doubt, but the Assembly would take the same into Consideration; upon which Credit, there was Money taken up for the defraying of the said Charge: To which it was replied, That the Speaker had communicated no such Matter unto them, nor had they had any such Thing under their Consideration; but had passed their Vote only upon that Clause, of his Excellency's Speech, that relates to the Additional Charge, that was made for the Supplying of such Things as best suited the *Indians* present Necessities, and that the Committee of the Council, did think it strange that we should pass a Vote, to pay that Charge out of the Revenue, when there was no Money in the Treasury, and that the Revenue was anticipated one Year at least; to which it was replied, that the Cause of their making such Vote, was, that the Revenue was raised with design to defray the Annual Charge of Presents to the *Indians*, and if it was otherways anticipated, they could not help it.

Whereupon the Speaker does inform this House, That his Excellency was pleased to call him to the Fort, when he was present in Council, and did acquaint him, that he had received Intelligence from *Albany*, of an Invasion that was made by the *French*, into the *Indian* Country; and ordered, the same to be read, and desired his Advice thereupon, who gave his Opinion; that it was for his Majesty's Service, and the Security of the Province, that his Excellency should go thither, with a considerable Force, with all Expedition, and upon Information, that there was no Money in the Treasury, did further give his Opinion, that Money should be taken up, upon the Credit of the Government, and did not doubt, but it would be allowed by the Assembly, such an Expedition being for the general Good and Welfare of the Province; and that he had not communicated this his Advice to the House, because he had observed the Rules and Direction of the House, and proceeded on such Clauses of his Excellency's Speech, as was by them thought most necessary for their Consideration; and that those Clauses relating to his Excellency's Expedition to *Albany*, had never been mentioned or under the Consideration of the House, and therefore, he thought himself no Way obliged upon other Matters not relating thereunto, to acquaint the House with what he had done in that Matter, until it came properly, in its due Time and Season.

Resolved, That a Departing from the subject Matter of a Conference desired between a Committee of the Council and a Committee of this House, occasions Delay of Time, and seems to interrupt the Right of Conferences.

The said Chairman further Reports, That to that Clause in his Excellency's Speech, relating to the Arrearages of Taxes, *&c.* and to the adding of new Force to the Laws, *&c.* It was objected, that there was made only Provision for the Laws that should made, but had omitted to take Care to reinforce those already made.

To which it was answered, That the meaning of their Vote was to put new Force to those Laws already made, as well as to such as were to be made; of which the House approves, being their Sentiments also of the said Vote.

The Chairman of the said Committee does further Report, That upon the Vote concerning their having formerly sent up a Bill for the punishing Deserters, *&c.* which was laid aside, they cannot fall upon a better Way, the Committee of the Council did say, it was hard that there should be a severer Punishment upon the Soldiers in his Majesty's Pay, than on those detached out of the Militia; which varying from the subject Matter of the said Conference, gave little or no Answer to it, there being nothing of Detachment under the Consideration of this House, having made Provision for the Security of the Frontiers otherwise.

Which Answer made, is agreeable to the Opinion of the House.

Adjourned 'til 8 o'Clock To-morrow Morning.

Die Sabatii, 8 *ho. A. M. Octo.* 24, 1696.

A Memorial brought into the House by Colonel *Cubb Heathcote*, and Major *William Merrit*, Mayor of this City, relating to the building of a Free School, read to the House; to which was added, the Draught of the said Free School, laid before the House.

Ordered, That the Thanks of this House be given unto his Excellency, for his favourable Communication of the Intelligence that his Excellency has lately received out of *New-England*, from *Boston* and *Connecticut*; and also, for his Excellency's acquainting them with his Negotiation that he had with the Five Canton Nations of Indians, when his Excellency was lately present at *Albany*; and for the Care that his Excellency took, in the encouraging of those two Nations of Indians that were lately distressed by the *French* Invasion; and also for the renewing the Covenant Chain with the said Five Canton Nations of Indians, for the Security and Advantage of this Province, and all the neighbouring adjacent Colonies, mentioned in the said Negotiation; and that Mr. *Duksberry*, Major *Wessells*, Captain *Whitehead*, and Mr. *Van Ecklen*, do wait upon his Excellency with this Address, together with the Letters and Papers sent down.

Major *Horwell*, Chairman of the Committee appointed for the adjusting the Quota's for the several and respective Cities and Counties throughout this Province, for the Money now to be raised and levied, doth report as followeth, *viz.*

May it please your Excellency,

Upon the Consideration of the Report of the Committee of this House, that conferred with a Committee of the Council, concerning that Part your Excellency's Speech, relating to the Address of the Magistrates of Albany, and of your Excellency's Residence there this ensuing Winter, the House cannot but with the greatest of Thankfulness, acknowledge the Care your Excellency hath always had of the Frontiers of this Province, and more especially, for the great Dispatch your Excellency made, in visiting the same upon

Ordered, That the said Consideration be referred till some other Time.

Die Jovis, 2 *ho. P. M. Oct.* 29, 1696.

JUDGE *Pinborn* and Col. *Monvielle*, brought down the Bill for raising 100 Men, *&c.* with its Admendments; the said Amendments read to the House, and upon the Consideration of the Amendments, sent down to the said Bill, in Page 4, Line 9. *Instead of defraying his Excellency's Journey to* Albany, it be inserted, *Expended for the Relief and Encouragement of the Indians, to continue stedfast in their Alegiance and Friendship at and since.*

The House cannot agree to the said Amendment, because the Money thereby raised, was not intended for the Use the said Amendment expresses, but they are willing the Words, *his Excellency's Journey to* Albany, be left out of the said Bill, and in Lieu thereof inserted, *the extraordinary Charge*; and upon the Debate whether these Words should be put into the Bill or not; it was carried for the Affirmative, by 10 for the Affirmative, 8 for the Negative.

And to the Amendment in the said Page, Line 14, this House doth agree to the said Amendment, and order the Clerk to amend the same in the Bill accordingly.

As to the Amendment relating to the Clause to be inserted in the said Bill, the House doth agree to the same, and ordered the Clerk to insert the same in the said Bill accordingly. As to the Amendment, that the Assessors be limitted to some Time for the bringing the Rolls of their Assessments, the House cannot agree to the said Amendment; for it has often happened, that through Delay, in not sending the Acts to be timely published in the respective Counties within this Province, the Justices have not had twenty Days Time for the Execution of the said Act; and if there should be a Time limited for the said Assessors to bring in the Rolls of Assessment, it may happen after the Time of the Payments of the said Act, and so by that Means defeat the End of the said Act.

And as to the Amendment in Folio 11, Line 5, the House are willing that the Amendment be in these Words, *To expose to Sale in the Town or County where such Distress is made; and for Want of Buyers, to carry the said Distress unto any other Place in the Province, for the Sale of the said Distress accordingly.*

Adjourned 'til To-morrow Morning 8 o'Clock.

Die Veneris, 8 *ho. A. M. Octo.* 30, 1696.

Ordered, That the Clerk of this House do bring in the Account of House Rent, Fire, Candle, Salaries, *&c.* expended this Session.

Complaint being made to this House that the Supervisors of several Counties of this Province have taken upon them to cut off the Salary due to Assembly Men, contrary to the Law in that Case made and provided; the House having taken the same into Consideration, declare it to be their Opinion, That no such Power by any Law is lodged in the said Supervisors; and that the Assembly Men ought to have the Salaries allowed and established them by the Law for their Service in Assembly, except they make a special Contract to the contrary.

The House taking into their Consideration the great and signal Providence of Almighty God, in preserving of his Majesty's royal Person from the wicked Contrivances of those Conspirators that did lately confederate to assassinate his Majesty's royal Person; and in Detestation and Abhorrence of such horrible Practices, it is *Ordered*, That Major *Howell*, Colonel *Beekman*, Captain *Jackson*, Captain *Reade*, Major *Wessels*, Captain *Schuyler*, Captain *Whitehead*, and Mr. *Tuthill*, be a Committee of this House to join with a Committee of the Council, for the drawing up of an Address unto his Majesty, congratulating his Majesty's happy Deliverance from the said wicked Assassination; and for the drawing up of the Association of the General Assembly of this Province, for the assurance of his most

moſt Excellent Majeſty, that they will preſerve him and his Government with their Lives and Fortunes, againſt all his Majeſty's Enemies whatſoever; and *Ordered*, That the ſaid Gentlemen do carry up this Reſolve, and Addreſs his Excellency, that he would appoint a Committee of the Council to concert with a Committee of this Houſe thereon accordingly.

An Act to vacate a Deed of Truſt made by John Robinſon, *to* William Nicoll, *&c.*

After the Publication of the ſaid Acts, according to the uſual Ceremony, Mr. Speaker returned to the Houſe, and reſumed the Chair, and did report to the Houſe, That they had attended his Excellency at the Fort, where his Excellency was pleaſed to acquaint this Houſe, that he gave them many Thanks, for their Readineſs and Willingneſs, in endeavouring the Security of their Frontiers; and for their giving more Life and Force to their Acts, and in as much as the Badneſs of the Weather, might prevent their going out of Town this Afternoon, that they meet again on *Monday* next, and then to adjourn or prorogue the Houſe.

Adjourned till 2 o'Clock Afternoon.

The Houſe met and adjourned till *Monday* Morning 8 of the Clock.

Die Martis, 8 *ho. A. M. March* 30, 1697.

HIS Excellency's Speech, brought down by Mr. *Jamison*, read to the House, as followeth, *viz.*

Mr. Speaker, and you Gentlemen Representatives,

"I Am very glad to meet you here, according to your Adjournment the last Session. I just now heard the "Members of *Westchester* County have absented, and hope "Mr. Speaker, the House will do that Right to their own "Honour to inquire into the Reason of their Absence.

"I was called to *Albany* this Winter, by a double Obligation, my Duty to his most sacred Majesty, in Discharge of "that Trust he has been graciously pleased to put into my "Hands, and my Affection to his Subjects of that City, "who by Address desired my Presence with them.

"And indeed, the Intelligence of a Design on that Place, "by the *French* and their *Indians* (being flushed with their "Success on *Pemaquid* in *New-England*, the last Summer) was "a sufficient Spur to me.

"I Therefore resolved to make *Albany* my Winter Quarter, "looking upon it not only as a Barrier to this Province, "but to other Colonies of his Majesty's Empire in *America*.

"My Passage met with some Difficulties by an early Winter, being twice drove ashore by the Ice, and at last locked up by it; yet I made the Journey in twelve Days, tho' "with some extraordinary Expence, being necessitated to travel "Part of the Way by Land, with a Detachment of my own "Company.

"Col. *Schuyler*, who Commands the Militia in those Parts, "and speaks the Language, was very Active in procuring "Waggons and other Assistance, as Sleighs for bringing up "Field Pieces, Small Arms, Ammunition, *&c.* which could "not be done Gratis.

"The Journey had the Effect I expected, some Families "who designed to remove, upon the report of my coming, "stayed, by which the Garrison was much strengthened.

"I observed in all the Inhabitants, great Zeal for his Majesty's Service; they were cheerful in the Performance of "their Duty, watchful and vigilant upon those Guards committed to their Care.

"The Inhabitants are somewhat straightened by Quartering "his Majesty's Companies, the Houses are small, fitted only "for the Conveniency of their own Families; if Barracks "were built (which will be no great Charge) the Inhabitants "would be eased, Soldiers better accommodated, Desertion "easier prevented, and the City better fortified.

"And

" And as you have hitherto shewed great Regard for his " Majesty's Service, in taking Care as well for Recruiting, as " better Subsisting those Companies, so I hope you will con- " tinue in the good Mind of easing the Inhabitants, by ac- " commodating the Soldiers.

" Your last Gratuity to them had such Influence, that not " one Man has deserted since.

" I desire you will appoint some of your House, to look " into those Payments, by which you will see, that so much " Money as could be got upon the Credit of that Act, has " been applied as it directs. Those Recruits from *Connecticut* " came very seasonably; they had their levy Money, and those " two Officers that conducted them, were paid One Pound for " each Man, as a Reward for their Pains and Care, which I " hope gave them all Satisfaction.

" The Winter seems the most proper Season for the *French* " to make an Attack upon *Albany*, all Rivers, Lakes and " Marshes being so hard by the Frost that Cannon may be " drawn, &c.

" Yet in Summer those Parts suffer most by skulking Parties " of *French* and *Indians*; so that I must recommend to you " the Care of recruiting his Majesty's Companies at *May* next " (when the Time of those inlisted by your Act determines) " otherwise it will be impossible to cover the Out-Plantations; " those Farmers will remove, and leave the Country Waste, " the Consequence of that will be the Desolation of the City, " which must then become a Garrison.

" The Five Nations of *Indians* can have no Relief there, " their Friends being gone, which they may justly conclude to " be for Fear of the *French*; and those *Indians* will then pur- " chase their Safety and Conveniency by joining to our Ene- " mies of *Canada*.

" The Care you have taken for Payment of a Party to " advance upon the Enemy's Borders, and lodge there for " some Time to discover their Motion, is of great Use: I " hope you will continue that Allowance, and also consider " the Advantage we found last Summer by the Payment of " *Six Pounds* to any *Christian* or *Indian*, for every Head they " bring in of those skulking Murderers, who spare neither " Women nor Children.

" By that Encouragement we had some of them cut off in " *September* last. Those Gentlemen you have entrusted in the " Payment of the advance Parties, are without Doubt the " best qualified for this, being resident in *Albany*; they should " have a Fund or Credit to pay for every Head brought in.

" The punctual Payment for last Summer's Service will " spur many young Men to be Adventurers, both *Christians* " and *Indians*; they'll Hunt hard upon this Encouragement. " I desire you'll continue Life in so honest a Design, for the " Preservation of his Majesty's Subjects in those Parts.

" I cannot be unconcerned at the Hardships this Province " lies under, above others (by Reason of this War). You " have Agents now attending his Majesty, he is our gracious " King, Father of his People, he will hear.

" True and plain Accounts of our Circumstances will be " represented, and Relief obtained from his Majesty's pious " Care of all his Subjects.

" You have seen the Memorial given into their Excellencies, " the Lords Justices. I have since received Letters, and ano- " ther Paper given in by those Gentlemen to the Right Ho- " nourable the Commissioners of Trade and Plantations. I " shall communicate them to your House.

" If those Gentlemen employed from the Province are " faithful and diligent, I will not question their Success, if " we are not wainting to ourselves; they are at an extraor- " dinary Charge; one of them is out of the Road of that " Business, which is his Support; his Fortune and his Family " both suffer by his Absence. He was appointed by your- " selves. You'll consider what is proper to be done for the " carrying on so good a Work, which is so well begun, and " when finished will lighten our present Burthen, and secure " us from the Attempts of our Enemies.

" Gentlemen, I pray God direct you.

MR. *Theal* brought to the House, a Certificate under the Hand of Col. *Cortlandt* and Col. *Bayard*, which was read, certifying, That the said *Theal* had taken the Oaths appointed by Act of Parliament, &c. and signed the Test. Whereupon the Speaker ordered him to take his Place in the House, which he did accordingly.

The House having taken into their Consideration the Reasons offered by his Excellency, for the Alteration of the Uses mentioned, in the Bill sent up from this House, entitled, *A Bill for the raising the Sum of* Fifteen Hundred Pounds, &c. And as to the first, relating to the Interest of Money that shall be advanced for recruiting the Companies with 100 Men, the first of *May* next, &c. did apprehend that the mentioning Interest Money to be raised according to the Manner, Rule and Direction of a Clause in another Act of Assembly, entitled, *An Act for the raising* 100 *Men, to be listed in his Majesty's three Companies posted at* Albany, *for the Security of the Frontiers, and for the raising of* Twelve Hundred Pounds, *for the Encouragement of such as shall list themselves*, &c. To which this same has a Reference, and did suppose that the said Clause for the advancing of Money upon Interest, shall have the same Force and Effect, for that End and Purpose, as the other Clauses in the said Act, to which this Bill has reference, but are willing, if the same be not plain enough, that any other Clause to answer the said End, may be mentioned accordingly. As to his Excellency's Proposition of 4*d. per* Day, this House has given the Sum of *Seven Hundred* and *Eight Pounds, Sixteen Shillings*, for the Recruiting his Majesty's Companies at *Albany*, with 100 Men, and the Encouragement of his Majesty's three Companies posted there, which they esteem sufficient Encouragent, for the answering the said Service, without any Alteration, And as to the *Seven Hundred* and *Ninety One Pounds, Four Shillings*, raised for the raising of 20 *Christians* and 16 *Indians*, to be employed as Scouts, for the ranging of the Woods, to discover the Motion of the Enemy, We humbly conceive it to be of great Service for the Security of the Frontiers, and reasonable that the said Sum be so applied accordingly. And as to these Words, *To no other End or Purpose*

poſe whatſoever, alledged to circumſcribe his Excellency, the Houſe cannot conceive any ſuch Conſtruction to be put upon them, being only intended to declare the Application of the Uſe, for which they have raiſed that Money, and not in any Manner to circumſcribe his Excellency, in the Execution of any of his Power, and therefore humbly pray, the ſaid Bill may paſs without any other Alteration, ſave only what relates to the Intereſt.

The further Conſideration of the ſaid Heads, left till To-morrow Morning, 8 o'Clock.

Adjourned till 8 o'Clock To-morrow Morning.

A Meſſage from his Excellency and Council, by Col. *Smith* and Col. *Heathcote*, as alſo a Copy of the more particular Heads of his Excellency's Speech to the Houſe Yeſterday, which was read to the Houſe, as followeth, *viz.*

At a Council held at his Majeſty's Fort, *in* New-York, *the* 13*th of* April, 1697.

PRESENT,

His Excellency Benjamin Fletcher, *&c.*

Ordered,

"COL. *William Smith* and Col. *Caleb Heathcote* do wait upon the Houſe of Repreſentatives, and acquaint "them, That his Excellency deſires to know, if they have "conſidered what was offered to them Yeſterday, and that "for their better Remembrance, his Excellency has ſent them "the Heads of what he did offer, in writing, as alſo a Letter "from the Sheriff of *Weſtcheſter*; and that the Governor and "Council, deſire the Opinion of the Houſe, about this De-"fection of the Towns of *Rye* and *Bedford*."

per Order,

David Jamiſon, *Cl. Council.*

The more particular Heads of what his Excellency was pleaſed to offer to the Houſe Yeſterday, is as followeth, *viz.*

Mr. Speaker, and you Gentlemen Repreſentatives,

I *Sent for you to have a right Underſtanding of the Bill, whereby you raiſe* Fifteen Hundred Pounds, *for your own Security: The Sum would anſwer the Service for that Time, if rightly appropriated. But firſt, Conſideration ought to be had, That the Companies on the Frontiers, are to be recruited the firſt of* May *next*; *the firſt Payment of this Money is the* 29*th of* September, *and no Clauſe in the Bill for Intereſts ſo that levy Money cannot be paid in Hand, and conſequently none will inliſt. Beſides, the* 4d. per *Day is cut off, which is ſo great a Diſcouragement, that no new Men will enter, nor the old Men be kept from Deſertion, as I told you, that kept our Men together, none had Deſerted, when they found it paid, ſo the taking it off, will make them Run. You all know the King's Pay does no more than feed them,* 2d. Sterling *is ſloped in* England, *to anſwer Cloathing.*

You take no Notice of my Company, who by Detachments have rolled upon Duty in the Frontiers, Part of them were with me all this Winter, and a Detachment of them have been twice on board the Richmond *Frigate, to ſtrengthen her in her Cruiſing, and prevent the preſſing of your Seamen. But I wave that.*

The Sum of Seven Hundred *and* Ninety One Pounds, Four Shillings, *is an extravagant and unneceſſary Charge (being to keep* Indians *at* 18 d. *a Day, and Chriſtians at* 3s. *a Day, in conſtant Pay for Six Months, as Scouts) the Companies being compleated, it will be better performed for* 200 l. *for Encouragement of ſuch as march upon that Service, and only paid for ſuch Days as they are upon that Duty, which is directed by my Inſtructions to the commanding Officer in that Garriſon, a Copy of which is left in the Hands of the Mayor. It is very neceſſary a Sum of Money be lodged at* Albany, *to pay them punctually as they come in from their Marches, and do Execution upon the Enemy.*

The Money you ſo generouſly give will anſwer all that I propoſed to you, the Intereſt, Levy Money, Groat a Day, *for* 300 *Men, and Scouts for that Time, if it were not ſo circumſcribed in the Bill. I have been at* Albany *long enough to judge what Methods are proper for the Security of that Place, and will, at the Hazard of my Life, undertake the Defence of it, if the Aſſembly pleaſe to anſwer what I laid before them, at the Opening of this Seſſions, and the Sum granted will anſwer what I propoſed, therefore I deſire you will go together, and conſider of it. I pray God direct you,*

Adjourned till 2 o'Clock Afternoon.

CAPT. *Stillwell* brought a Meſſage into the Houſe (which he ſaid Col. *Bayard* delivered into his Hands) from his Excellency and Council, which was read, as followeth, *viz.*

At a Council held at Fort William Henry, April 14, 1697.

PRESENT,

His Excellency Benjamin Fletcher, *&c.*

Ordered,

"COL. *Stephanus Cortlandt*, Col. *Nicholas Bayard*, Col. *William Smith*, *William Pinhorn*, Eſq; and "Col. *Caleb Heathcote*; be a Committee of the Council, to "confer with a Committee of the Houſe of Repreſentatives, "upon the Reſolves ſent up Yeſterday Afternoon, from the "Houſe to his Excellency, at the Houſe of Col. *Cortlandt*, "at 10 o'Clock this Day. And that Col. *Nicholas Bayard*, "do wait upon the Houſe, and deſire a Committee may be "appointed for the Conference accordingly." *per Order*,

David Jamiſon, *Cl. Council.*

Upon the Reading the ſaid Meſſage;

Ordered, That Capt. *Jackſon*, Mr. *Renſſelaer*, Major *Howell*, Mr. *Abeel*, Capt. *Schuyler*, Major *Weſſells*, Capt. *Stillwell* and Mr. *Van Ecklen*; be a Committee of this Houſe, to confer with the Committee of the Council, upon the ſame Reſolves. And that they meet at the Time and Place appointed accordingly. And,

Ordered, That Captain *Jackſon* and Mr. *Renſſelaer*, do wait upon his Excellency and Council, with this Order of the Houſe.

The Houſe having taken into their Conſideration, that Part of the Meſſage from his Excellency and Council, relating unto the Defection of the Towns of *Rye* and *Bedford*, in the County of *Weſtcheſter*, within this Province; upon Examination do find, That for theſe twelve Years now laſt paſt, the Towns of *Rye* and *Bedford*, have been under the Government of this Province, and have been protected by the ſame, and held and enjoyed all the Privileges, Advantages and Benefits, that any of his Majeſty's Subjects do poſſeſs and enjoy, by Virtue of the Laws thereof; without the Pretence, Claim or Moleſtation of any other Perſon or Government whatſoever; and as ſuch have tied themſelves by their Allegiance unto his Majeſty's Government of this Province, and have been contributing, in their Proportion, both to the Support of his Majeſty's ſaid Government, and the Defence and Security of the ſame on the Frontiers at *Albany*, and therefore are humbly of Opinion; That the Inhabitants of the ſaid Towns of *Rye* and *Bedford*, in the County of *Weſtcheſter*, ought not to continue in their Defection, nor depart from their Allegiance to his Majeſty, in his Government of this Province, nor revolt from the ſame, by joining themſelves unto the Government of *Connecticut*, without a Violence to the Faith and Allegiance they ought to bear unto his moſt Sacred Majeſty, and thereby incurring the Pains and Penalties eſtabliſhed by Law, upon ſuch as rebel againſt his Majeſty's Government. And alſo conceive, that the late appearance of Major *Sillick*, with a Troop of Dragoons armed, to diſturb the Sheriff in the

the Execution of his Majesty's Writ for the Election of a Member, and to the Terror of his Majesty's Subjects there assembled, for that Service at the said Town, to be a forceable Invasion of the Majesty's Right and Dominion over this his Majesty's Province, having no Pretence nor Claim to the same; because at the Time of the late Revolution, when the Inhabitants of the said Colony of *Connecticut* did resume their former Charter Government, they did in no Ways or Manner resume any Right, Pretence or Claim unto the aforesaid Towns of *Rye* and *Bedford*, but suffered the same to remain and continue as Members of this Province, and as such his most Excellent Majesty was possessed thereof, by his Letters Patent unto Col. *Slaughter*, late Governor of this Province, to whom the said Inhabitants of *Rye* and *Bedford* rendered an entire Obedience, and have continued in the same under your Excellency's Administration of his Majesty's Government over this Province. Do therefore most humbly address your Excellency, That your Excellency would be pleased to issue out your Excellency's Proclamation, requiring the Inhahitants of the said Towns to return unto their Faith and Allegiance they owe unto his Majesty, as his Subjects in this Province, at a certain Day. And that your Excellency will be pleased to assure them of his Majesty's Grace and Pardon upon that Condition; otherwise that they may be proceeded against as the Law directs. And at the same Time that your Excellency would represent unto the Government of *Connecticut*, the great Evil they commit by protecting such of his Majesty's Subjects that have revolted from their Allegiance to his Majesty's Government of this Province; and that they have thereby lessened the Strength of his Majesty's Government here, being a Frontier Province, and by that Means given great Advantage to his Majesty's declared Enemies, the *French*; and that they would for the future desist from the same. And that if they have any Right or Claim in the Law to those Towns of *Rye* and *Bedford*, that they may apply unto his Majesty, who is the sole Judge of the Extent and Limits of his Dominions in *America*, and submit the same unto his royal Determination; and not by Force enter upon his Majesty's Dominions, to the evil Example of those disaffected to his Majesty's Government and Empire, and the disuniting of the Strength of his Majesty's Subjects, now necessary to be employed with Vigour against his Majesty's Enemies, the *French*. Which is humbly submitted unto your Excellency's prudent Conduct and Consideration.

Ordered, That this Address to his Excellency be copied out fair, and sent up to his Excellency and Council.

Adjourned 'til two o'Clock Afternoon.

Die Mercurij, 2 ho. P. M. April 14, 1697.

Ordered,

THAT Captain *Reade*, Colonel *Beekman*, Captain *Whitehead*, and Mr. *Tuthill*, do wait upon his Excellency and Council, and carry up this Address. The Gentlemen returned, report, That they had waited upon his Excellency, as ordered, and delivered unto his Excellency the said Address.

Major *Howell*, Chairman of the Committee appointed to confer with the Committee of the Council, *&c.* doth report, That according to the Order of this House, they had attended the Gentlemen of the Council, appointed to confer with them upon the subject Matter of the Resolves of this House, sent up Yesterday; and that upon the whole Matter, after some Time spent, and many Debates thereon, they found nothing new offered by them, but what had been fully before debated in this House; and therefore that they conceive no Reason to depart from the Resolves of this House, the subject Matter of the said Conference.

The House does approve of this Report, and order, That Major *Wessels* and Mr. *Tuthill* do wait upon his Excellency and Council, and desire the Dispatch of the said Bill.

Major *Wessels* returned, reports, That he had delivered the said Message to his Excellency.

COLONEL *Monvile* brought down two Bills, the one entitled, *A Bill to enable the City and County of* Albany *to defray their necessary Charge*, together with the Amendments, which was read, and the House cannot agree thereunto, because the income of the said Duty is so little, that it will scarce defray the yearly Charge that must arise by the said Amendments. And therefore humbly Pray that it may pass without the said Amendments.

Adjourned 'til 2 o'Clock Afternoon.

Die Veneris, 2 ho. P. M. April 16, 1697.

THE House cannot agree to the Amendments in the Bill sent down this Morning by Colonel *Monvile*, entitled, *A Bill for the raising the Sum of* One Thousand Five Hundred Pounds, *&c.* because they conceive there will be no Surplusage, if the Service be executed as the Bill directs. As to the next Amendment, they cannot agree to change the Time mentioned in the Bill, because it will be impossible to collect the Money to be paid by the first of *June*, and therefore humbly pray that the Bill may pass without any Alteration.

May it please your Excellency,

WE *humbly presume to acquaint your Excellency, that after many Debates and Expence of Time, this House came to a Conclusion of framing this Bill, with Intent that it might give*

your Excellency entire Satisfaction, and ſecure the Frontiers; but it ſeems it hath not met with that deſired Effect, nor by any Conference had thereupon, nor Amendment ſent down with the ſaid Bill, been able to alter or change the Thoughts of this Houſe, who continue in the Opinion, That it ought to paſs without any Alteration. But in Regard the Bill does not paſs without apprehenſion that may cauſe much Diſcontent in the Frontiers, and by that Means leſſen the Strength thereof; Therefore the Houſe having taken the ſame into their ſerious Conſideration, humbly pray that your Excellency would be pleaſed to make a favourable Conſtruction on all their Proceedings, they having no other Intent than to aſſiſt your Excellency in the ſecuring of the Frontiers with their utmoſt Endeavours, according to their Ability.

And to evidence their Readineſs to aſſiſt your Excellency accordingly (and if your Excellency do not ſee Cauſe to paſs the ſaid Bill in Manner therein expreſſed) the Repreſentatives do humbly propoſe unto your Excellency, That they are willing, for the Encouragement of his Majeſty's Companies, to raiſe the Sum of One Thouſand, Eight Hundred Pounds, *to be diſtributed amongſt the ſaid Companies, for their better Subſiſtance, provided that your Excellency will take Care, that there ſhall be poſted at* Albany, *for the Security of the Frontiers, in his Majeſty's Fort, in the City and County there,* 300 *effective Men, to continue and abide there, for that Service, one whole Year, from the firſt of* May *next, until the firſt of* May, *in the Year of our Lord* 1698. *And alſo to raiſe the Sum of* Four Hundred Pounds, *to be lodged at* Albany, *to be diſtributed amongſt thoſe, that ſhall be employed as Scouts upon Occaſion, and that the Inhabitants of this Province be, during the ſaid Time, freed from Detachments, and any other Supply for that Service, unleſs in the Time of inevitable Neceſſity. Which is humbly ſubmitted unto your Excellency's prudent Conſideration, and offered in Evidence of the Loyal Affection they bear unto his Majeſty, and Willingneſs to aſſiſt your Excellency, in ſecuring the Province, to the utmoſt Extent of their Ability.*

Ordered, That Capt. *Schuyler*, Major *Howell*, Capt. *Jackſon*, Major *Demiere*, Capt. *De Key*, Capt. *Stillwell*, Mr. *Purdy*, Mr. *Sebring* and Major *Weſſells*; do wait upon his Excellency with this Addreſs.

The Gentlemen returned, report, that they had delivered the ſaid Addreſs to his Excellency, after the reading the ſame by Major *Demiere*, Chairman.

Adjourned till 8 o'Clock To-morrow Morning.

Die Sabatii, 8 *ho. A. M. April* 17, 1697.

MARTIN Clock, having produced Certificates under the Hands of *Peter Schuyler* and *Barnet Lewis* (according to the Order of this Houſe) of his Service, as Lieutenant, at *Albany*, for the Security of the Frontiers, until the 24th Day of *April* 1691, are of Opinion, That he ought to be allowed his Pay from the 28th Day of *March*, until the 24th Day of *April* 1691, according to Eſtabliſhment.

A Meſſage from his Excellency and Council, by Judge *Pinhorn*, which he read to the Houſe, as followeth, *viz.*

Gentlemen,

"IN Anſwer to your Addreſs read unto me laſt Night, I have told you before, the Sum which you ſo gene-
" rouſly give in your Bill, would anſwer the End, which I
" did propoſe, and the Reaſons why I could not paſs it, if
" your Bill had been ſo framed as to anſwer my Propoſals in
" the Diſpoſition of the Money. I did likewiſe undertake,
" for the Security of the Frontiers, with the Hazard of my
" Life. His Sacred Majeſty did ſee Cauſe, to entruſt me with
" the Care of this Province, and I think I have been long
" enough here to know what is proper for the Defence of it.
" I do not call in queſtion your good Intentions to enable
" me to ſecure the Frontiers. If after all your long Debates
" and Expence of Time, you ſee no Cauſe to alter or change
" your Thoughts, as to the Uſes in that Bill, I do not ſee
" Cauſe to paſs it, in the Manner therein expreſſed; and
" therefore I chooſe rather to accept of your preſent Propoſi-
" tion, although I perceive therein, that allowing 4*d.* a Day
" to 300 Men, for one Year, there is no Proviſion for Levy
" Money, which muſt be had the firſt of *May* next, nor any
" mention made of the Time of Payment, which I would
" have as ſoon as may be, and rather at three Payments than two,
" that it may the better anſwer the Service; I ſhall endeavour to
" make it go as far as it can, and aſſure you it ſhall be applied to
" no other Uſe or Intent, than the Service you propoſe. If the
" leſſening the 4*d.* a Day, which you have formerly enabled
" me to give (which muſt neceſſarily follow, when Men can-
" not be had without Levy Money) have any ill Effect to the
" Diſcouragement of the Men, I hope you will be my Wit-
" neſſes, That I have endeavoured to prevent it, as I ſhall
" endeavour it.

Gentlemen,

" I return you Thanks for the Sum you propoſe to give,
" and pray that you may diſpatch, for the Time draws near
" when the laſt Recruits will be diſcharged."

Mr. *Jamiſon*, Clerk of the Council, brought a verbal Meſſage from his Excellency and Council, acquainting the Houſe, that his Excellency had been pleaſed to paſs the Bill, for the raiſing the Sum of *Two Thouſand, Three Hundred Pounds*, without Amendments.

The ſame Bill read the third Time, and paſſed; and ordered to be ſent up unto his Excellency and Council for their Aſſent.

The Houſe having under their Conſideration, the Report of the Committee, appointed to examine into the Allegations of the Petitioners, *William Merret*, and others, and finding it ſo general, that they cannot make any Order thereon, to the juſt Satisfaction of the Petitioners, but upon a Review of the former Audit, and the Report of a Committee, formerly appointed in Aſſembly, to examine the ſaid Matter, That it was the Opinion of the Repreſentatives convened in General Aſſembly, That a Warrant ought to have been iſſued out to call them reſpective Sheriffs, mentioned in the ſaid Audit, to an Account for the reſpective Sums of Money by them received, that the ſame might be applied to the Paying and Satisfying the aforeſaid Petitioners. And if upon ſaid Inquiſition it was found that the reſpective Sheriffs have paid any of the Sums contained in the ſaid Audit, and the ſame hath been applied to any other Uſe, Then that ſuch Perſons as have received any of the ſaid Money, ought to account to the Petitioners for the ſame. And having ſince ſeen a Certificate that ſome of the Sheriffs have received their *Quietas* for the ſaid Sums, this Houſe are of Opinion, That the Sums of Money due unto the Petitioners, by the ſaid Audit, ought to be paid by the reſpective Sheriffs unto the ſaid Petitioners, before they could juſtly obtain any *Quietas*, to diſcharge them from the reſpective Debts therein mentioned; and that ſome ſpeedy Courſe ought to be taken, to give the Petitioners juſt Satisfaction in their Demands, that the Credit of the Publick may not be longer ſtained. And if it doth appear that the aforeſaid Sheriffs, have paid any of the Monies due by them, and the ſame hath been employed to any other Uſe for the Publick Service, that in ſuch Caſe, the Revenue ought to account for, and pay unto the ſaid Petitioners, what hath been in that Manner applied. And humbly Addreſs his Excellency, That his Excellency would be pleaſed to iſſue out his Warrant accordingly, that the ſaid Petitioners may not be longer ſo grievouſly vexed and delayed in their juſt Claim and Demands.

Ordered, That Mr. *Abeel* and Mr. *Renſſelaer*, do wait upon his Excellency and Council with the ſaid Bill, &c.

The Speaker brought in a Bill, entitled, *A Bill for the continuing and confirming two Acts paſſed in the fifth and ſeventh Years of his Majeſty's Reign, for the eſtabliſhing Courts of Judicature*, &c. *for one Year longer after the Time mentioned, in the ſaid Acts expires, by their own Limitation.* The ſaid Bill read the firſt Time, and ordered a ſecond Reading.

THE Houſe met according to Adjournment, and ſent a Meſſage, by Mr. *Benjamin Jackſon*, Clerk of the Aſſembly, to his Excellency, to know whether he was ready to receive them; unto which he anſwered, he was ready, and accordingly, the Houſe attended his Excellency, in the Fort; where the Council being met, his Excellency was pleaſed to make the following Speech; and deliver it to Mr. Speaker in writing.

Which the Houſe ordered to be entered, *viz.*

Gentlemen,

MY Voyage hither from England, *was very tedious, and attended with great Hardſhips; but ſince my being among you, I have endeavoured to redeem that Loſs of Time, by applying myſelf diligently to the publick Buſineſs, in Duty to his Majeſty, and that I might be the better enable to ſerve you.*

I cannot but obſerve to you, what a Legacy my Predeceſſor has left me, and what Difficulties to ſtruggle with; a divided People, an empty Treaſury, a few miſerable naked half ſtarved Soldiers, not half the Number the King allowed Pay for, the Fortifications and even the Governor's Houſe, very much out of Repair; and in a Word, the whole Government out of Frame. To you therefore, I recommend the Conſideration of theſe Diſorders, as beſt becoming your Prudence, to apply the proper Remedies; and you may be ſure of my hearty Concurrence, in every Thing that will conduce to the extinguiſhing thoſe Heats and Animoſities among you, which I fear, have been of late Years, induſtriouſly cheriſhed and fomented, and to the curing all the other Diſorders and Miſchiefs among you.

It hath been repreſented to the Government in England, *that this Province, hath been a noted Receptacle of Pyrates, and the Trade of it, under no Reſtriction; but the Acts of Trade violated, by the Neglect and Connivance of thoſe, whoſe Duty it was to have prevented it. I hope, Gentlemen, you will put all the Diſcountenance imaginable, on that flagitious Crime of Piracy, which is not only the worſt Sort of Robbery, but is for the moſt Part attended, with the horrid Sin of Murder, which is a great Aggravation of that odious Practice, deteſted by all the civil Nations of the World; it is not only injurious to the Honour of his Majeſty, and the* Engliſh *Nation, but alſo highly prejudicial to the Trade of* England, *and particularly to the* East-India *Company; and the Gentlemen of the Court here preſent, will bear me Witneſs, that my Orders from his Majeſty, are very ſtrict for enquiry into, and effectually preventing for the Future, that lawleſs and vile Trade of Piracy, within all my Governments.*

As I have declared myſelf againſt Piracy and all unlawful Trade, ſo I muſt aſſure you, I will give you all the Encouragement I can poſſibly, in carrying on a lawful Trade, and every Thing elſe, that will make you happy and flouriſhing.

Mr. Speaker, and you Gentlemen Repreſentatives,

I hope you will take into your Conſideration, that the Revenue is near expiring, and that you will provide for the Support of the Government, for the Time to come; and therein give me leave to

put you in Mind, that your Duty and Reſpect to his Majeſty, ſhould be an Argument to you, not to leave the Government deſtitute. It would be hard, if I that come among you with an honeſt Mind, and a Reſolution to be juſt to your Intereſt; ſhould meet with greater Difficulties in the Diſcharge of his Majeſty's Service, than thoſe that have gone before me. I will take Care, there ſhall be no Miſapplication of the publick Money: I will Pocket none of it myſelf, nor ſhall there be any Imbezelment by others, but exact Accounts ſhall be given you, when, and as often, as you ſhall require it.

I have ordered all the Accounts to be laid before you, that you may ſet a State of the Debts of the Government, and take ſuch Courſe for the Diſcharge of them, as you ſhall think fit. I wiſh too, you would conſider, how to reſtore Credit to the Government, which I underſtand is now very low, if not wholly loſt.

I have ordered the Engineer to go and viſit the Frontiers, and to report to me, the State and Condition he finds the Fortifications in; which Report, I intend for you, as ſoon as it comes to my Hands.

Gentlemen,

I muſt remind you of the Neceſſity there is of finding out ſome Expedient, to reconcile the Parties among you. I muſt own to you, I ſet my Heart ſo much upon it, That I ſhall think it the Glory of my Government, to bring ſo good a Work to paſs; I deſire therefore, you will think of the proper Methods to effect an entire Reconciliation among you; to be of one Faith and one Mind, is not only an excellent Scripture Rule, but alſo a good Maxim in Government: Union among ſt a People, is the Bond of Peace, and of Strength too.

You cannot but know what Abuſes, have been formerly in Elections of Members, to ſerve in the Aſſembly, which tends much to the Subverſion of your Liberties; I do therefore recommend to you, the making a Law to provide againſt it, and that you will think of ſuch other Laws, as you ſtand in Need of to ſecure this Province a laſting Happineſs, to which I promiſe you my Concurrence.

I ſhall conclude, Gentlemen, with recommending that, which is chiefly incumbent on us all, an inviolable Duty and Allegiance to his Majeſty, who by his Valour, has reſcued us from the two greateſt Plagues, that ever infeſted the World, Popery *and* Slavery; *and by that, and his wiſe and temperate Government, has ſecured us the free Exerciſe of our holy Proteſtant Religion, the Enjoyment of our Liberties and Eſtates; and as a further Inſtance and Illuſtration of the Glory of his Reign, his Majeſty, has with repeated Hazards of his precious Life, procured for us and all Chriſtendom, a glorious Peace; for which, Gentlemen, let us addreſs his Majeſty, that he will be graciouſly pleaſed to accept of, the Tender of our moſt humble Duty and Thanks.*

And his Excellency in Council, being pleaſed to approve of Mr. *Phillip French* for Speaker, the Houſe returned, and Mr. Speaker aſſumed the Chair, and the Houſe *Reſolved*, That his Excellency's Speech ſhould be then read, and it was accordingly read to the Houſe.

Ordered, That the Thanks of this Houſe, be given to his Excellency, for his favourable Speech.

Gentlemen,

THERE *had been no Occasion for calling you at this Time, if the last Assembly had answered the good Ends I proposed to myself, for the King's Service and that of the Province; but having sat a whole Month and done no Business, I thought it adviseable to dissolve them; and the rather, because there were great Heats and Divisions among them, which I found impracticable for me to compose or put an End to.*

You need not be told to what a Degree, Faction and Sedition have taken Root in this Town; 'tis a Thing so generally known. And there has been the most Industry used by some ill Men, to spread the Infection all over the Province, and to alenate the Affections of the People, by false Suggestions and Notions of their Independence from the Crown of England, *and that 'tis a Violence and Wrong done them, that* England *should put a Limitation on their Trade. How extravagant and wild is this Notion! does not* England *put a Restriction on its own Trade, in some Cases? And as for Pyracy, which some People are so fond of here, 'tis held in such Abomination, as not to be known or practis'd there. People must not be deceived, this Province is Subject to the Crown of* England, *and 'tis its greatest Glory and Happiness that it is so. For by that Means, the People are entitled to the Protection of the Crown of* England, *and 'tis its greatest Glory and Happiness that it is so. For by that Means, the People are entitled to the Protection of the Crown, and are under the best and bravest People in the World, the People of* England, *and they must be obedient to* English *Laws; 'tis their Duty and Interest so to be. And the angry Men of* New-York, *must not expect from me, that Connivance at their ill Practices, that they were accustomed to some Years before my coming to the Government. The Oath of a Governor, the Laws of* England, *and the King's Instructions, which are made to square with the Laws, are sacred Ties and Obligations with me.*

I have observed great Marks of Irreligion and Immorality in this Place; and I take it to proceed from a long Habit of breaking the Laws, which has introduced licentious and dissolute Living: And nothing can rectify or reform our Lives and Manners but Religion: Religion is of that admirable Frame and Temper, it inflames us with a true Devotion to our great Maker, which is our most reasonable Service. Then it fits us for all the Ends of civil Society, by uniting our Minds, Affections and Interests; it makes us good Men: And good Men, will of Course be good Friends, good Neighbours, good Subjects, and good Patriots, that is Lovers of their Country and obedient to its Laws.

Now that I have stated to you the unhappy Circumstances we are in, by the Contrivance of ill Men, I shall proceed to recommend to your Thoughts, a few Things which are necessary for the Support and Peace of the Government, and will be a manifestation of your Duty and Affection to the King.

I therefore propose to you, Gentlemen of the House of Representatives, the Continuance of the present Revenue, (which will otherwise shortly expire) for what Number of Years you shall think fit. I found the Government very considerably indebted when I came to it, and it cannot be expected that Debt should be much lessened, in so short a Time as I have been here: And I could wish you would put the Government on a clear Foot, by finding a Way to discharge that Debt. The publick Accounts I have ordered to be prepared for you, with an Estimate of the Debts of the Government. I promise you, I will be as good a Husband of your Money, as 'tis possible for me to be; and when 'tis either misapplied or mismanaged by my Means, I shall not take it amiss, if you put me in Mind of my Want of Care therein. To induce you to the Continuance of the Revenue to the Crown, I cannot set before your Eyes a better Example than that of the great and glorious People of England, *who out of a Sense of the inestimable Advantages they were restored to by the King, freely, and without the least murmuring, supported him in a long and expensive War, well knowing he bravely fought for the Liberties of all the Christian World, and that they had as great a Share, as any other in that Quarrel; wherein also, his Majesty often ventured his royal Person, with the meanest Soldier in his Armies. Besides the King considering this Province, as a Barrier between the* French *of* Canada *and his other Plantations, and therefore most exposed, was pleased to take a peculiar Care of you, having been at great Expence this last War in paying for 400 Men, and maintaining a Man of War for your Defence, and constantly supplying you with Stores of War. These are such Obligations, as I hope you will not only remember in the Manner I have now recommended, but also with your earnest Prayers to God, for his Majesty's long Life and prosperous Reign over you.*

The next Thing I recommend to you, is the reconciling of People and Parties, which will be a glorious Work, and will, I doubt not, be easily accomplished by your prudent Care; you all know the Mischiefs, both publick and private, that Feuds and Divisions bring on a People or Nation. They cause an Interruption in Trade, by the Discord they make in private Families and Friendship: And next to a civil War, 'tis the most unhappy State and Condition a Country can be in. I will heartily join with you in such Methods, as shall be thought adviseable for the Procurement of a thorough Reconciliation of Parties. And that you may induce others to be peaceably and charitably minded, I earnestly recommend to you, Gentlemen Representatives, that you manage your Debates and Proceedings in your House, with that Calmness and Moderation, that becomes the Prudence of Men, that are under such a Trust from their Country. The present Conjuncture requires it from your Hands; the King will thank you, the World will applaud you for it, and God will bless and prosper you and your Affairs.

I must acquaint you with the Circumstances of our five Nations of Indians, *with whom I had a Conference this last Summer at* Albany, *and then fixed their Friendship and Fidelity to the Crown, by extraordinary Presents and kind Usage; and they parted with me in all the good Humour imaginable. But I am lately advised they are grown very uneasy and dissatisfied at the* French *Governor of* Canada's *detaining some of their Friends Prisoners, notwithstanding the late Treaty of Peace, which is a very unfair Practice in that Governor. You shall have all the Memorials and Proceedings with our* Indians *laid before you, that you may advise me what Measures to take, for preserving them firm to the Interest of the Crown, and this our own Province, which is a Thing of very great Consequence, and deserves as much as any Thing whatsoever, to be the Subject of your Thoughts and Determination.*

I am ordered by the King's Instructions, to prepare and offer you two or three Bills, for your passing; which will be for the Service of the Province, and such other Things as you shall judge proper to offer me for the securing your Liberties, and advancing your Trade, I promise you my Assent to their passing into Laws, provided they be not repugnant to the Laws and Interest of England.

Reſolved, That upon reading the Petition of the Gentlemen above named, and the Sheriffs anſwer thereto, and hearing the Parties, it is concluded by the Committee, that the Return of the Repreſentatives of the City and County of *New-York*, made by the Sheriff, is good and according to Law.

And as to the other Matters alledged, the ſaid *Abraham Gouverneur*, acknowledging that he was of foreign Birth, but producing a Certificate, under the Hand and Seal of the Mayor, as well as by the Oaths of Dr. *Kerfbyl* and Mr. *Bleker*, it does appear, that he was actually in this Province, in the Year 1683, before, and at the Time, of the Act of Aſſembly, for naturalizing all ſuch, as were of Foreign of Birth was paſſed, in the Time of Col. *Dongan*'s Government, and therefore are of Opinion, that he hath the Benefit of the ſaid Law, and is naturalized in the ſame Manner, as all the reſt in this Province, who have the Benefit of the ſame Law. THE *Repreſentatives convened in General Aſſembly, are ſo ſenſible of the great Service done to his Majeſty and this Province, in the Negociation your Excellency had with the five Nations of* Indians, *when your Lordſhip was at* Albany; *that they cannot, but with the greateſt Fervency of Affection, expreſs their Acknowledgment thereof, having obſerved by your Excellency's great Prudence and Conduct in that Matter, you had ſweetned their Humour, which had been much ſowered by the great Diſappointments they had formerly met with, which enraged them to ſuch a Degree, that if your Excellency's Care had not intervened, they would have deſerted their Friendſhip, and gone over to the* French, *which would have made the Peace more grievous to all the Inhabitants than the late War.*

Therefore we moſt humbly aſſure your Lordſhip, in the deep Senſe of the great Advantage, all the Inhabitants of this Province have obtained, by your Lordſhip's prudent Management of that Negotiation; that we will with the utmoſt of our Powers and Abilities, aſſiſt your Excellency in the Adminiſtration of your Lordſhip's Government, and pray for your Lordſhip's Proſperity and long rule over us; for the Honour of his Majeſty, and the Welfare of the Inhabitants of this Province.

THE engroſſed Bill, for indemnifying of all ſuch Perſons, as were excepted by an Act, in the Year 1691, read the third Time, and paſſed; and,

Ordered, That Col. *Pierſon*, Doctor *Kerſbyl*, Capt. *Whitehead* and Col. *Rutſen*, do carry up to his Excellency and Council, the ſaid Bill of Indemnity, *&c.* for their Aſſent.

Major *Howell*, Chairman of the Committe, to conſer with the Committee of Council, concerning the five Nations of *Indians*, reports, That purſuant to the Order of this Houſe, have conferred with the Committee of the Council, at the Time and Place appointed, and had come to this Concluſion, that the Inſtructions ſhould be given unto Capt. *John Schuyler* and Capt. *John Bleker*, or to ſuch other Perſons as his Excellency ſhall appoint, to go with all Speed to *Onondaga*, with the inſtructions hereafter following, which were read, and approved by the Houſe, and ordered that the ſame be entered accordingly, *viz.*

Inſtructions for Capt. *John Schuyler* and Capt. *John Bleker*, or ſuch other Gentlemen as his Excellency ſhall be pleaſed to appoint, to go to *Onondaga*, humbly offered to his Excellency the Earl of *Bellamont*'s Conſideration.

1. YOU *are to go to* Onondaga, *with all Expedition, and acquaint the Sachems of the five Nations in their General Meeting, that their ſending Meſſengers to treat with the* French *of* Canada, *is very ill taken by his Excellency, being of bad Conſequence, and uſe all the Arguments poſſible, to diſuade them from the like ill Practices for the future.*

2. *Your chief Buſineſs will be, to perſuade them to break off holding any Correſpondence with the* French; *for which Purpoſe, you muſt inſinuate to them the antient Covenat Chain, ſo often renewed at* Albany, *particularly this laſt Summer with his Excellency, when it was confirmed with greater Earneſtneſs than ever; and the five Nations then promiſed faithfully, that they would never fail of their Duty and Obedience to this Government, and never treat with the* French *any more, and it was concluded laſt Summer, if there was any ſolemn Negotiation with the* French *about the Priſoners, it was to be at* Albany, *when the Sachems of the five Nations ſhould have Advertiſement of it, in order that they might impower ſome of their Sachems to come to* Albany, *to be preſent at the Negotiation; and the five Nations cannot but remember, how that they have already delivered up five Priſoners, when the Lieut. Governor was there, in Order that there may be a general Exchange.*

That this Government hath always extended their Care and Protection over them; that on the contrary, the French *have always been perfidious to them, and when they ſpoke of Peace, they had War in their Hearts, inſtance* Cadaraqua.

You muſt tell them, they go to Canada *to aſk Peace and Forgiveneſs, whilſt in the mean Time, the* French *are afraid of them. Aſk the five Nations, if they can inſtance any one Thing, wherein they have found this Government unfaithful to them.*

That the French *have always done the firſt Miſchief, even in Time of Peace, and ought to beg their Pardon and Forgiveneſs in their own Country, if they deſire it.*

Tell them, that they are the Subjects of the great King of England, *who has made Peace with the* French *King in* Europe, *which includes*

includes all their Majesty's Subjects, and therefore they ought to depend upon that Peace so made, and that his Majesty of Great Britain *and this Government, will at all Times, justify their being such, and protect them as such.*

Tell that it is against the Honour of their Ancestors, to truckle to the French, *and their going to* Canada *for Peace, will be a Mark that they are in the Wrong, and bring them and Posterity into perpetual Infamy and Slavery to the* French, *for ever hereafter.*

That they must not suffer their private Indians, *to go and have any Communication with the* French *at* Canada, *for they desire no better Advantage than to infuse Lies and Stories into their Heads, on purpose to perplex them, and raise Jealousies to make them uneasy.*

As for the French *praying* Indians, *telling the five Nations not to hunt over the Lakes, for fear of the* Rondax Indians, *is a meer Scare Crow, to obstruct their Trade, and by such Means to keep them poor and despicable, which they are no Ways to regard, but if any disturb them in their Country or Hunting, let them resist Force with Force, and defend themselves.*

Tell them, they need not fear, but all effectual Means will be taken, to release the two Indians, *still detained by the* French *Governor, and it will be resented by the King of* England, *the keeping of his Subjects Prisoners, contrary to the Articles of Peace, and make strict Inquiry, how they have used and treated those Prisoners lately set free.*

You are to leave Jan Baptist *and* Amant *the Interpreter, at* Onondaga, *to watch the Motion of the said* Indians, *that they send no body to* Canada, *nor receive any Messengers from thence, to induce them to go thither.*

You are to use all your Endeavours to persuade the Sachems to Albany, *as formerly was proposed, and if they will bring the Prisoners with them, let them do it; and protest against their going with the Prisoners, directly from their Country to* Canada, *and tell them if they do, it shall be taken as a Violation of the Covenant Chain.*

You have herewith the printed Propositions, that passed between his Excellency and the five Nations at Albany *in* July *last, for to refresh your Memories, but in regard it is impossible to furnish you with such Arguments, as may be necessary to expostulate with the* Indians, *it is left to your Discretion, to use all your Art and Skill, by fair Means or otherwise, as you shall see Occasion, to hinder and prevent their keeping any Correspondence with the* French *of* Canada; *and if the* Indians *upbraid you, because Messengers have been sent twice from this Government, you may tell them, that when Col.* Schuyler *and Mr.* Dellius *went, it was to acquaint them of the Peace, and in pursuance to the Articles of Peace to exchange Prisoners; and when Capt.* John Schuyler *went to* Canada, *it was only to satisfy the five Nations, that there was no such Thing as an Army coming against you, as* Dekanissore *and the rest of the Sachems did apprehend; and if they alledge, that* Abraham Schuyler *and three more were at* Canada *this Winter, you may tell them, it was to see what their Messingers did there, who went contrary to their Engagement and Promise, made to his Excellency last Summer.*

As to what the French *observed to them, relating to the sending of Jesuits to them, in order to make them Christians, that if they be desirous to be instructed in the Christian Religion, this Government will take Care to provide them fit Persons for that End, therefore you must by all Means, persuade them not to suffer any Jesuits to live among them, for this Government cannot allow of any such Thing.*

The Memorial presented by the Mayor of the City of *New-York*, was read, and ordered to be committed to the Committee of Grievances.

Then the House adjourned till 10 of the Clock *Tuesday* Morning.

You are to use all your Endeavours to persuade the Sachems to Albany, *as formerly was proposed, and if they will bring the Prisoners with them, let them do it; and protest against their going with the Prisoners, directly from their Country to* Canada, *and tell them if they do, it shall be taken as a Violation of the Covenant Chain.*

You have herewith the printed Propositions, that passed between his Excellency and the five Nations at Albany *in* July *last, for to refresh your Memories, but in regard it is impossible to furnish you with such Arguments, as may be necessary to expostulate with the* Indians, *it is left to your Discretion, to use all your Art and Skill, by fair Means or otherwise, as you shall see Occasion, to hinder and prevent their keeping any Correspondence with the* French *of* Canada; *and if the* Indians *upbraid you, because Messengers have been sent twice from this Government, you may tell them, that when Col.* Schuyler *and Mr.* Dellius *went, it was to acquaint them of the Peace, and in pursuance to the Articles of Peace to exchange Prisoners; and when Capt.* John Schuyler *went to* Canada, *it was only to satisfy the five Nations, that there was no such Thing as an Army coming against you, as* Dekanissore *and the rest of the Sachems did apprehend; and if they alledge, that* Abraham Schuyler *and three more were at* Canada *this Winter, you may tell them, it was to see what their Messengers did there, who went contrary to their Engagement and Promise, made to his Excellency last Summer.*

As to what the French *observed to them, relating to the sending of Jesuits to them, in order to make them Christians, that if they be desirous to be instructed in the Christian Religion, this Government will take Care to provide them fit Persons for that End, therefore you must by all Means, persuade them not to suffer any Jesuits to live among them, for this Government cannot allow of any such Thing.*

The ſaid Committee alſo reported,

Upon the Petition of *Jacob Leiſler*, Son and Heir of *Jacob Leiſler*, deceaſed, to them referred,

That they have examined ſeveral Perſons, relating to the ſaid Petition, and do find that there were of the Goods and Chattles, of the ſaid *Jacob Leiſler*, in the Fort, at the Time when he ſurrendered the Fort to Col. *Sloughter* and Col. *Philipſe*; and Col. *Monveil* acknowledged, that they had an Order from the Governor to deliver the ſame, but that they did not deliver any Merchandizes, but all other Things which is denied to be true by ſeveral Witneſſes. And they have alſo examined ſeveral other Perſons, relating to the Book of Accounts, of the Charges mentioned in the ſaid Petition, who all deny to know any Thing of it.

They are of Opinion, That according to the Act of Parliament mentioned in the ſaid Petition, the Petitioner is entitled, and that the detaining thereof is a general Damage to the Petitioner; for which he ought to have a Remedy.

And therefore humbly offer, That an Addreſs be made by this Houſe, to his Excellency and Council, to examine upon Oath, all ſuch Perſons as may be ſuſpected to have, or conceal any of the Premiſſes, in particular *Gabriel Monveil, Frederick Philipſe, Edward Antill, Jeremiah Tuthill*, Madam *Sloughter*, Col. *Cortlandt*, Mrs. *Hartman, Maritie Harricks*, Capt. *Syms*, Lieut. *Buckley, Matthew*

WHEREAS the Houſe of Repreſentatives of this Province, have been a full Houſe, met in General Aſſembly, now for the Space of twelve Days laſt paſt; and whereas his Majeſty's Council (in whom the Government of this Province is inveſted, by his Majeſty's Letters Patents) hath not been able to communicate, join and act with the ſaid Aſſembly, for his Majeſty's Service and the great Affairs of the Province, by Reaſon that Col. *William Smith*, eldeſt Counſellor preſiding in the ſaid Council, from the Day of the Meeting of the ſaid Aſſembly to this Day, hath not allowed and admitted, that the Senſe, Opinion and Judgment of his Majeſty's Council, or the major Part of them, ſhould be tranſmitted to the ſaid Aſſembly, as the Senſe, Opinion and Judgment, of his Majeſty's Government of this Province; but hath claimed and demanded to himſelf, the ſole Power of calling his Majeſty's Council only when he thinks fit, declaring that they cannot ſit and act without him, although his Majeſty's Affairs, ſhould neceſſarily require it in his Abſence; and that the Major Vote of his Majeſty Council, even of the Whole, cannot be an Act of Government, if he diſſents therefrom; the ſole Power of proroguing and diſſolving Aſſemblies, and the Prerogative of having in his ſingle Perſon a negative Voice, to whatſoever Laws may paſs a General Aſſembly, which are the higheſt Powers of a Capt. General, and this contrary to his Majeſty's Letters Patents, and expreſsly contrary to the ſaid Col. *Smith*'s Conceſſion, recorded in the Councils Book; that upon the Councils Admittance of this Proteſtation, deſiring a *Salvo*, to what Rights and Powers belong to him as Preſident, he was contented, for his Majeſty's Service and the Peace of the Province, to preſide in the ſaid Council, and be directed and concluded by the major Vote of them, and purſuant to the ſaid Conceſſion, the ſaid Col. *Smith*, even againſt his own Vote, by order of the ſaid Council, did actually put his Name to the ſeveral Proclamations, publiſhed by the Council, requiring this preſent General Aſſembly to meet at the Day they were prorogued to by his late Excellency, the Earl of *Bellamont*. That by the ſaid Prevarication of the ſaid Col. *Smith*, his Majeſty's Affairs may be no longer delayed and neglected, to the great Hazard of the Safety and Peace of the Province, and in diſcharge of our Oaths and Duty to his Majeſty, We the major Part of his Majeſty's Council, met in Council at this preſent Exigency, and that no further Delay may be given, to the preſſing Neceſſity of the Affairs of this Province; do offer to the Conſideration of the Houſe of Repreſentatives of this Province, the extraordinary Reaſons and Neceſſity of their preſent Meeting; and we do not Queſtion, but they will heartily join and aſſiſt us in ſo great Concerns, relating to his Majeſty's Service and the Peace of the Province.

1*ſt*, The Earl of *Bellamont*, the late Governor, did with the Knowledge of the Aſſembly, at their laſt Setting, and by the Advice and Conſent of his Majeſty's Council, prorogue them to this Time, believing it for his Majeſty's Service they ſhould now ſit.

2*d*. The Fort of *Onondaga*, amongſt the *Indians*, is to be built, and Money already raiſed by Act of Aſſemby, and now is the Time of the Year proper to begin it in; but the Earl of *Bellamont*, being appointed the chief Manager, it lay in his Breaſt where it ſhould be built, and his Death preventing the Determination of that Point, it is abſolutely neceſſary if that Work goes forward (which his Majeſty has ſo earneſtly recommended to the Aſſembly, and given Money out of the Treaſury of *England*, towards it's Charge) that the preſent Aſſembly, do determine the Place and Method of proceeding in it.

3*d*, The Sachems of the five Nations of *Indians*, have appointed to be at *Albany* the latter End of this inſtant *April*, and we believe it is abſolutely neceſſary, to contrive to continue them in Amity with the Crown of *England*; ſo that we offer to the Aſſembly, to conſult of fit Perſons to be appointed to do it, and to give proper Inſtructions for proceeding therein; which is of the greateſt Conſequence to the Province, either if Peace ſhould continue, or if War ſhould break out, and which is earneſtly recommended to us at this Juncture, whereby the laſt Letters from the Government of *New-England*, who are in fear of the *Indians* falling of.

4*th*, An Account being given us by the Agent in *England*, that he conſtantly receives the Subſiſtence of the Forces, in pay here; but hath not been able to procure Bills in *London*, to return it conſtantly, by which Means, there are no Monies here at preſent to pay the Forces, who are weekly ſubſiſted, nor can the Council at preſent, procure any Money on Bills given by the Government on the ſaid Agent; and although ſome of the Council have procured Money on Bills for *Three Hundred Pounds*, ſigned by the Gentlemen of the Council, in their private Capacities; for which their private Eſtates are liable, yet they find it very difficult to procure more; ſo that they had been left unpaid for this three Weeks paſt, if Col. *De Peyſter* and Mr. *Weaver*, had not ſubſiſted them out of their private Eſtates, who are not able to continue to ſubſiſt them, unleſs Money can again be procured on Bills; but it is very improbable ſo much can be, this Way found, as to ſupport the Forces till Money can be ſent from *England*; it is therefore abſolutely neceſſary, that the Aſſembly ſhould conſider of a Way to ſupport the ſaid Forces, that they may not diſperſe and leave the Garriſons unguarded, after his Majeſty hath been graciouſly pleaſed to be at ſo great a Charge, to ſend them hither, and ſubſiſt them here; beſides the great Danger and Hazard to the Province, by diſcouraging our *Indians* to make them fall of, and other diſmal Conſequences, unleſs Care be taken by the Aſſembly to prevent them, may attend the Province if a War with *France* ſhould break out.

5*th*, The Soldiers in pay of the Garriſon of *New-York*, although they have received their conſtant Subſiſtence, and have had greater Encouragement from the Council than formerly, yet ſince the Earl of *Bellamont*'s Death, near Forty have deſerted out of the two Companies; but for what Cauſe, and how to be prevented for the Future, requires the immediate Conſideration of this preſent Aſſembly.

6*th*, That the Forts of *Schenectady* and *Albany*, the Frontier Garriſons, are ſo decayed and out of Repair; That they are not tenable, Baſtions being fallen down, and the Guns diſmounted by the Defect of their Carriages, as likewiſe the Barracks ſo intirely ruined, that the Soldiers cannot lodge in them, but liable to the Hardſhips of all Weathers, as appears by Capt. *Weems* Memorial, ready to be laid before the Aſſembly; this will abſolutely require the Conſideration of this Aſſembly, and the Charge of making them capable of Defence, will be ſo great, and require that Diſpatch, that nothing but an immediate Seſſions of the Repreſentatives of the whole Province can procure.

7*th*, The Earl of *Bellamont*, hath made a moſt advantageous Bargain for Maſts and other Timber, for his Majeſty's Navy, which are now preparing ready to be ſent for *England*; but altho' the Earl made the Agreement with the Undertakers ſolely for his Majeſty's Uſe, and for no Benefit to himſelf, yet he engaged his own private Eſtate for the Payment of the Money, and gave his Bond amounting to *Eleven Hundred Pounds*, to be paid at ſeveral Payments, and at this Time about *Seven Hundred Pounds*, is become due; but the ſaid Earl not having left Eſtate here ſufficient to anſwer the ſame, and without the ſaid Payments, the Undertakers not being able to perform their Bargain, which is ſo beneficial to his Majeſty; and whereas we are informed, that a Maſt Ship may ſpeedily be expected from *England* hither, according to the Deſire of the Earl of *Bellamont*, to the Lords of the Admiralty, which Charge will be likewiſe loſt to his Majeſty, if the Maſts be not provided; we therefore think it abſolutely neceſſary, for his Majeſty's Service, that the Aſſembly ſhould find out ſome Way, that ſo noble a Deſign may not fall, which will be ſo great a Loſs to his Majeſty and the Crown of *England*, as well as to the Earl of *Bellamont*'s private Eſtate, engaged for this his Majeſty's Service.

Laſtly, That ſince the Adminiſtration of the Government of the Province by his Majeſty's Letters Patents, is in the preſent Council, yet the ſame is ſo much diſputed and debated, that we believe it moſt abſolutely neceſſary, for the Peace of the Province, that the Repreſentatives of the People now met in General Aſſembly, ſhould together with his Majeſty's Council, make a publick Declaration, whereby his Majeſty's Subjects of this Province, may be rightly informed and commanded to Obedience, to thoſe to whom his Majeſty hath intruſted the Adminiſtration of the Government of this Province.

And this we order to be entered in the Council Book, and to be forthwith tranſmitted to the General Aſſembly of this Province.

Abraham De Peyſter,
Samuel Staats,
Robert Walters,
Thomas Weaver.

Governor abſent) is now inveſted and belongs to, for the Information and Examination of this Houſe.

In Obedience to the ſaid Order, the Clerk of this Houſe, attended on Mr. *Weaver*, of whom he received the Earl of *Bellamont*'s Commiſſion, under the Great Seal of *England*, and two Minutes of Council, dated one of the 5th and the other of the 13th of *March* laſt, which he delivered Mr. Speaker.

Then the Houſe adjourned till Two of the Clock in the Afternoon.

THE Earl of *Bellamont*'s Commiſſion was read, and after ſeveral Debates,

The Houſe adjourned till To-morrow Morning, Ten of the Clock.

Die Mercurij, 10 *ho. A. M. April* 16, 1701.

THE Houſe being met,

Reſolved, That the Adminiſtration of the Government of this Province, and the Execution of his Majeſty's Commiſſion, granted to the late Earl of *Bellamont*, for the Government of this Province, is by the Death of the ſaid Earl, and the Abſence of the Lieut. Governor, inveſted in his Majeſty's Council of this Province, in which the eldeſt Counſellor reſiding in the ſaid Province, is to preſide with the Power and Pre-eminencies thereto belonging; but that the Adminiſtration of ſaid Government, and the Execution of ſaid Commiſſion, is not veſted in the eldeſt Counſellor, nor any other ſingle Member of the Council.

I have examined this, with the Paper that was ordered by the Houſe, to be entered as their Reſolve.

MAJOR *Matthew Howell*, Capt. *Daniel Whitehead*, Mr. *Killian Van Renſſelaer*, Col. *Henry Pierſon* and Major *John Jackſon*, having this Day delivered in a Paper to the Houſe, which was read; and ordered that the ſame lie under Conſideration.

Reſolved, That the Paper tranſmitted to this Houſe the 14th inſtant *April*, by the Council, and ſigned by the major Part of them, is, and ought to be received by this Houſe, as the Senſe of his Majeſty's Council, in which the Government of this Province is now veſted, and ought to be conſidered of accordingly.

Reſolved, That the Debates made in Council by Col. *Smith*, according to what his Majeſty's Council have repreſented to this Houſe, have been the Occaſion that the Proceedings of the General Aſſembly, for his Majeſty's Service have been ſo long delayed, to the great Hazard of the Safety and Peace of this Province.

Ordered, That the Commiſſioners of the Accounts, make their Report to this Houſe, on *Friday* next in the Afternoon.

Then the Houſe adjourned till Ten of the Clock in the Morning next Day.

Die Jovis, 10 *ho. A. M. April* 17, 1701.

Ordered

THAT Capt. *David Provooſt*, Capt. *John De Peyſter*, the Mayor of *New-York*, Capt. *Lewis* and *Cornelius Sebring*, Eſqrs, be a Committee of this Houſe, to examine and conſider of the Paper, delivered into this Houſe Yeſterday, by five Members of this Houſe, *viz. Matthew Howell, Daniel Whitehead, Killian Van Renſſenlaer, Henry Pierſon* and *John Jackſon*, which was under Conſideration of this Houſe, and that they report their Opinion thereof to this Houſe.

The Clerk acquainted the Houſe, he had Yeſterday, delivered to *Peter Begardus*, bound with his Sloop to *Eſopus* and *Albany*, a Letter ſigned *per* Mr. Speaker, directed for the High Sheriff of *Ulſter* and *Dutcheſs* County, to be delivered to the Members for that County, and a Letter to ſaid *Begardus*, directed to the High Sheriff of *Albany*, to be delivered to *Ryer Schermerhorn*, Eſq; ſigned alſo by Mr. Speaker, to require the Appearance of ſaid Members at this Houſe,

Capt. *David Provooſt.*

Reports from the Committee to this Houſe, That their Opinion is, of a Paper being delivered to this Houſe, by Major *Howell*, and Four other Members of this Houſe, and being read; was ordered to be conſidered by a Committee, to make Report thereof to the Houſe.

The Committee are of Opinion, That the Authors, Contrivers and Subſcribers, of the ſaid Paper, are highly diſloyal to his Majeſty and diſaffected to his Government; that the ſaid Paper tends very much to the Subverſion of his Majeſty's Government of this Province, inveſted by his Majeſty's Letters Patents, in the preſent Council, by whoſe Proclamation,

clamation, this Aſſembly was appointed to ſit, according to the Prorogation of the late Earl of *Bellamont*; that the ſaid Subſcribers, have by the ſaid Paper, offered the greateſt Scandal and Reproach to the whole Houſe of Repreſentatives; who have on Debate, *Reſolved*, That they are a Houſe legally aſſembled, and have proceeded to act as ſuch; the ſaid *Howell*, and the Four other Members, ſubſcribing, ſitting, voting and acting with them as ſuch, until the Time, and even after the delivering in of the ſaid Paper. The Committee are therefore humbly of Opinion, That the Subſcribers are all of them, liable to the ſevereſt Rebukes of this Houſe, for their Diſloyalty and Inſolence; and that Major *Matthew Howell*, being the Writer and Deliverer in of the ſaid Paper, be forthwith expelled this Houſe.

Per Order of the Committee,
David Provooſt, *Chairman.*

Which was read and approved of,

Ordered, That Major *Matthew Howell*, be expelled the Houſe accordingly.

Ordered, That the Speaker iſſue out his Warrant, to the Clerk of the Crown, to make out a new Writ for electing another Member for the County of *Suffolk*, for ſerving in this General Aſſembly, now ſitting, in the Room of Major *Matthew Howell*, expelled this Houſe.

Ordered, This Houſe, do this Afternoon, at Three of the Clock, reſolve it ſelf into a Committee of the whole Houſe, to conſider of the Propoſals made by the Council to this Houſe, and that the ſaid Committee make Report thereof, to this Houſe with all convenient Speed.

Then the Houſe adjourned till Two of the Clock in the Afternoon.

Die Jovis, 2 *ho. P. M. April* 17, 1701.

THE Houſe being met.

Reſolved themſelves into a Committee of the whole Houſe, and the Speaker left the Chair, and after ſome Time ſpent therein, Mr. Speaker re-aſſumed the Chair; and,

The Mayor of *New-York*, reported from the Committee of the whole Houſe, to whom the Conſideration of the Propoſals of the Council was referred,

That upon the Articles relating to the Fort of *Onondaga*, they are humbly of Opinion, That the building thereof, be ſuſpended until the Arrival of the Honourable *John Nanfan*, Eſq; Lieut. Governor, (who by the laſt Advice from *Barbados*, is daily expected) who is a martial Man, and experienced in warlike Affairs and Fortifications, but that an Addreſs be preſented by the Houſe to the Council, to deſire them to take effectual Care, that ſuch Part of the Monies, raiſed by Act of General Aſſembly, for the building that Fort, and are now in the Hands of the Executrix of Col. *Cortlandt*, that ſhe pay the ſame into his Majeſty's Receiver General of this Province, and that the Speaker draw up the ſaid Addreſs accordingly.

As to the Article relating to ſending Perſons to the five Nations of *Indians*, he reports, that they are of Opinion, That a Nomination of ſuch Perſons be put off for a Month, by Reaſon they hope the Honourable the Lieut. Governor will be here in that Time, whom they are aſſured of, will then take ſuch Care for that Affair, as may moſt conduce to the Honour of his Majeſty, the Intereſt, Peace and Welfare of this Province.

As to the Article relating to the Soldiers in his Majeſty's Pay, that they are of Opinion, That it is abſolutely neceſſary, that the Forces in pay, be conſtantly ſubſiſted and paid, and whereas the Gentlemen of the Council have intimated to the Houſe, the difficulty of procuring Money, for that no Bills will be taken from them, in their publick Capacity as a Government, and not ſufficient can be found on the private Bills, for the Payment of which their private Eſtates are liable, and that Col. *De Peyſter* and Mr. *Weaver*, had for theſe three Weeks paſt, ſubſiſted them on their own Charge without any Bills. It is the unanimous Opinion of this Committee, That the Thanks of the Houſe, be returned to thoſe Gentlemen of the Council, as have taken Care for the Subſiſtence of the ſaid Forces, and particularly to the ſaid Col. *De Peyſter* and Mr. *Weaver*, and that it may be reſolved by the Houſe, that for the future, what Money ſhall be wanting to ſubſiſt the ſaid Forces, for the advance of which Bills cannot be procured, that an Addreſs be made to the Council, that Money be borrowed by the major Part of ſaid Council, out of his Majeſty's publick Revenue of this Province, to ſupply what Money ſhall be neceſſary for the Subſiſtence of the Soldiers (which cannot be procured to be advanced on Bills) to be again repaid, when the Pay of the Soldiers is remitted from *England*, and this to continue, until the Arrival of the Lieut. Governor, and no longer; and that the Speaker draw up the ſaid Addreſs accordingly.

As to what relates to prevent Deſertion of Soldiers, they are of Opinion, That this Houſe ought to be very tender, relating to the Government of the Soldiers, and the Lieut. Governor being ſhortly expected, who they are aſſured will take all poſſible Care to prevent Deſertion and Diſorder, but in the mean Time, the Council be deſired to take all poſſible Care to prevent the ſame, until his Arrival.

As to what relates to the Forts of *Albany* and *Schenectady*, that this Committee are of Opinion with the Council, That the Condition of the ſaid Forts are very miſerable, and therefore deſire, that the Council do take all poſſible Care for their Defence, until the Arrival of the Lieut. Governor, when, they are of Opinion, the Houſe will not be wanting further

further to consider that Matter, which they conceive, will then be more proper, to remedy the Defects of the same.

As to the Article relating to the Masts, that they are of Opinion, That his late Excellency the Earl of *Bellamont*, made a most advantageous Bargain, for the same for his Majesty, and that they do not doubt, but that the House will now, and at all Times, honour the Memory of the said noble Earl, for the Benefits they doubt not, will ensue to this Province, by furnishing his Majesty's Royal Navy with Masts and Timber, which the said Earl, was the first Contriver and Proposer of, and that they doubt not, but that the Lieut. Governor at his Arrival, with the Assistance of the Council, will take effectual Care that the Matter be accommodated, as of Right and Justice it ought to be.

The said Committee do also move the House, that the Thanks of the House may be returned to the Council, for that they have been pleased at this Emergency (the Earl of *Bellamont* being dead, and the Lieut. Governor absent) to consult with the Representatives of the People, now met in General Assembly, about the great Affairs of this Province.

By Order of the Committee,
J. D. Riemer, *Chairman.*

Which was severally read, and approved of by the House.

And, *Ordered*, That the Speaker draw up the Address therein mentioned accordingly.

Then the Speaker signed a Warrant to the Clerk of the Crown to issue his Majesty's Writ, to elect a Member for the County of *Suffolk*, in Lieu of Major *Howell*, Esq; expelled the House.

Then the House adjourned till To-morrow Morning, 10 of the Clock.

Die Veneris, 10 *ho. A. M. April* 18, 1701.

THE House being met.

The Speaker assumed the Chair, and acquainted the House, that according to the Report of the Committee of the whole House, he had drawn up the Address; and accordingly the Speaker produced the said Address, which was read; and approved of, and ordered to be engrossed.

The engrossed Address of this House to his Majesty's Council, was read, *viz.*

To the Honourable his Majesty's Council for the Province of *New-York*.

The humble Address of the House of Representatives of the said Province, in General Assembly convened.

May it please your Honours,

THIS House having taken into Consideration, the Proposals made by your Honours to this House, have among other Things, remarked an Article relating to a Fort, directed by the General Assembly, to be built in the *Onondaga*'s Country, whereby the House have declared their Opinion, that the same be suspended, until the Arrival of the Hon. *John Nanfan*, Esq; Lieut. Governor (who by the last Advices from *Barbados*, is daily expected) who is a martial Man, and experienced in warlike Affairs and Fortifications; yet they humbly address your Honours, that you take effectual Care, that such Part of the Monies raised by Act of General Assembly, for the building that Fort, and are now in the Hands of the Executrix of Col. *Cortlandt*, that she pay the same into the Hands of his Majesty's Receiver General of this Province, that the said Money may always be in a Readiness for the Use it was raised for.

The House having also among other Things, considered how absolutely necessary it is, that the Forces in Pay, be constantly subsisted and paid, and do take Notice how difficult it is, for the Council to subsist them for some Time, out of their own private Estates. And have therefore, *Resolved*, That the Thanks of this House, be returned to those Gentlemen of the Council, as have taken Care for the Subsistence of the said Forces, and particularly to Col. *De Peyster* and *Thomas Weaver*, Esq; and to the End, that the said Forces may be constantly subsisted, that his Majesty's Forts may not be deserted, The House therefore, humbly address your Honours, that what Money for the future, shall be wanting to subsist the said Forces, for the Advance of which Bills cannot be procured, that Money be borrowed by the major Part of the said Council, out of his Majesty's publick Revenue of this Province, to supply what Money shall be necessary for the Subsistence of the Soldiers (which cannot be procured to be advanced on Bills) to be again repaid, when the Pay of the Soldiers is remitted from *England*, and this to continue till the Arrival of the Lieut. Governor, and no longer.

By Order of the House of Representatives,
Abraham Gouverneur, *Speaker.*

Ordered, That the Speaker sign the same, and that the Mayors of the Cities of *New-York* and *Albany*, do carry up the said Address to the Honourable Council, To-morrow Morning.

Then the House adjourned till 2 of the Clock in the Afternoon.

Die Veneris, 2 *ho. P. M. April* 18, 1701.

THE Commissioners of Accounts, produced their Report according to the Order of the House, and several Papers relating thereunto, which was read as followeth, *viz.*

To the Honourable House of Representatives of the Province of *New-York*, in General Assembly convened.

THE Report of the Commissioners for taking, stating and examining, the publick Accounts of this Province.

That according to the Act of General Assembly, they sent Notice to such Counties, as they thought, were most immediately concerned in the Accounts, thereby the sooner to discharge the Trust in them reposed.

That the said Commissioners, were a long while kept out of some of the Books and Accounts, by Means whereof, they have been long delayed in the Execution of their Trust, as appears by their Memorial, to his late Excellency and Council, herewith produced.

That they can have no Books in the Government of Col. *Dongan*, nor Sir *Edmund Andros*, only some particular Accounts unpaid.

That they cannot have the Books, kept in the Time of Capt. *Leisler*, but particular Accounts only; they are informed Mr. *Livingston* has some.

That they cannot have any Books, to give them any particular Accounts of the Excise, since Col. *Slaughter*'s Time, whereby great Frauds may be committed, as they are ready to aver.

That they cannot have any Books, to give them any particular Account of the Quit Rents, since Col. *Slaughter*'s Time, whereby great Frauds may be committed, as they are ready to aver.

That they cannot have any particular Accounts of the Fines and Forfeitures, since Col. *Slaughter*'s Time, whereby great Frauds may be committed.

That they cannot have any particular Book of the Receipt and Distribution of the Taxes, since Col. *Slaughter*'s Time, that therefore all the Books of Accounts of this Government, since the Time aforesaid, have been mixt and confused, to the manifest Damage of the Province.

That they have gone through all the Receipts of the Revenue and Taxes of this Province, since Col. *Slaughter*'s Time, till the first of *October* last, wherein we find some Mistakes or Frauds upon the Discovery, whereof they now are.

That Col. *Petr. Schuyler*, has not according to their Warrant nor his own Promises, given them any Account for what he had received, the several Sums of Money charged to him received.

That Mr. *Robert Livingston* the like, who has received the largest Sums, and they have Occasion to believe that by his Accounts, the greatest Frauds are committed, of which they have some Information of.

The said Commissioners desire to be heard upon these and other Matters, before a Committee of the whole House.

We

We are with all Duty and Reſpect, your moſt Obedient Servants, the Commiſſioners of the publick Accounts.

Leonard Lewis,
Abraham Gouverneur,
Rip Van Dam,
Cornelius Sebring,
D. Provooſt.

To the Honourable his Majeſty's Council of the Province of *New-York.*

The humble Memorial of the Commiſſioners of Accounts.

WHEREAS by an Act of Aſſembly of this Province, entitled, *&c.* We are appointed to take, ſtate and examine, the publick Accounts of this Province, with Power at certain Days and Times, as unto us ſhould ſeem moſt meet, to cauſe to come before us, all ſuch Perſon or Perſons concerned, or ſuch as have had any Part of the publick Money, to give an Account for what they had the ſaid Sums of Money.

And whereas it appears that Col. *Peter Schuyler* and *Robert Livingſton*, Eſqrs, have received great Sums of Money, out of the publick Revenue and Taxes of this Province, and have not according to our Warrant, nor their Promiſe, given us any Account thereof, whereby the Authority of the ſaid Law is highly contemned, and the Intent thereof as much as in them lies is evaded, and we incapacitated to diſcharge the Truſt in us repoſed.

And we being alſo aſſured, that *Robert Livingſton*, Eſq; hath in his Hand ſeveral Books of Accounts, relating to the Diſpoſition of publick Money in the City of *Albany* in the Year 1691, which he hath not delivered to us.

We therefore, humbly remonſtrate theſe Matters to your Honours, to do therein, as for the Peace of this Government in your great Wiſdom ſhall ſeem meet.

David Provooſt.

New-York, March 29, 1701.

To his Excellency Richard *Earl of* Bellamont, *Captain General and Governor in Chief of his Majeſty's Province of* New-York, *and the Honourable Council of the ſame.*

The Humble Memorial of the Commiſſioners, appointed by an Act of the General Aſſembly of this Province, entitled, *An Act for appointing and enabling Commiſſioners to examine, take and ſtate, the publick Accounts of the Province.*

THAT the ſaid Commiſſioners have in Purſuance of the ſaid Act, and in Obedience thereunto, from the Time of the Publication thereof, with all Diligence, Care and Circumſpection, proceeded in the examining, taking and ſtating the publick Accounts of this Province, and to the End the ſame might be the better effected, they did by Warrant under their Hands and Seals, dated the 25th of *January* laſt paſt, require *Thomas Weaver*, Eſq; his Majeſty's Collector and Receiver General of this Province, to lay before them all the Books, Accounts and Papers, relating to the Receipts and Payments of his Majeſty's Revenue, Taxes and Cuſtoms, until the firſt Day of *October* laſt paſt.

That the ſaid *Thomas Weaver*, accordingly appeared before the ſaid Commiſſioners, and informed them, that he had never received into his Cuſtody, any of the Books, Accounts and Papers, relating to his Majeſty's ſaid Revenue, *&c.* ſince his Entrance on the Execution of his ſaid Office, nor are there any ſuch Books, Papers or Accounts to be found in his Majeſty's Cuſtom Houſe.

That the ſaid *Thomas Weaver*, Eſq; had applied to your Excellency and Council therein, and that an Order of Council was made, that the Executrix of Col. *Stephen Van Cortlandt*, deceaſed, late one of the Commiſſioners of the Cuſtoms, *&c.* ſhould with all Expedition deliver into his Excellency and Council, the ſaid Accounts, Books and Papers, which were in the Poſſeſſion of her ſaid Huſband, at the Time of his deceaſe, and that when the ſaid Collector ſhould receive the ſame, he would lay them before us, which as yet, he hath not done.

But may it pleaſe your Excellency and your Honours, the ſaid Commiſſioners conſidering the great Truſt repoſed in them by their Country, and likewiſe the Obligation they lie under by their Oaths, to make all Diſcoveries they are able, relating to the ſaid publick Accounts of this Province; and finding, that the ſaid Act gives them Power to enquire after Embezelments and Concealments of the publick Money, the ſaid Commiſſioners do therefore, in all humble Manner, take Leave to repreſent to your Excellency and Honours, that they are not able to make any further Procedure, in the Execution of their ſaid Truſt, in Purſuance of the ſaid Act, but have rather great Reaſon to believe, that it is the Deſign of ſome ill affected Perſons to conceal, if not, wholly to embezle the ſaid Books, Accounts and Papers, for the Reaſons following.

1. For that the ſaid Accounts, Books and Papers, relating to his Majeſty's Revenue, *&c.* are removed from his Majeſty's Cuſtom Houſe, the moſt proper Place, where they ought to be lodged, ſo that they are not in the Cuſtody of any ſworn Officer of his Majeſty's Revenue, nor any Inventory of them, that we can find,

2. For that it is now near three Months, ſince the Death of Col. *Cortlandt*, late Commiſſioner of the Cuſtoms (in whoſe Cuſtody they were ſuppoſed to be) and yet neither the Executrix, nor any Perſon concerned for her, hath produced the ſaid Accounts, Books and Papers, or any Inventory thereof.

3. For that the ſaid *Thomas Weaver*, Eſq; Collector, informs the ſaid Commiſſioners, that he did demand the ſaid Books, Accounts and Papers, from the Executrix of the ſaid Col. *Cortlandt*, who peremptorily replied to the ſaid *Thomas Weaver*, Eſq; that her Huſband had none of the King's Books, and that what Books ſhe had, were her Huſband's Books, and that ſhe would not part with them.

4. For that the ſaid Col. *Cortlandt*, deceaſed, having taken Recognizances, for the Payments of the ſeveral Sums, agreed to by the Farmers of his Majeſty's Exciſe, and dying (as was ſuppoſed) poſſeſſed of them, we are well informed that his Executrix, ſince his deceaſe, hath by Virtue of ſaid Recognizances, received ſeveral Sums of his Majeſty's Exciſe, and may continue ſo wholly, to receive that conſiderable Branch of his Majeſty's Revenue, the Subjects believing, that the delivery up of their Recognizances, is to them a ſufficient diſcharge for their Debt to his Majeſty.

5. For that it having been frequent with the Collector and Receiver of this Province, to give ſome Time and Credit, to the reſponſable Merchants of this City, for the Payments of his Majeſty's Duties and Cuſtoms, and the ſaid Col. *Cortlandt* having ſo done, we find that his Executrix, ſince his deceaſe, hath preſumed to draw up Accounts, and to make Demands of the Sums, ſo given Credit for.

6. For that Mr. *Bayard*, the Son-in-Law, and who manages the Books of Accounts of the ſaid Executrix, informed one of the Commiſſioners, that they muſt not expect the Accounts of his Father, the ſaid *Cortlandt*, deceaſed, to be given in unto the ſaid Commiſſioners theſe twelve Months.

7. For that the ſaid Commiſſioners are certain, that the ſaid Col. *Cortlandt*, deceaſed, hath received great Sums out of his Majeſty's Revenue, of the diſpoſal of which, the ſaid Commiſſioners have no Account, nor can have, if the ſaid Books, Accounts and Papers, be ſo concealed or embezelled.

That the ſaid Commiſſioners, by Reaſon of the ſaid Concealments of the Books, Accounts and Papers, are wholly diſenabled to diſcharge the great Truſt in them repoſed, and unleſs relieved herein, muſt wholly ceaſe from executing the Deſign, Intent, Meaning and Purport, of the ſaid Act of General Aſſembly, that conſtitutes and impowers them, which is thereby entirely eluded, to the great defrauding of his Majeſty of his juſt Revenue, and the higheſt Contempt and Affront, that can be offered to the Laws of this Province.

Which they in all humble Duty, lay before your Excellency and your Honours, to give ſuch ſpeedy Relief, as to your great Wiſdoms ſhall ſeem meet.

We are your Excellency's and your Honours moſt humble and obedient Servants,

Leonard Lewis,
Abraham Gouverneur,
Rip Van Dam,
Cornelius Sebring,
David Provooſt.

Ordered, That the Houſe reſolve it ſelf immediately, into a Committee of the whole Houſe, to hear the Commiſſioners of Accounts upon their Report; whereupon the Speaker left the Chair, and after ſome Time ſpent therein, the Speaker reaſſumed the Chair.

And the Mayor of the City of *New-York* reports, from the ſaid Committee as follows, *viz.*

And thereupon the Houſe returned, and choſe *Abraham Gouverneur*, Eſq; for their Speaker, and conducted him to, and placed him in the Chair accordingly.

His Honour's Speech to the General Aſſembly.

Gentlemen,

AS *I am impowered by his Majeſty, by the Conſent of the Council, and you the Repreſentatives, to provide for the publick Peace, Welfare and good Government, and for the Benefit of his Majeſty, his Heirs and Succeſſors; for theſe Ends I have now called you together, to which I am, and ſhall be ready to contribute, all that lies in my Power, and hope I ſhall met with the like Diſpoſition in you.*

I cannot but take it as a Preſage of the future Succeſs of my Endeavours for the Good of this Province, that at this Time, when the Danger of War, makes it requiſite to be well aſſured of the Fidelity of our five Nations of Indians, *they have not only repeated their Aſſurances in ſuch a Manner, as has been held ſacred among 'em, but conveyed to the Crown of* England, *a vaſt Tract of Land of great Conſequence, for preventing their Neceſſity of ſubmitting to the Neighbouring Power.*

His Majeſty who is a moſt indulgent Father to his People, has manifeſted a particular Care over you, beſides the conſtant Charge of the additional Forces, he has out of his own Exchequer, ſupplied Two Thouſand, Five Hundred Pounds, *Sterling, for Forts, and* Eight Hundred Pounds, *in ſeaſonable Gifts to the* Indians; *and for the better Adminiſtration of Juſtice among you, has ſettled* Three Hundred Pounds *a Year, upon a Chief Juſtice, and* One Hundred *and* Fifty Pounds, *upon an Attorney General, all which, are of that Importance to you, that ſo much Money may well be thought ſpared out of your Purſes.*

I perſuade myſelf, I need not preſs this as a Motive, for your continuing the Act, entitled, An Act for raiſing an Additional Duty, for the defraying the Debts of the Government, which expired in *May* laſt; *and it may deſerve your Conſideration, whether the laſt Act for granting his Majeſty ſeveral Duties, for the defraying the publick Charge of the Government, want not ſome Amendments, to make it the more effectual, you cannot but know, that your own Intereſt and Preſervation, are nearly concerned in the Support of the Government.*

This I hope may prevail with you, to lay aſide all Heats and Animoſities, and to proceed unanimouſly to thoſe Things, that may tend to the Security and Happineſs of this Province.

I ſhould think that every Man ſhould be ſenſible, that Unity and Unanimity, at this Time more neceſſary, than it has ever been ſince your being under the Protection of the Crown of England.

As I can anſwer for the Sincerity of my own Intentions, I doubt not but you will find a Concurrence in the Council, and I hope, we ſhall every one ſtrive, who ſhall excel in Zeal, for the Good of this Province, and the Service of his Majeſty King William, *whom God long preſerve to reign over us.*

Ordered, That the Thanks of this Houſe, be returned to his Honour the Governor, for his kind and affectionate Speech.

THE House being met, the Commissioners of Accounts, according to the Order of this House, delivered in their Report, viz.

To the Honourable the House of Representatives of the Province of *New-York*, in General Assembly convened.

The Report of the Commissioners of Accounts.

THAT *since our Report to the last House of Representatives, we have proceeded in the Matters committed to our Charge; and immediately fell upon that Person who had received the greatest Sums of the Country's Money, which was Mr.* Livingston; *and as we had formerly desired the Council, so at his Honour's Arrival we desired him under our Hands to commit the said Mr. Livingston to Goal; and afterwards on the 17th of* June *last past, we again under our Hands desired the same in Council; all which appears by the Copy herewith delivered, whereby your Honours will understand that Affair.*

Since which Time we have not proceeded further, because we conceived it to be against our Oaths to proceed rigorously against other Persons, when we could not force Mr. Livingston, *who had received the greatest Sum, as aforesaid; all which is humbly submitted, by your Honour's humble Servants,*

Leonard Lewis,
Abraham Gouverneur.
Rip Van Dam,
Cornelius Sebring,
David Provoost, jun.

To the Honourable *John Nanfan*, Esq; Lieut. Governor and Commander in Chief, of the Province of *New-York* in Council.

The humble Memorial of the Commissioners, for taking, stating and examining, the publick Accounts of this Government.

May it please your Honours,

WHEREAS *by an Act of the General Assembly of this Province, entitled,* An Act for appointing and enabling Commissioners to examine, take and state, the publick Accounts of this Government: *We whose Names are underwritten, are appointed Commissioners, to take and state the publick Accounts of this Province, under such Limitations and Directions as in that said Act are expressed, and accordingly we issued out Warrants to several Persons within this Government, to lay before us an Account, for what they had received the Sums of Money, charged to be paid to them in the Collector's Books, on or before the 25th Day of* March *last past, amongst which was* Robert Livingston, *Esq; who on the said 25th Day of* March, *gave us to understand, that he would attend us the next Day, but the same was neglected by the said* Robert Livingston, *Esq; and altho' he well knew the Days of our Meeting, never attended; so that we petitioned his Majesty's Council concerning the same, yet the said* Robert Livingston, *Esq; hath not any Ways regarded the same, but continued in his neglect, so that at the Arrival of your Honour, we did, by writing under our Hands, desire your Honour to commit the said* Robert Livingston, *Esq; to Goal, without Bail or Mainprize, until he should give such an Account as the above recited Law directs.*

Some Days after this, Mr. Livingston *came to wait on the Commissioners, but by an Accident, they not being compleat, he discoursed two of them, before whom he produced an Account of the Produce of the Excise, in the City and County of* Albany, *according to the Time mentioned in the Act; but the same being only Ballances, could not tell the Commissioners, in what Way and Manner, and to whom the said Excise hath been farmed to, and thereby incapacitated to compare these Accounts with the Collector's Books, all which was then told Mr.* Livingston, *but he made Answer, that he would give no other Accounts, and that he kept no Books of the Dealings he had with the Government, and that he looked upon that Law, to be very unreasonable. But if we would be reasonable Men, he would again wait on us, which accordingly he did on the first Day of this instant Month of* June, *when and where, he gave us for Answer, that he did not think himself obliged to give any other Accounts, than that of the Excise; and these are all the Times, that ever Mr.* Livingston *came to us, altho' we are informed, that he has been pleased often to say, he could not find us, nor have any discourse with us.*

And whereas the said Robert Livingston, *hath received more Money out of the publick Revenue, than any one Person in the Government, and that his Accounts are so necessary to be had, that without them, 'tis impossible for us to settle the Accounts of this Province in any Method, because many other Accounts depend thereon; and if Mr.* Livingston, *doth not give an Account for above* Twenty Thousand Pounds *received, it will look very hard for us, to cause those that have received but* One Hundred Pounds, *to give the same, on all which, and other Matters hereunto relating, we desire to be heard before your Honour in Council, to the End the Government might know, that we have done our Duty in that Affair, and that Mr.* Livingston, *may be dealt with as the Law directs. Dated the 17th of* June, 1701.

To the Honourable the House of Representatives of the Province of New-York, *convened in General Assembly.*

THE Commissioners for taking, examining, and stating the publick Accounts, &c. report,

At a Meeting of the Commissioners on the first of *September*, 1701.

PRESENT,

Leonard Lewis,
Abraham Gouverneur,
Rip Van Dam,
Cornelius Sebring,
David Provoost,
} Esqrs,

Mr. *Livingston* appeared before the Commissioners, and they acquainted him, That according to the Vote of the House of Representatives of *Saturday* last, they were ready to receive his Accounts. To which he replied, That for what Money he received for the King, he had given an Account already; and as for what he had received from the King, he desired to know his Charge, and in a reasonable Time he would discharge the same. The Commissioners answered, That if he would bring his Books, or Accounts of what he had received from the King, and for what he had received for the same, they were ready to lay the King's Books open with the same, and then compare them together. The said *Livingston* replied, That he thinks it a great Hardship to be compelled to give his particular Accounts of his Discharge, without having his Charge first given him for what he is to account, being for Money received from the King, and not for the King; but nevertheless is willing to give all the Satisfaction imaginable, and has begun to transcribe all the particular Accounts for 17 Years last past, and has gone a pretty Ways in it; but having been taken up by the Publick since my Lord's Death, and having given his Attendance here at *New-York*, and likewise at *Albany*, relating to the Affairs of the *Indians*, and therefore has not been able to accomplish the same; and desires that the Commissioners may be pleased to send one or two of their Number to his Chamber, where he will shew how far he has advanced in the same; and that they may report what reasonable Time will be required to transcribe the Remainder, and deliver them accordingly.

The which being considered by the Commissioners, they were of Opinion, That this Matter ought to be immediately reported to the House of Representatives to desire their Opinion and Advice therein.

Leonard Lewis,
Abraham Gouverneur,
Rip Van Dam,
Cornelius Sebring,
D. Provoost, jun.

And the House proceeded immediately on Consideration thereof; and after several Arguments made upon that Matter, it was the unanimous Opinion of this House, That the Pretences made this Day by *Robert Livingston*, to the Commissioners of Accounts, are frivolous; and that the said *Robert Livingston*, hath wholly disobeyed the Act of Assembly, impowering the said Commissioners; and that therefore this House cannot agree to give any further Time to the said *Robert Livingston*, it plainly appearing to them, that he has had nigh 8 Months Time to state the said Accounts; and it is therefore,

Ordered, That according to the Order of *Saturday* last, a Bill be brought in to this House for the confiscating the real and personal Estate of the said *Robert Livingston*, for so much Debt to the Crown, as he can be charged with to have received, by the said Commissioners, if his Accounts be not delivered to the said Commissioners before *Wednesday* next; and that the said *Robert Livingston*, have Notice of this immediately. And that the Commissioners of Accounts do, with all Expedition, examine the Books of what he has received, and what other Matters relate thereunto; and that they report the same to the House.

Ordered, That the Mayor of *New-York*, Capt. *De Peyster*, Mr. *Fowler*, Mr. *Hearing*, Mr. *Schermerhorn*, Mr. *Morgan*, Mr. *Garretsen*, and Major *Van Brunt*, or any Five of them, be a Committee of this House, to consider in what Manner an additional Duty shall be granted to his Majesty, for such Time, and such Uses as they shall think fit; and report the same to this House.

Ordered, That the Commissioners of Accounts do attend the Matter of Accounts To-morrow Morning, from 7 to 10 of the Clock; and that Mr. *Livingston* have Notice thereof.

are humbly of Opinion, that the ſaid Act be repealed; and another Act, that may declare the Matter more fully, be brought in the Room of it.

Per Order of the Committee,
J. De Peyſter, *Chairman.*

Which was read, and approved of.

Ordered, That the ſaid Committee draw up Heads for the ſaid Bill.

Mr. Mayor of *New-York*, reports from the Committee to conſider in what Manner an additional Duty ſhall be granted to his Majeſty, *&c.* That an additional Duty be laid over and above all the Duties laid before, by any other Act now in Force, *viz.* Upon all *European* Goods imported into this Province from any of his Majeſty's Colonies, 6 *per Cent.* Upon every Pipe of Wine imported, *Ten Shillings.* Upon Woolen Manufactures, made in our neighbouring Colonies, 10 *per Cent.* Upon every Pipe of Wine, not directly imported, and ſo proportionably for a greater or leſſer Quantity, *Two Pounds.* Upon Rum, directly imported, *per* Gallon, *One Half-penny.* Upon Rum not directly imported, *per* Gallon, *Four Pence Half-penny.* For other ſtrong Waters, *per* Gallon, diſtilled by our neighbours, *Four Pence Half-penny.* For Beer, imported by our Neighbours, *per* Barrel, *Four Shillings.* On *Negroes*, not directly imported, *per* Head, *Twenty Shillings.* And that they deſire further Time to conſider of the other Matter relating thereunto.

Ordered, That the ſaid Committee, do make a final Concluſion of all Matters, relating to that Affair, and bring the ſame in the next Report.

Mr. *David Provooſt*, reports from the Committee of the whole Houſe, to enquire in the Matter, relating to the Conference which was had with a Committee of the Council and this Houſe, about *Livingſton*, his going for *England*.

That it is the Opinion of this Committee, that the Paſſages contained in his Honour's Conference with the five Nations of *Indians* at *Albany*, relating to the ſending Mr. *Livingſton* for *England*, has been procured by Perſons diſaffected to the Peace of this Government.

That Mr. *Livingſton*, refuſing at a Conference between a Committee of Council and of this Houſe, to give ſuch reaſonable Satisfaction of that Matter, as was by them deſired, it is therefore, the Opinion of the Committee, that the *Indians*, have been impoſed upon by Mr. *Livingſton*, or by his Agents, with his Privity and Conſent.

And therefore, are of Opinion, That an Addreſs be preſented by this Houſe, to his Honour the Lieut. The humble Addreſs of the Houſe of Repreſentatives of the ſaid Province, in General Aſſembly convened.

WE the Repreſentatives of this his Majeſty's Province, being highly ſenſible of your Honour's prudent Conduct, in your late Management with the five Nations at *Albany*, yet humbly beg Leave to remonſtrate to your Honour, that ſome Perſons diſaffected to the Peace of the Government, have inſtigated and deluded the ſaid Nations, to deſire the going over of Mr. *Robert Livingſton*, for *England*, as their Agent, the which being maturely conſidered by this Houſe, and they finding that Mr. *Livingſton*, at the laſt Conference with the Council, did refuſe to give the reaſonable Satisfaction in that Matter, then of him deſired by the ſaid Houſe, is therefore of Opinion, That the ſaid Paſſages, relating to the *Indians* deſire of ſending Mr. *Livingſton* for *England*, have been procured by the ſaid *Livingſton*, or his Agents, with his Privity and Conſent, contrary to the Duty and Allegiance he owes to his Majeſty, and the Peace of the Government.

We therefore humbly move your Honour, to lay theſe our Requeſts before his Majeſty, that his Majeſty would be graciouſly pleaſed, to remove the ſaid *Livingſton*, from the Office of Secretary of the *Indian* Affairs, and that in the mean while, he might be by your Honour ſuſpended from the ſame, until his Majeſty's Pleaſure ſhall be known.

We are your Friends, the Repreſentatives in General Aſſembly convened.

May it pleaſe your Honour,

WE *the Repreſentatives of this his Majeſty's Province, out of the deep Senſe we have of the great Services, your Honour did to this Province, in your laſt Negotiations with the five Nations of* Indians *at* Albany, *in your laſt Conference with them.*

We are your Friends, the Repreſentatives in General Aſſembly convened.

Col. *Rutſen*, reports from the Committee appointed to examine the Paper delivered to the Houſe by Mr. *Thomas Willet*, Mr. *John Talman* and Mr. *William Willet*, That they do take Notice, that the ſaid Paper is writ in barbarous *Engliſh*; and was dictated by ſome Enemy of the Peace of this Government, who took Advantage of their Simplicity, to raiſe Diſturbances; and move, that the Houſe will ſend their Summons, commanding ſaid Perſons, at a certain Day, to appear before this Houſe, to diſcover the Adviſer and Contriver of the ſaid Paper; and that the Houſe would make a particular Reſolve about this Matter.

Die Martis, 8 *ho. A. M. Sept.* 23, 1701.

AT a Committee to draw Reaſons for proſecuting *Thomas Willet*, *John Talman* and *William Willet*.

Iſaac De Riemer, reports theſe following Reaſons.

1. That it appeareth by the ſaid Paper, as well as by the Journals of the Houſe, that this was contrived and ſubſcribed before they had been in the Houſe to obſerve any Tranſactions there, and yet they preſume to take upon them the Judgment of the Qualifications of Members, and to take Notice of the Proceedings of the Houſe, which is a manifeſt Breach of its Privileges, and of dangerous Example.

2. They reflect not only upon this Houſe, but upon the Governor, who approved of the Speaker, and whereas in their barbarous *Engliſh* it's writ, *One the 20th Day of* Ougoſt *laſt, the Houſe conſiſted of* 21 *Perſons, whe are of the*

Speeker

Speeker was one, Tenn of the Number did in the Houſe, chaling's the Speeker to be unqualified for being an Aliane, and afterwardes did repetet the ſame to the Gouner, which they have all ſo giv en under the are Handes, upone which Heed, the Houſe being equally devided, could give no Diſiſon.

The Truth of this Matter is thus:

On the 19th Day of *Auguſt*, the Houſe being ordered to proceed to chuſe their Speaker, Ten of the Twenty-one, choſe Mr. *Abraham Gouverneur*, againſt whom there was then no Objection, upon Suſpicion of his being an Alien, and Nine endeavoured to chuſe Mr. *Nicoll*; but the Election having fallen upon Mr. *Gouverneur*, the whole Houſe in a Body, preſented Mr. *Gouverneur* to the Lieut. Governor and Council, where Mr. *Gouverneur* would have diſabled himſelf, but the Lieutenant Governor finding no Objection from any one Member, approved of the Choice, which then appeared to be unanimous.

Upon which they returned to the Houſe, and an Objection being made againſt Mr. *Nicoll* and Mr. *Weſſels*, as choſen contrary to a late Act, and therefore not qualified to ſerve, they as was uſual was ordered to withdraw, till that Matter ſhould be determined, and yet they Two, with other Eight, came the next Morning, and then objected againſt Mr. *Gouverneur*, as if they had been informed ſince, that Mr. *Gouverneur* was an Alien, and yet they could not but know, that the ſame Objection had been made in a former Aſſembly, when it appeared upon Examination, that he is within an Act of Naturalization, which has never been repealed, notwithſtanding which, the Two who had no Authority to act as Members till the Queſtion, concerning their Capacities to ſit, was over, together with other Eight, had the Aſſurance to go in a Body to the Governor, to complain of a Matter, wherein they had concluded themſelves, beſides that, their Objection if made in Time, could have had no Effect, and ſince that, as we are given to underſtand, not only by this Paper but otherwiſe, they have put their Complaint in writing, and have ſent the ſame to *England*, after which we deſire that Enquiry may be made, in order to the Puniſhment of ſuch ſeditious Practices.

3. Theſe Perſons are guilty of a great Contempt of his Majeſty's Writ, in purſuance of which they were choſen, and the Truſt repoſed in them, to act as Members of this Houſe, and yet they refuſe to act without ſuch Conditions, as they well knew would not be complied with, nor can without admitting, that thoſe Three, ought to govern the Houſe, and that the Votes of the far greater Part ought to yield to thoſe Three, who while they argue that the Houſe could not decide the Queſtion concerning the Speaker, are ſo inconſiderable as not to obſerve, that the Queſtion had been over, and the due Qualifications of the Speaker agreed to by all in Effect, and that when the Objection was firſt ſtarted there were but eight Perſons qualified to object againſt, not only the choice of Ten but the Submiſſion and Approbation of Twenty.

4. Theſe Perſons having in their barbarous Language uſed theſe Words. *Till you give us furder Satisfaction, and the Speeker clear himſelf, from being an Aliane, we cannot acte with you, to ſit and ſpend ower Time, and the Counties Mony to macke Actes, that will be void in themſelves*; would not only really infer, that your Satisfaction is requiſite to the making the Acts of this Aſſembly of force, but were guilty of an high Contempt of the Authority by which it ſits and acts, diſowning that Authority, and labouring to ſtir up the People of this Province to Sedition, and give Advantage to a foreign Power, upon Diviſions purpoſely raiſed by them, and their Accomplices.

Per Order of the Committee,
Iſaac De Riemer, *Chairman.*

Which was read and approved of.

Then the Houſe adjourned till 2 of the Clock in the Afternoon.

His Majeſty's Commands relating to Mr. *Leiſler*, ſignified by the Right Honourable the Earl of *Jerſey*'s Letter, to the Governor of this Province, dated at *Whitehall*, the 6th of *February* $\frac{1699}{1700}$, together with Mr. *Leiſler*'s Petition to the King's moſt Excellent Majeſty, were read before the Houſe as follows,

Whitehall, the 6th of February, $\frac{1699}{1700}$.

My Lords,

THE King being moved upon the Petition of Mr. *Jacob Leiſler*, and having a gracious Senſe of his Father's Services and Sufferings, and the ill Circumſtances the Petitioner and his Family are thereby reduced to; his Majeſty is pleaſed to direct, that the ſame be tranſmitted to your Lordſhip, and that you recommend his Caſe to the General Aſſembly of *New-York*, being the only Place where he can be relieved, and the Prayer of his Petition complied with.

I am,
My Lord,
Your Lordſhip's,
Moſt obedient,
And moſt humble Servant,

Earl of *Bellamont*. JERSEY.

To the KING's moſt Excellent Majeſty.

The humble Petition of Jacob Leiſler.

Sheweth,

THAT Captain *Jacob Leiſler*, deceaſed, your Petitioner's late Father, was chiefly inſtrumental in promoting your Majeſty's Intereſt at *New-York* in *America*, in the late happy Revolution, in which Conjuncture, he did not only expoſe his Life to the utmoſt Hazard, but did expend, in buying Arms and other Neceſſaries on that Occaſion, above *Four Thouſand Pounds*, of which Sum there did appear to your Majeſty's Aſſembly, ſufficient Evidence of your Petitioner's Father's diſburſing, *Two Thouſand, Seven Hundred Pounds*.

Yet notwithſtanding, ſuch his ſignal Services, by the Influence and Malice of your Majeſty's and his Enemies, who were deeply engaged in the Intereſt of the late King *James*, he was convicted under the Forms of Juſtice, for a ſuppoſed High Treaſon, which was eaſily found, when ſome of the Jury were reputed *Papiſts*, under the Direction of your Majeſty's late Governor Col. *Henry Sloughter*, and *Joſeph Dudley*, Preſident, who ordered the Execution of your Petitioner's late Father, without ſending over for your Majeſty's Direction, leaving *Ailce Leiſler* his Relict, and your Petitioner his only Son, with ſix Daughters in very deplorable Circumſtances, having in a great Meaſure, exhauſted all their Subſtance in ſupplying the then publick Neceſſities.

That upon Application made to the Parliament here in *England*, both Houſes were ſo fully ſatisfied upon the Proofs made before them, touching your Petitioner's ſaid late Father's Services, that an Act of Parliament had lately paſſed, for the reverſing of his Attainder, and the Repreſentatives for the Province of *New-York*, convened in General Aſſembly, have ſignified likewiſe their Senſe of your Petitioner's Father's Services, Sufferings and Loſſes, for your Majeſty's Service, to his Excellency *Richard* Earl of *Bellamont*, your Majeſty's Governor of that Province, to the End that the ſame may be humbly repreſented, and have recommended your Petitioner, as a fit Object of your Majeſty's Favour and Bounty, and that the ſame Sum of *Two Thouſand Seven Hundred Pounds*, be paid to your Petitioner.

Your Petitioner therefore humbly prays, that your Majeſty would be graciouſly pleaſed to direct, that the ſaid Monies may be paid to your Petitioner at *New-York*, and that he may receive ſuch further Marks of your Majeſty's great Compaſſion and Bounty, as to your Majeſty in your great Wiſdom and Juſtice ſhall ſeem moſt meet.

And your Petitioner ſhall ever pray.

Jacob Leiſler.

THE engroſſed Addreſs to his Majeſty, was read and ſigned by the Speaker, the whole Houſe and Clerk, as follows, *viz.*

To the KING's moſt Excellent Majeſty.

The humble Addreſs of the Houſe of Repreſentatives, of your Majeſty's Province of New-York *in* America.

May it pleaſe your moſt Excellent Majeſty,

"AS the repeated Inſtances of your Majeſty's Goodneſs and Bounty, towards us, draw from us our "moſt ſincere Acknowledgements, we cannot but hope, that "the early Zeal which the People whom we repreſent, and "each of us in particular, have expreſſed for your Majeſty's "Service, may induce your Majeſty to believe, that we ſhall "Labour to our utmoſt, to manifeſt our Duty and Loyalty to "your Majeſty; and that we ſhall be ready to unite with all "Perſons (how much ſoever we have ſuffered from them) "who would join in your Majeſty's Service. With this Diſpoſition we met in this Aſſembly, and flattered ourſelves, we "ſhould have found the ſame in all the Members returned of "it, ſince every Man of them, joined with us in preſenting "our Speaker, and went back to our Houſe, ſeemingly confirmed by the Lieut. Governor's excellent Speech, recommending Unity and Unanimity, together with a due Senſe "of your Majeſty's paternal Care over us. The firſt Thing "we proceeded upon us uſual, was to conſider the Objection "to the Returns of any Members, and there being a general "Complaint, as well as particular Information to the Houſe, "That two were returned in Defiance of the laſt Act of Aſſembly; we judged it proper they ſhould withdraw, till "the Circumſtances of their Caſes ſhould be conſidered; but "to our great Surprize the next Morning, one of them, who "had been ordered to withdraw, an antient Practitioner of "the Law, as we formerly had among us, came at the Head "of thoſe who had endeavoured to have him choſen Speaker, "and by their perſiſting in it, have obliged us to cauſe new "Elections to be made in their Steads, their Pretence for "which their extravagant Proceedings is, that the Speaker is "an Alien, and that they were not aware of it till then, "whereas the ſame Objection had been made in the laſt Aſſembly, while he was but a private Member; and upon Examination of the Matter, it was reported by a Committee, "and agreed to by the Houſe, as the Fact in Truth is, that "he is within an Act of Naturalization, which paſſed in this "Province, in the Year 1683, which Act expreſly naturaliz-"eth all Perſons profeſſing the Chriſtian Religion, except "Servants and Slaves, that were actually Inhabitants within the "Province, at the paſſing that Act, and ſhould take and ſubſcribe to the Oath of Allegiance, without limitting any "Time for the ſame. But ſo it is that ſome *Engliſhmen* by "Birth, moſt of which are not otherwiſe conſiderable, but "as they are Factors for Perſons in *England* or elſewhere, "who can withdraw their Effects at Pleaſure, joining with "ſome Merchants, of the ſame Extraction with ſome of us, "and with ſeveral *French* Merchants, endeavours to make Diviſions among us, pretending to ſet up for an *Engliſh* Intereſt "ſeparate from us, who are ſome of us *Engliſh* by Birth, and "others have been born under the *Engliſh* Government, or by "being naturalized, are entitled to the ſame Privileges with-"in this Province; and they profeſſed, that they will never "be quiet, till we are made or treated as Aliens, and to effect their Deſign, as we are given to underſtand, the Members "who withdrew from the Aſſembly, with ſome others of their "Faction, after they had animated themſelves together, moſt "of the Night, ſubſcribed a Miſrepreſentation of us, and "made Contribution among themſelves for a conſiderable Sum "of Money, which they intruſt with one Mr. *Charles Lodwick*, joined in Agency for them, with Mr. *Montague*, an "Attorney at Law, by Means whereof, they propoſe to themſelves, to bring the Body of the Proprietors of this Province "into Subjection, to ſome *Engliſh*, *French* and *Dutch* Merchants of this City, who expected to diſable us from the "continuing Additional Duty, which expired in *May* laſt, and "from providing for the Defence of this Province, in this "Time of eminent Danger.

"This neceſſary Account of our ſelves and our unhappy "Diviſion, which we hope the Moderation of our Lieut. Go-"vernor, the Wiſdom and Prudence of *William Atwood*, "Eſq; our Chief Juſtice, and *Thomas Weaver*, Eſq; your "Majeſty's Collector and Receiver General, might have heal-"ed; we lay before your Majeſty, with all Humility and "deep Senſe of your Majeſty's Goodneſs, to us lately expreſſed, in ſending over ſo excellent a Perſon to be our Chief "Juſtice."

Gentlemen,

THE Chearfulneſs with which the ſound Part of you gave the Additional Revenue, and the Moderation which you ſhewed to others, aſſures of an happy Effect of this Meeting.

Indeed I had promiſed myſelf, that the Proceedings of your whole Body, would have been agreeable to that Unity and Unanimity, which I ſo earneſtly recommended to you, at the Opening of the laſt Seſſion; but they who refuſed to join with you, in ſerving his Majeſty and the Publick, have ſince made it more evident, than I could have imagined, that nothing leſs than having the Government in their Hands could ſatisfy them, and their chief Managers have ſhewn ſuch a Diſaffection to his Majeſty and his Government, as nothing but the Execution of the Laws can conquer.

If there be any Points wherein the Law of *England*, cannot yet have its full Courſe here, through the different Circumſtances of the Place, I ſhall be ready to concur with you, in proper Methods for ſupplying ſuch Defects, and in all other Matters, which you can reaſonably propoſe, for the Good of this Province.

I think it my Duty, to recommend to you the Conſideration of proper Methods, to ſupport the publick Credit, That the Payments of the Soldiers may be more certain, and the Fortifications put into a good Poſture of Defence; and I doubt not, but your Loyalty to his Majeſty KING WILLIAM, will prompt you to ſhew your Reſentment of the Indignity offered his Majeſty and the *Engliſh* Nation, by the *French* King, in pretending to ſet up an Impoſture for King of *England*, and thoſe other Dominions, of which *France* itſelf, is known to be Part, being within his preſent Majeſty's rightful Stile.

And in humble Imitation of the great Example, of the common Father of us, and his numerous happy People, I cannot but preſs, that there be no Diſtinction heard of amongſt us for the future, but of thoſe who are for the *Proteſtant* Religion, and the preſent Eſtabliſhment, and of thoſe who mean a *Popiſh* Prince, and a *French* Government.

anſwered, that he knew them to be the Rights of the Houſe of Commons of the Kingdom of *England*, and of this Aſſembly; and therefore, he did entirely confirm them, as large as ever they were granted, and the ſame ſhould be entred in the Council Books accordingly.

His Excellency was pleaſed to make his Speech, and the Houſe returned, and the Speaker aſſumed the Chair, and acquainted the Houſe, that he thought he could repeat the Subſtance of his Excellency's Speech, but to avoid any Omiſſion or Miſtake, thought beſt to pray a Copy of it, which being obtained, was read as follows;

Gentlemen,

"WHEN I firſt left *England*, to come into this Province, I did reſolve at my firſt Arrival, to call "a General Aſſembly, hoping to find all Things here in ſo "good a Poſture, that I ſhould have had nothing to do, but "to apply myſelf, with your Aſſiſtance, to the putting this "Country into a Poſture of Defence, againſt the War, which "I expected every Day would break out. It was an extreme "Surprize to me, to find this Province at my Landing, in "ſuch a Convulſion, as muſt unavoidably have occaſioned its "Ruin, if it had been ſuffered to have gone on a little longer. "The many Complaints that were brought to me, againſt "the Perſons I found here in Power, ſufficiently proved a-"gainſt them, and the miſerable Accounts I had of the Con-"dition of our Frontiers, made me think it convenient to "delay my meeting of you in General Aſſembly, till I could "inform myſelf in ſome Meaſure, of the Condition of this "Province, that I might be able to offer to your Conſidera-"tions, ſome few of thoſe Things, which will be neceſſary "to be done forthwith for the Defence of the Country. The "firſt Thing which I earneſtly recommend to the Care of you, "Gentlemen of the Houſe of Repreſentatives, is the provid-"ing for the Defence of the City and Port of *New-York*, "which ſeem to me to be much expoſed; and likewiſe for "the Defence of our Frontiers, which I have found in a much "worſe Condition than I could have imagined; the Soldiers "being naked and almoſt unarmed; and the Forts in Reality "defenceleſs, ſo that it will be abſolutely neceſſary, in the "firſt Place, to provide ſuch Sums of Money, as may be ne-"ceſſary for the making ſome Works, that will be proper "for the Defence of the Country, and for the raiſing of "200 Men, which I think abſolutely neceſſary to be placed "at *Albany* and *Schenectady*, for the Defence of the Frontiers "this Winter. I hope the Repreſentations I have ſent Home "will have that good Effect, that her Majeſty will give ſuch "Directions, that the Burthens here may be made Lighter; "however in this Time of Exigency, I earneſtly recommend "to you a Diſpatch of theſe Things, and you may aſſure "yourſelves, that whatever Sums ſhall be granted by you, "ſhall be applied to thoſe Uſes only, for which they were "given, of which you ſhall have an Account at your next "Meeting. There are ſome other Things, I think it my "Duty to recommend to you, particularly the preparing a "good Bill, for the better reglating the Militia of this Pro-"vince, another for the Erecting of publick Schools in pro-"per Places, another for appointing a convenient Number of "fit Perſons, to examine and ſtate the publick Accounts and "Debts of this Province; that when the Debts are known, "ſuch proper Methods may be taken for the Payment of "them in due Time, as will beſt ſuit the Condition of the "Province; theſe and all other Bills, which ſhall appear to "be neceſſary to be paſſed into Acts, for the good of this "Country, and for the Preſervation and Encouragement of "the People, ſhall always find a ready Compliance from me.

"Now, Gentlemen, I have no more to trouble you with, "but to aſſure you, in the Name of the great Queen of *Eng-*"*land* my Miſtreſs, that you may ſafely depend upon all the "Protection that good and faithful Subjects can deſire, or "expect from a Sovereign, whoſe greateſt Delight is in the "Welfare of her People; under whoſe auſpicious Reign, we "are ſure to enjoy, what no Nation in the World dares claim, "but the Subjects of *England*, I mean the free Enjoyment of "the beſt Religion in the World, the full Poſſeſſion of all "lawful Liberty, and the undiſturbed Enjoyment of our "Freeholds and Properties: Theſe are ſome of thoſe many "Benefits, which I take the Inhabitants of this Province, to "be well entitled to by the Laws of *England*, and I am glad "of this Opportunity to aſſure you, that as long as I have "the Honour to ſerve the Queen, in the Government of this "Province, thoſe Laws ſhall be put in Execution, according "to the Intent with which they were made, that is for the "Preſervation and Protection of the People, and not for "their Oppreſſion. I heartily rejoice to ſee, that the free Choice "of the People, has fallen upon Gentlemen, whoſe conſtant "Fidelity to the Crown, and unwearied Application to the "Good of their Country, is ſo univerſally known.

Ordered, That the Thanks of this Houſe, be given to his Excellency, for his favourable Speech; and that an Addreſs be drawn up and preſented to his Excellency to that Purpoſe.

Mr. Speaker, preſented to the Houſe, the engroſſed Addreſs to her Sacred Majeſty, which was read and ſigned, *viz.*

To the Queen's Moſt Excellent Majeſty.

Moſt Gracious Sovereign,

YOUR Majeſty's loyal, faithful and moſt affectionate Subjects, the Repreſentatives of the People of your Colony of *New-York*, in *America*, met in General Aſſembly, moſt humbly pray your Majeſty's gracious Leave, to offer to your royal Conſideration, That from the Arrival of the late Earl of *Bellamont*, your Majeſty's *Engliſh* Subjects in theſe Parts, and thoſe of foreign Birth, united with them, in Inclination and Intereſt, and entitled to the *Engliſh* Laws and Liberties, by the Countenance of your Majeſty's royal Predeceſſors and Progenitors, have been miſrepreſented, as Pirates, Encouragers of unlawful Trade, with ſuch other evil and odious Characters as thoſe who have projected our Ruin, thought ſuitable to obtain their Ends. The Deſigns were not carried ſo cloſe but that we ſoon were ſenſible of our Misfortunes, and the Conſequences intended by our Adverſaries. By all fitting Ways we endeavoured to ſet ourſelves Right in the Judgment of our Superiors; but, to our inexpreſſible Grief, found the Prepoſſeſſion ſo great, the Obſtacles of our Relief ſo many, that it was impoſſible for us to ſurmount them.

Tho' the Difficulties we met with were ſurpriſing, yet, knowing our own Innocence, we reſolved to leave no Means untried to do ourſelves Juſtice; and to that Purpoſe, in a humble Manner, many of us ſigned an Addreſs to his late Majeſty, and one to the Houſe of Commons, complaining of the Hardſhips we lay under, aſſerting our Integrity, and praying Redreſs. But our Enemies then having the Powers of Government in their Hands, that which we had propoſed for our Benefit, had like to have proved our undoing; for thereupon, Col. *Bayard*, your Majeſty's Subject, a principal Inhabitant of this Colony, and Mr. *Hutchins*, then an Alderman of your City of *New-York*, were impriſoned, and arraigned for high Treaſon, for ſigning and promoting thoſe Addreſſes.

The Proſecution of theſe Men was carried on with that Violence and Partiality, as would have paſſed all Credit, were not the Characters of the Projectors and Actors ſufficiently known; and was the Reaſon that many of the chiefeſt and moſt conſiderable Merchants and Inhabitants of this Colony (your Majeſty's faithful and loyal Subjects) for the Safety of their Lives and Eſtates, were forced to fly and remove into the neighbouring Colonies.

The Indictment of the condemned was found and allowed to be good by a leſs Number than Twelve; and the Jury pick't out to try them, of the meaneſt and moſt ignorant of the People, to that Degree, that ſeveral of them having lately been interrogated by this Houſe, for what Fact the ſaid *Bayard* and *Hutchins* were condemned, pretend they have wholly forgotten. Tho' it is now not nine Months ſince thoſe Things were acted; other

Irregularities

Irregularities were then committed, too many to rehearſe to your Majeſty; and thoſe your Subjects had been deſtroyed, and their Families beggared, had not the Arrival of his Excellency the Lord *Cornbury*, very ſeaſonably prevented it.

A Bill having been brought into this Houſe for declaring the Illegality of thoſe Proceedings, and to hinder the like for the Future; altho' we cannot but be moſt ſenſibly touch'd with the heavy Doom, and great Calamity of thoſe our fellow Subjects, whoſe Crimes, in this Matter, we have not diſcerning enough to Diſcover; yet being informed your Majeſty has graciouſly been pleaſed to give Directions for an Appeal to your Majeſty, we think it our Duty, humbly to lay this State of their Caſe at your Majeſty's Feet, in Hopes of knowing your Majeſty's Royal Pleaſure, that thereupon we may rightly proceed in the ſaid Bill.

We are entirely ſatisfied with the Happineſs we enjoy under your Majeſty's glorious Reign, and the Bleſſing we have in being under the Adminiſtration of the Lord *Cornbury*, your Majeſty's Governor.

We offer up to Almighty God, our hearty Prayers, for your Majeſty's long and proſperous Reign, whom we are well aſſured, has a tender Regard for the Lives, Liberties and Fortunes, of all your Subjects, eſpecially of the Innocent.

A Message from his Excellency to the House, by the Clerk of the Council, to acquaint his Lordship being in Council, desired their Attendance immediately; accordingly the Speaker with the House, attended his Excellency, and being returned,

Mr. Speaker reported, That his Excellency had been pleased to make his Speech, and that he had obtained a Copy thereof, which he read to the House, and is as followeth;

Gentlemen,

I Am glad to see so many of you now met together, in pursuance of the Adjournment in November *last, and I do not at all doubt, but that you came resolved to do, whatever shall be found necessary for the Advancement of the Interest, of the great Queen of* England *my Mistress, and for the Good and Welfare of your Country, which are both one; you did in* November *last, grant a considerable Sum of Money to her Majesty, for the paying of such a Number of Men, as was thought necessary to be sent up to* Albany, *for the Defence of the Frontiers this last Winter; which Service hath been performed, tho' I must observe to you, that the Supplies granted for that Purpose, have as yet come in but very slowly; I think it proper to acquaint you, that Two of the Acts passed last* November, *will require your further Consideration; the First is, An Act, for the better settling the Militia of this Province; the Second is, An Act, for appointing and enabling Commissioners, to take, state and examine, the Accounts of the Revenue, of this Colony, and the necessary contingent Charge of the Government: The First, contains an enacting Clause, which lays a Penalty of* Six Pounds, *upon any Person that shall be detached out of the Militia, and shall not appear at the Time and Place appointed, and perform the Service required of him, to be applied to the Use of him who is a Defaulter; this Penalty is to be recovered in the Courts of Pleas, which sits so seldom, that the Offenders conceive great Hopes that their Offences may be forgotten, before the Time comes for recovering their Forfeitures; therefore I think it would be convenient, that a more speedy Method may be provided for recovering the said Penalty, which will make Men more cautious of Offending, and will be a better Encouragement to those that ought to reap the Benefit of such Forfeitures. In the other Act, you have appointed Gentlemen very capable of Executing the Trust reposed in them, but for Want of a Power sufficient to compel People, to lay such Books and Papers before them, as are necessary to enable them, to lay before you such a Report, as you may reasonably expect from them, I fear great Part of their Labour may prove fruitless, therefore recommend it to you, to consider, whether it will not be proper, by a short Bill, to vest them with such a Power, as may enable them to perform the Services expected from them. Gentlemen, I must acquaint you, that since your Adjournment, I have received Information, that the* French *intend to attack this Place, by Sea this Summer. I think, the best Way to prevent that Design will be, to erect two Batteries of Guns at the* Narrows, *one on each Side, which, I believe, is the only Way, to make this Port safe; I have ordered an Estimate to be made, of what that Charge may amount to, which shall in a few Days, be laid before you.——— I must likewise recommend it to the Care of you, Gentlemen, of the House of Representatives, to provide Funds, for carrying on the Fortifications at* Albany, *and other Places on the Frontiers, least for Want of them, the Farmers of those Parts should desert their Habitations, as they have formerly done. I wish, Gentlemen, you would think of a Bill, for the better ascertaining and preserving the Highways in this Colony; I must again, recommend to you, the preparing a Bill, to prevent the distilling of Rum, and the burning of Oyster-shells into Lime, within this City; I have great Reason to believe, that both these Things, did contribute very much, to the Increase of that fatal Distemper, the City was unhappily visited with last Summer; I do not doubt, but several other Things will occur to your Thoughts, which may require the passing of wholesome Laws. I am glad of this Opportunity, to assure you, that you shall always find me ready to assent, to all such Bills, as shall be necessary for the promoting and advancing the Trade and Welfare of this Colony.*

Gentlemen, it is with a great deal of Pleasure, that I take this Opportunity to acquaint you, that the Arms of the Queen and her Allies, have every where in Europe, *been blessed with great Success, and particularly at the Port of* Vigo, *in* Spain; *where her Majesty's Fleet and Army, have destroyed and taken fifteen Sail of capital* French *Ships of War, and seventeen* Spanish *Galleons, with great Riches.*

Gentlemen, I have nothing more to recommend now to you, but the Dispatch of the Business before you, that I may be at Liberty, to attend the Service of the Queen, in other Parts of this Province.

Resolved, The House will take his Excellency's Speech into Consideration To-morrow Morning.

Mr. *Abeel*, acquainted the House, he saw Mr. *Crum* take the Oaths and sign the Test according to Law.

To His Excellency *the* Governor.

The humble Addreſs of the General Aſſembly, of her Majeſty's Colony in New-York, *in* America.

My Lord,

WE her Majeſty's faithful and loyal Subjects, deputed by the Freeholders, of the ſeveral Counties and Places in this Colony, for which we reſpectively ſerve, find our ſelves under a Neceſſity to repreſent to your Lordſhip,

That this Colony, in its firſt and original Model or Project, *Anno* 1694, was deſigned, to extend from the Weſt Side of *Connecticut* River, to the Eaſt Side of *Delaware* Bay or River, being thought then, a proper and ſufficient Territory, for the Settlement of one Plantation, Colony or Government. But the greateſt Part of it to the Eaſtward, being in the Poſſeſſion of thoſe, who claim under a Grant from the Crown *Anno* 1661, to the Governor and Company, of the *Engliſh* Colony of *Connecticut*, in *New-England*; and all the Lands to the Weſtward of *Hudſon's* River near the Sea, and moſt capable of Improvement, either by a wrong Repreſentation or a ſupine Neglect, having been lopped off, there only remains to this Colony, a Breadth of about thirty Miles along the Shore, by which being reduced to narrow Limits, and a ſmall Number of Inhabitants, its the leſs able ſuſtain the Burthens it labours under.

The Situation of this Colony, not a little contributes to our Calamities, the upper Branches of *Hudſon's* River, ſtretching near others, which run into the great River of St. *Lawrence*, afford the *French* of *Canada*, an eaſy Paſſage to annoy us on that Side, and the five Nations of *Indians*, the moſt warlike in theſe Parts, living contiguous, oblige us to be at an extreme Charge, to gain the uncertain Friendſhip of a ſavage People, who otherwiſe, would prove a dangerous and troubleſome Enemy, not only to this, but to all the reſt of the *Engliſh* Plantations, on the Main Land of *America*.

The late War, drained us of the greateſt Part of our Youth, who to avoid being detached to ſerve on the Frontiers, forſake their native Soil, to ſettle in the neighbouring Colonies and other adjacent Places.

Since the Peace, this Colony has raiſed above *Twenty-two Thouſand Pounds*, in publick Monies, a great Part of which has been laviſhed ſo profuſely, and miſapplied contrary to the Ends for which it was given, and againſt the expreſs Letter, of both the Letters Pattents and Inſtructions of the late Governor; That it muſt be no Wonder, if the People (were they able) ſhould be averſe to giving, having freſh before their Eyes, ſuch apparent Examples, of the unjuſt and unaccountable Diſpoſition of their Monies.

The Languiſhing and decay of Trade, is what we cannot omit mentioning to your Excellency, which though poſſibly may be perfectly owing to the Duties we have laid on Goods, and otherwiſe, while our Neighbours are Free, and the unlimitted Fees, taken by the Officers of the Cuſtom-houſe, not leſs then the preſent War, *Yet the Practice of the Admiralty muſt in Time, deter all Mankind from coming among us, which having been in the*

the ſame Hands, with the Office of Chief Juſtice, its Powers is uncontroulable, for a Man to prohibit himſelf, againſt the Byas of 7 and a Half *per Cent.* ſeems a Difficulty not eaſily got ever.

It cannot, but be obvious to every common Man, what Encouragement it is for a Man that has ſomething he may call his own, to expoſe it by coming to Trade, when he has no other Aſſurance of his Property, but the ſelf denial of a Judge, awarding againſt his own Profit and Intereſt.

The Colony being thus exhauſted of Men and Money, and under the Circumſtances before rehearſed, your Lordſhip is a moſt competent Judge in this Exigency, how capable we are of contributing to the Charge of erecting thoſe Batteries, your Excellency intends for our Defence, eſpecially of bringing them to that Perfection, which may render them any tolerable Security.

This being the State and Condition of the Colony at preſent, we humbly offer the ſame to your Lordſhip's Conſideration, humbly beſeeching, your Excellency's Interceſſion with her moſt Sacred Majeſty, to extend her gracious Bounty to theſe impoveriſhed Parts, in beſtowing what in her royal Pleaſure, ſhe ſhall judge requiſite, towards the finiſhing the intended Fortifications, and that her Majeſty will be pleaſed, to give effectual Directions, that all our Neighbours who may receive any Protection from them, may aſſiſt proportionably to the Benefit they may receive. Not in the leaſt doubting, but in whatſoever it lies in your Excellency's Power to relieve us, we ſhall find ſpeedy Redreſs, and without which (though we may for a Time linger and gradually conſume) the Colony muſt at length, inevitably come to Ruin and Deſtruction.

To His Excellency *the* Governor.

My Lord,

HER Majeſty's loyal and faithful Subjects, the General Aſſembly, of this her Majeſty's Colony of *New-York*, in *America*; humbly offer to your Lordſhip's Conſideration, that the Houſe taking Notice of the profuſe and unreaſonable Miſapplication of the Revenue, and other Monies granted by the People heretofore, and the Report made by the Commiſſioners appointed by Act of General Aſſembly, to take, ſtate and examine, the Accounts of the Revenue of this Colony, and the neceſſary contingent Charge of the Government, *was induced to deſire and inſiſt, that ſome proper and ſufficient Perſon, might be commiſſionated as Treaſurer, for the receiving and paying of ſuch Monies now intended to be raiſed for the publick Uſe, as a Means to obſtruct the like Miſapplication for the future,*

They alſo pray Leave to acquaint your Excellency, that the Fees exacted by many of the Officers within this Colony, in particular thoſe of the Cuſtom-Houſe, are unneceſſary, unwarrantable, exorbitant, burthenſome to the People, and a great Obſtruction to our Trade.

They were in hopes, to have received ſome Eaſe and Satisfaction, by your Excellency's paſſing ſome Bills into Laws, for their Relief in theſe Marters, but to their unſpeakable Grief are informed, that your Excellency's granting them Redreſs in that Manner, is contrary to your Excellency's Inſtructions from the Crown.

And therefore, they are moſt humble Suitors to your Excellency, that you will pleaſe ſo

ſo to repreſent theſe Things to her moſt Sacred Majeſty.

That your Excellency may receive her Majeſty's Inſtructions, to commiſſionate ſome proper ſufficient Perſon, a principal Freeholder and Inhabitant here, to be *Treaſurer* of this Colony, for the receiving and paying the Monies from Time to Time hereafter, to be raiſed, for the Support and other Exigencies of the Government, and that whoever ſhall hereafter be appointed and commiſſionated Treaſurer or Receiver General of this Colony, may give in good Surety here, by able and ſufficient Freeholders Inhabitants in this Colony, for the due Execution of their Offices, which they humbly offer as a proper Expedient, to prevent the like Embezelment and Deſtruction of the publick Monies.

As alſo, that your Excellency may receive Inſtructions from her Majeſty, to condeſcend to the humble Deſires of her Majeſty's Subjects in General Aſſembly, for the aleviating thoſe Burthens the People of this Colony labour under, by the *unneceſſary, unwarrantable and exorbitant Fees and Exactions, extorted by any Officer or Officers whatſoever, within this her Majeſty's Colony.*

Which was read; being as followeth:

To the QUEEN'S *moſt Excellent Majeſty.*

The humble Addreſs of your Majeſty's Governor, Council and Houſe of Repreſentatives, for your Majeſty's Province of New-York, *in* America, *in General Aſſembly convened.*

Dread Sovereign,

WE your Majeſty's moſt loyal and faithful Subjects, who have the Honour to be intruſted in the Care and Management of the moſt weighty Affairs of this your Majeſty's Province; do at all Times, think it our indiſpenſable Duties, to lay before your Majeſty, a true State of your Majeſty's Government here, but much more in a Time of War and Danger, we do therefore moſt humbly beg Leave to acquaint your moſt Sacred Majeſty, that the great Hardſhips and Difficulties this poor Province hath laboured under during the laſt War, hath rendered it utterly impoſſible for us to ſupport and defray ſo great a Charge as muſt neceſſarily ariſe, from the building, erecting and repairing ſuch Fortifications only, as will be abſolutely neceſſary for the Safety and Defence, not of this Province alone, but of all other your Majeſty's Territories in *North America*, eſpecially, when it comes to be conſidered, that through the great Neglect, ill Management, and Miſapplication of the Revenue, by thoſe who lately exerciſed the Power of Government, in this Province, the Fortifications on the Frontiers are totally decayed and ruined, and your Majeſty's Revenue here, burthened with a very conſiderable Debt; that your Trade and People, as well as your Majeſty's ſaid Revenue ariſing by Cuſtoms, are alſo very much diminiſhed by the Charter and Proprietary Governments contiguous to this, from whom the Crown hath no Revenue, nor is their Trade loaded with any Impoſition, yet Deſerters of your Majeſty's Service, as well from your Majeſty's ſtanding Forces and Militia Detachments, as from your Majeſty's Ships of War, which guard this Province, are daily entertained and harboured there.

Wherefore, we your Majeſty's moſt dutiful and obedient Subjects, moſt humbly beſeech your Majeſty, that you will be graciouſly pleaſed, out of your Majeſty's Revenue at home, in your Majeſties own due Time, to ſuccour this your Majeſty's diſtreſſed Province; hereby giving ſuch neceſſary Orders and Directions, as may make us happy in the Payment of thoſe Monies, his late Majeſty King *William* the Third of bleſſed Memory, was pleaſed to appoint ſhould be paid out of the Teaſury of *England*, for the carrying on and maintaining the Fortifications aforeſaid; and ſince we are very ſenſible what little Dependance there is to be had of the Quota's, of the ſeveral adjacent Colonies, according to his ſaid Majeſty's Orders and Directions to them, they having hitherto, generally excuſed and evaded their Payment thereof, that your Majeſty will be graciouſly pleaſed, to extend your Compaſſion towards us, in conſidering the great Danger to which this Province is expoſed, and in giving ſuch further Order to the ſaid adjacent Colonies, that they may be obliged effectually to comply therewith, in aſſiſting us with their reſpective Quota's as aforeſaid, or otherwiſe as your moſt Excellent Majeſty, of your great Wiſdom and royal Bounty ſhall think moſt fit. And we your Majeſty's moſt humble Supplicants, as in Duty bound, ſhall ever pray, *&c.*

To which the Houſe agreed, deſiring that in the Title of the ſaid Addreſs, inſtead of the Words *(Houſe of Repreſentatives)* the Words *(General Aſſembly)* be inſerted, and the Words *(in General Aſſembly convened)* be omitted.

Gentlemen,

I Am ſorry the Seaſon of the Year is ſo far advanced, that you cannot have ſo much Time for your Deliberations as I could wiſh, becauſe there are many Things, that will in due Time require your Conſideration; but at this Time, I ſhall only recommend to the Conſideration of you, Gentlemen, of the Houſe of Repreſentatives, the providing a ſufficient Fund, for the Paying ſuch a Number of Men, as may be neceſſary to be ſent to *Albany*, for the Defence of the Frontiers this Winter; the Number which I think neceſſary to be detached for that Service, is 130 Men, with their proper Officers, including the Out-Scouts. I ſhould have deſired a greater Number, but that I conſider the Condition of the Province at this Time, therefore, I am willing to make the Charge as little as poſſible; but I muſt recommend it to your Care, to provide ſuch a Coertion in your Bill, as may be effectual, for the bringing in the Money, by the Time you ſhall think fit to appoint, elſe I am afraid, People will be as backward in their Payments, as they have been in the *Eighteen Hundred Pounds* Tax, which is not yet all paid, though the Time appointed, was the 25th Day of *March* laſt; if any Thing occurs to your Thoughts for the Good of this Colony, which may require the Aſſiſtance of an Act of Aſſembly at this Time, you ſhall always find me ready to concur with you, in all ſuch Things as may be for the real Good of the Country.

I muſt now acquaint you, Gentlemen, that the great Queen of *England*, my Miſtreſs, has been pleaſed to eaſe this Province of a Burthen, which by Cuſtom, has long lain upon it, I mean, that of Preſents to the Governors or Commanders in Chief of this Colony; her Majeſty has been graciouſly pleaſed to confirm that Act, by which the laſt Fall, you were ſo kind as to give to me a very great Preſent, but at the ſame Time, her Majeſty has commanded me to acquaint you, that ſhe has given the neceſſary Orders, for preventing any Governor, Lieut. Governor or Commander in Chief, from receiving any Preſents for the Future; that Order, I have here in my Hand, and purſuant to the Queen's Commands, I have cauſed it to be entred in the Council Books. And I deſire you, Mr. Speaker, to take Care that it be entered at large in the Journals of your Houſe. Ordered, Her Majeſty's gracious Letter be entred in the Regiſter of this Houſe, *Verbatim*, according to her Majeſty's royal Pleaſure, ſignified in that Letter, which was delivered by his Excellency, and read to the Houſe, and is as followeth:

To our right Trusty and well beloved Edward *Viscount* Cornbury, *our Captain General and Governor in Chief, in and over our Province of* New-York, *in* America, *and to our Council of our said Province, and to our Chief Governor, or Governors and Council of our said Province, for the Time being.*

ANNE, R.

Right trusty, and well-beloved, we greet you well.

WHEREAS several Inconveniences have arisen to our Government in the Plantations, by Gifts and Presents made to our Governors, by the General Assemblies; we have thought fit, hereby to signify our express Will and Pleasure, That neither you our Governor, nor any Governor, Lieut. Governor, Commander in Chief, or President of the Council, of our Province of *New-York*, for the Time being, do give your or their Consent, to the passing any Law or Act, for any Gift or Present, to be made to you or them, by the Assembly; and that neither you nor they, do receive any Gift or Present from the Assembly or others, on any Account or in any Manner whatsoever, upon Pain of our highest Displeasure, and of being re-called from that our Government.

And whereas, the Salary of *Six Hundred Pounds*, Sterling, *per Annum*, assigned for the Governor in Chief, out of our Revenue arising there, may not be sufficient for his Support, we are hereby graciously pleased to direct, that *Six Hundred Pounds*, Sterling, *per Annum*, more be added, out of our said Province, for the Time being.

And whereas, by this increase of Salary, the General Assembly of *New-York*, will have an Opportunity and be in a Condition, of applying those Sums, which they usually gave in Presents to the Governors, or Lieut. Governors by temporary Levies, towards such other publick Uses, as be most necessary for the Defence and Safety of the said Province; we do not doubt, but that in Consideration of our Care, in exempting our good Subjects, from this customary Burden of Presents, the Assembly may be the more easily induced to contribute in a more ample and effectual Manner, to their own Safety and Preservation.

And we do further direct and require, that this Declaration of our royal Will and Pleasure, be communicated to the Assembly, at their first Meeting after the Receipt hereof, and entred in the Register of our Council and Assembly, that all Persons whom it may concern, may govern themselves accordingly, so we bid you Farewel. *Given at our Court of* St. James's, *the* 20*th Day of* April 1703, *in the second Year of our Reign.*

Gentlemen,

"THE Time to which you were adjourned the laſt Year being come, I am glad to ſee ſo many of "you, ready to attend the Service of the Queen and your "Country, by which Means, I hope, there may be ſuch "Diſpatch, given to the Matters which will be laid before "you, and that you may think proper to be done, that I "may be at Liberty, to attend the Service of the great Queen "of *England*, my Miſtreſs, in the Neighbouring Province, "ſome Time in *May*; the Things which I ſhall more particularly recommend to the Conſideration of you Gentlemen, "of the Houſe of Repreſentatives, are theſe. *Firſt*, The "Security of the Frontiers, which I am afraid, cannot be "thought ſo ſecure now, as they were laſt Year; the good "Succeſs our Enemies the *French*, with ſome of their *Indians*, have had againſt our Neighbours of *New-England*, "who by their Careleſſneſs, have ſuffered themſelves to be "ſurpriſed and cut off at *Deerfield*, may perhaps encourage "them to attempt our Frontiers likewiſe; though I hope (if "they do) they will find us more watchful and in a better "Poſture than our Neighbours; however, I think it will be "abſolutely neceſſary, that ſome Men may be raiſed, and ſent "up for the Defence of the Frontiers for the Year enſuing; "the Number I think proper, is 150 Men, to be employed "thus, 30 Men to be added to the Garriſon of *Schenectady*, "30 at *Niſtigaone*, 30 at the *Half Moon*, 30 at *Kinderhook*, and 30 to be diſperſed in the Out Farms; by this "Means, I hope, I ſhall be able to prevail with the Inhabitants, not to deſert their Farms, which I am informed, they "will very ſpeedily do if not protected.

"The next Thing, which I moſt earneſtly recommend to "your ſerious Conſideration is, the Condition of her Majeſty's "Revenue in this Colony, which is now very ſmall. There "was an Act of the General Aſſembly of this Colony, paſt "in the Year 1698, entitled, An Act, for raiſing an Additional Duty, for the defraying the Debts of the Government; but that Act was to continue in Force for two Years "only, and no longer, which Time is long ſince expired; "I only mention this to you, becauſe I think the Methods

"preſcribed

" preſcribed in that Act, will appear as eaſy as any that can " be thought of; however, I ſhall leave it wholly to your " Conſiderations, to uſe ſuch Methods as you ſhall think pro- " per, only, I muſt acquaint you, that unleſs ſome Care is " now taken, the Revenue will not anſwer the neceſſary " Charges of the Government.

" I muſt acquaint you Gentlemen, that her moſt Sacred " Majeſty the Queen, who is always watchful for the Good " of her Subjects, and conſidering the Danger that ſome of " her Subjects of this Colony, were expoſed to, by the wick- " ed Conſtruction put by the then Chief Juſtice, upon an Act " of Aſſembly, paſſed in *April* 1691, (entitled, An Act, for " the quieting and ſettling the Diſorders, that have lately hap- " pened within this Province, and for the Eſtabliſhing and " ſecuring their Majeſty's preſent Government, againſt the " the like Diſorders for the future) has been pleaſed to Com- " mand me, to recommend to you, the repealing the laſt " Clauſe in the ſaid Act, her Majeſty being ſatisfied, that the " Laws now in Force in *England*, are ſufficient to puniſh any " Perſon, who ſhall offend in that Manner in theſe Parts. " This Gentlemen, is what I thought proper to offer to you " at this Time, therefore I ſhall detain you no longer, only " but to recommend to you, Unanimity and Diſpatch in the " Matters now before you."

Then the Houſe adjourned till 8 of the Clock, To-morrow Morning.

To the Right Honourable Edward *Lord* Cornbury, *her Majeſty's Captain General and Governor in Chief of the Colony of* New-York, *&c.*

The humble Addreſs of the General Aſſembly.

My Lord,

HER Majeſty's faithful Subjects, the General Aſſembly of this Colony, as they cheerfully embrace all Opportunities of doing Service to her Majeſty and their Country, ſo it affords them a pleaſing Satisfaction, when any of their Actions prove agreeable to your Excellency.

They Eſteem it (as they ought) a very great Happineſs, that in theſe Times of War and Danger, by the Bleſſing of Almighty God, on your Excellency's Adminiſtration, the Colony has hitherto been as ſafe, as in thoſe of the calmeſt Peace, without thoſe Inſults and Afflictions, ſome of the neighbouring Colonies have ſuffered; they humbly and heartily pray to God, for the Continuance of that Tranquility they have enjoyed, for the obtaining of which and their own neceſſary Defence, they come with Minds well prepared, and will never be wanting to their Ability.

They entertain with great Concern, the Condition your Excellency mentions of the Revenue, which having formerly amounted to upwards of *Four Thouſand Pounds, Communibus Annis*, (a Sum, far exceeding any Thing other Colonies, tho' of greater Extent of Territority, People and Riches have raiſed) they are very deſirous of being informed, if the State it is reduced to, is to be attributed to the Decay of the Income, or increaſe of the Charge, that on Conſideration of its Circumſtances, due Remedies may be applied.

Her Majeſties amiable Grace and Bounty to her Subjects here, and Care of their Good is ſufficiently ſhewn, in preventing their Requeſts, by her happy Commands to your Excellency, for the Repeal of that unneceſſary Clauſe in that Act of Aſſembly; they believe it the Effects of your Excellency's juſt offering Things to her Majeſty's View, in their proper Light. By this her Majeſty gives the higheſt Demonſtration that the Greatneſs of her Fortune, is ſurpaſſed by the Goodneſs of her Nature. It will be a Means, of putting out of the Power of vile crafty deſigning Men (whom Miſtake may cloath with Power) the Occaſion of venting their own Wicked Paſſions, under the ſpecious Colours of Law and Juſtice.

They heartily thank your Excellency, for putting them in Mind of Unanimity, and will give all poſſible Diſpatch to the Affairs recommended to them.

Ordered, That Mr. *De Lancey* and Mr. *Sebring*, do wait on his Excellency, and deſire to know, when he will pleaſe to be attended by this Houſe, with their Addreſs.

THE Speaker left the Chair, and with the Houſe, went to the *Fort*, to confer with the Council, on the ſubject Matter of the Amendments, made by the Council to the Bill, entitled, *An* Act, *to repeal the laſt Clauſe in an Act of General Aſſembly*, entitled, *An* Act, *for the quieting and ſettling the Diſorders, that have lately happened within this Province*, &c.

The Houſe being returned, the Speaker reſumed the Chair, and acquainted the Houſe that he had received from Col. *Smith*, in the Preſence of the Council, in Writing,

The Reaſons offered by her Majeſty's Council for the Province of *New-York*, for the Amendments made by them to the Bill, entitled, *An* Act, *to repeal the laſt Clauſe in an Act of Aſſembly*, entitled, *An* Act, *for the quieting and ſettling the Diſorders, that have lately happened within this Province, and for the Eſtabliſhing and Securing their Majeſties preſent Government, againſt the like Diſorders for the future.*

That the Reaſon of the Councils making the Alteration in the firſt Page of the Bill, was, becauſe they were willing to make Uſe of the ſame Words in the Bill, that her Majeſty had been pleaſed to Uſe in her Inſtruction to his Excellency, relating to the repealing that Clauſe ther of.

That the Council thought fit to inſert the Words *(Advice and)* in Page the 2d, Line the 3d. Becauſe they obſerve them to be Parliamentary Words uſed in Bills in *England*.

The ſame Line, after the Word *(Council)* and before the Word *(and)* inſert *(of this Povince)* the Council were induced to make that Amendment, becauſe the Word Council ſeemed too general, ſeeing it might be doubtful, whether it were meant the Queen's Council for this Province, or her Council learned in the Law, that all Matters of that Nature, ought to appear clear.

The ſame Line, after the Word *(and)* leave out *(this General Aſſembly)* and inſert *(Repreſentatives in General Aſſembly convened, and by the Authority of the ſame)* the Council were induced to make this Amendment, becauſe the Bill is worded, as if the *Houſe of Repreſentatives, underſtood themſelves alone to be the General Aſſembly of this Province; whereas the General Aſſembly, is indeed, a Body compoſed of ſeveral Members, to wit, the Governor, her Majeſty's Council for this Province, and the Houſe of Repreſentatives of this Province, who together, compoſe the General Aſſembly, who are jointly the Legiſlative Power of this Province; but the Houſe of Repreſentatives alone, can be taken for no more, than one Limb of that Body*; and therefore, they conceive the Amendment they have made to be reaſonable, and the rather becauſe it is Conſonant to the Practice of *England*, where the Houſe of Commons, do not ſtile themſelves the Parliament, but the Commons of *England*, in Parliament aſſembled.

Which was read.

Then the Houſe adjourned till Three of the Clock in the Afternoon.

Die Martis, 3 *ho. P. M. May* 9, 1704.

MR. Speaker, preſented to this Houſe a Letter, given him by *William Congrave*, by his Excellency's Order, directed to his Excellency, from the Mayor of the City of *Albany*, giving an Account of the Motions of the *French* at *Candaa*, and their *Indians*.

Ordered, The ſame lie on the Table for the Members to peruſe.

Reaſons to be offered to the Council, why this Houſe cannot concur with the Reaſons ſent by the Council, for their Amendment to the Bill, entitled, *An* Act, *to Repeal the laſt Clauſe in an Act of Aſſembly*, entitled, *An* Act, *for the quieting and ſettling the Diſorders, that have lately happened within this Province*, &c. being read, are agreed to by the Houſe, being as followeth;

An Anſwer by the General Aſſembly of her Majeſty's Colony of *New-York*, to the Reaſons offered by her Majeſty's Council for the ſame Colony, for the Amendments to the ſaid Bill.

To the firſt Amendment this Houſe readily concurred, only with this, that the latter Clauſe of that Paragraph, for which the Amendment ſeems intended, and as paſſed by this Houſe, ſhould be omitted, as ſeeming to them, a uſeleſs Tautology, and only a Miſpriſion of the Clerk, and amounting to no more, than what was before expreſſed in the Amendment.

That this Houſe do not concur to inſert the Words *(Advice and)* in Page the 2d, Line the 3d, becauſe in all the Letters Patents from the Crown, wherein there is mention of any Aſſembly *which the Houſe are humbly of Opinion, is the Meaſure of the Powers of this Goverment, and the Rules of the Peoples Obedience)* no Word of Advice is mentioned, but only the Conſent of the Council and Aſſembly, or the major Part of them reſpectively, nor is the Houſe convinced, that the Word *(Advice)* is any Ways proper in that Place.

This Houſe do not agree, after the Word *(Council)* in the ſame Line, to inſert the Words *(of the Province)* in regard the Word *(Council)* taken alone, cannot be thought to be any other than the Council appointed by the Letters Patents; however if the Word Colony, will ſerve inſtead of the Word *(Province)* this Houſe willingly conſents, that Word being uſed in moſt of the Letters Patents, as Synominous with the other, to expreſs the Settlements in the Plantations, and ſo ſtiled in divers Acts of Parliament.

That in the ſame Line, to leave out the Words *(this General Aſſembly)* and to inſert *(Repreſentatives in General Aſſembly)* this Houſe cannot conſent, in Regard all the Letters Patents, given Powers to ſummons and call General Aſſemblies, the Perſons duly elected by the major Part of the Freeholders, are peculiarly directed to be called, and held General Aſſemblies, which being a Stile appointed and given them, in all the Letters Patents from the Crown, for eſtabliſhing the Government here, they cannot depart from it, without neglecting the royal Bounty of her Majeſty and her Predeceſſors, nor without doing Wrong to thoſe, by whom this Houſe are elected and deputed.

Ordered, That Capt. *Coddrington*, Capt. *Garton*, Mr. *Banker*, Mr. *Sebring* and Capt. *Stillwell*, or any Three of them, be a Committee, to inſpect, examine and ſtate, the Accounts of the Taxes of *One Thouſand, Eight Hundred Pounds*, and *One Thouſand, Three Hundred Pounds*, raiſed for the Defence of the Frontiers, and make their Report of the ſame to the Houſe, and that they have Power to ſend for Perſons and Papers.

Then the Houſe adjourned till 3 of the Clock, in the Afternoon.

THE Houſe (according to Order) reſolved into a Committee of the whole Houſe, to conſider further of the Salaries of the Civil Officers yearly, and the Produce of her Majeſty's Revenue. And after ſome Time ſpent therein, Mr. Speaker reſumed the Chair, and Col. *Howell*, reported from the ſaid Committee, That they had fully examined the ſeveral Computations laid before them, and had the ſame under due Conſideration, but for Want of an exact State of the annual Produce of the Revenue, and the Yearly neceſſary Charge of the Government, they could come to no Reſolution on that Matter.

A Motion being made, and the Queſtion being put, whether *David Schuyler* and *Robert Livingſton*, Jun. ſhould have Leave to bring in a Bill to this Houſe, according to the Prayer of their Petition, it was carried in the Affirmative.

Ordered, That Leave be given to bring in a Bill accordingly.

Gentlemen,

I HAVE required your Attendance here this Day, to take Notice to you of ſeveral Innovations lately attempted to be ſet on Foot, by ſome of you never thought of, nor attempted by any of your Predeceſſors, and which can tend to Nothing, but to diſturb that Quiet, which her moſt Sacred Majeſty the Queen, deſires all her Subjects ſhould enjoy, in all the Parts of the World under her Dominion; this can be effectually hindred by nothing, but by the Subjects attempting to invade the Property of the Queen, or aſſuming to themſelves to exerciſe a Power, veſted by the Crown in the Governor alone.

And as theſe are Things, which I ſhall never ſuffer during the Time, her Majeſty will be pleaſed to truſt the Adminiſtration of this Government in my Hands, ſo I ſhall always do my Part in admoniſhing of you, hoping that may bring you to think ſo ſeriouſly, that I may not be forced to exert the Powers veſted in me by the Queen, nor to make Repreſentations to her Majeſty to your Diſadvantage.

The firſt Thing I ſhall take Notice of, is the Stile you have make Uſe of in ſome of your late Bills, in which you inſiſt upon the Title of General Aſſembly, becauſe they are Words uſed in the Letters Patents, which conſtitute me Governor of this Province; and at the ſame Time, you are very unwilling to admit of the word Advice, though contained in the ſame Letters Patents, notwithſtanding, in the Reaſons you delivered to the Gentlemen of her Majeſty's Council, for this Province, at a Conference you ſaid the ſaid Letters Patents, are the Meaſure of the Power of this Government, and the Rules of the People's Obedience; but it ſeems, you think yourſelves the only Interpreters of the Queen's Meaning, which I muſt tell you appertains to me; I muſt further obſerve to you, that in your Votes of the Twenty-ſixth Day of *May*, you have made a Reſolve in theſe Words.

Reſolved, *That this Houſe, for the avoiding all Delay, will at this Time, admit of that Amendment, always ſaving their Rights, this Compliance notwithſtanding.* But you do not think fit to mention what thoſe Rights are, and as I know of none that you have as an Aſſembly, but ſuch as the Queen is pleaſed to allow you, ſo I think it my Duty to require you (which I now do) to lay before me, as ſoon as may be, what thoſe Rights are, which you pretend to ſave in that Vote.

The next Ting, I ſhall take Notice to you of is, that in your Bill, for raiſing *One Thouſand, Six Hundred* and *Five Pounds, Ten Shillings*, for the paying 90 Fuzileers, their Officers included, you take it upon you to direct what Number of Officers, there ſhall be to command thoſe Men, and where they ſhall be poſted; nay, you take it upon you to ſay, that none of the Inhabitants of *Albany*, ſhall be commanded upon that Service, unleſs it be for Out-Scouts; theſe are Powers do in no Manner belong to you; they are veſted ſoly in me, and I will never ſuffer you to meddle with them. I muſt take Notice to you, of another Vote you made, with relation to the *Eighteen Hundred Pounds* Tax, and *Thirteen Hundred Pounds* Tax, and there you have voted, that there is due to the Colony, the Sum of *Nine Hundred* and *Thirteen Pounds, Fifteen Shillings*. It is true, the Queen is pleaſed to command me in her Inſtructions, to permit the Aſſembly from Time to Time, to view and examine the Accounts of Money, or Value of Money diſpoſed, by Virtue of Laws made by them, but you can in no wiſe meddle with that Money. But if you find any Miſapplication of any of that Money, you ought to acquaint me with it, that I may take Care to ſee thoſe Miſtakes rectified, which I ſhall certainly do.

Gentlemen,

Gentlemen,

I cannot conclude, without obſerving to you, that though I recommended to your Conſideration, the State of the Revenue at the beginning of this Seſſion, you have not thought fit to make any Proviſion, for the neceſſary Support of the Government, though it is evident to all Mankind, that the preſent Revenue cannot do it; I muſt ſay, this is not a ſuitable Return to the Queen's Favours.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

Die Jovis, 3 ho. P. M. June 1, 1704.

A Meſſage from the Council, by Col. *Gerardus Beekman*, That they agreed to the Bill, entitled, *An* Act *for the levying and collecting the Sum of* One Thouſand, Six Hundred *and* Five Pounds, Ten Shillings, *for the paying* 90 *Fuzileers, their Officers included, for ten Months, and* 30 *Men with their Officers to be employed as Scouts* 60 *Days, for the Defence of the Frontiers*; with ſome Amendments, to which they deſire the Concurrence of this Houſe; which were read; and the Conſideration thereof referred till To-morrow.

His Excellency's Speech being read, was taken into Conſideration.

Reſolved, Nemine Contradicente, That this Houſe, will To-morrow, take the ſame into further Conſideration.

Then the Houſe adjourned till To-morrow Morning, 8 of the Clock.

Die Jovis, 9 ho. A. M. June 8, 1704.

THE engroſſed Addreſs of this Houſe, to his Excellency, was read, and ſigned.

Reſolved, That the ſaid Addreſs be preſented to his Excellency by the whole Houſe, which is as followeth, *viz.*

To his Excellency Edward *Viſcount* Cornbury, *Captain General and Governor in Chief of her Majeſty's Colony of* New-York, *and Territories depending thereon in* America, *and Vice Admiral of the ſame.*

The humble Addreſs of the General Aſſembly.

MY LORD,

EVER ſince this Aſſembly have been elected by the Country, next it's true Intereſt, they had nothing ſo much in their Thoughts, as doing ſuch Things as might render them and their Actions agreeable to your Lordſhip, that being in your good Opinion, they might be the better enabled to perform the Services for which they were choſen: It is with great Concern they find they are miſtook, and charged with Innovations; their Endeavours are to conform themſelves to the Letter, as well as to the true Intent (as they underſtand them) of the Commiſſions under the great Seal from the Crown.

They never had, nor can have the leaſt Thought of attempting the Invaſion of her Majeſty's Property, or aſſuming to themſelves any Powers of Government whatſoever, nor do they believe, your Lordſhip will exert any Powers, but what are lawful, nor make any Repreſentations but what are juſt.

The Stile of General Aſſembly, is what in all Commiſſions, that mention of Aſſembly is given

given to the Deputies of the People, and that they ſhall be called and held by that Name; but ſince your Lordſhip hath been pleaſed to direct the Stile of the Acts according to your Lordſhip's Inſtruction (as they are informed) they heartily agree and conſent to the ſame.

The Reaſon they have been diſſatisfied with inſerting the Word, *Advice*, in Acts of Aſſembly, is it's not being applicable to that Purpoſe (as they apprehend) in the making of Laws, the Conſent of the Council and Aſſembly, or the major Part of them reſpectively is, expreſsly, and only required, your Excellency is not directed, in the making of Laws, to take the *Advice* of Council or Aſſembly, or both, but manifeſtly the contrary, your Lordſhip's own Prudence, being wholly and ſolely intruſted to prevent, that whatſoever might be agreed on by the Council and Aſſembly (if in your Excellency's Judgment) to the Prejudice of the Crown, ſhould not receive the Sanction of a Law; and the ſo often Repetition in the *Engliſh* Hiſtories and Laws of theſe Words, *common Conſent in Parliament*, (to which Laws, being the Birth right of *Engliſhmen*, this Aſſembly humbly lays a juſt Claim) appears to them a clear Illuſtration of the Matter.

All Commiſſions from the Crown have hitherto been not only openly and ſolemnly publiſhed, but recorded in the Secretary's Office, for the Subject to have recourſe to on Occaſion, and the publiſhing, has ever been, by ſpecial Direction and Inſtructions from the Crown; this muſt be to the End, they may be conſtrued and underſtood by the People, and can be to other Purpoſe whatſoever.

My Lord,

This Aſſembly being intruſted by the People of this Plantation, with that Care of their Liberties and Properties, and ſenſible of their own Weakneſs, leaſt through Ignorance or Inadvertency, they ſhould Conſent to any Thing hurtful to themſelves or their Poſterity (in all Things admitting of doubts) are willing to ſave their Rights, and thoſe Rights they mean to be that natural and civil Liberty, ſo often claimed, declared and confirmed, by the *Engliſh* Laws, and which they conceive every free *Engliſhman* is intitled to, whatſoever elſe may admit of Controverſy, the People of this Colony think, they have an undoubted, true and intire Property in their Goods and Eſtates, of which they ought not to be diveſted, but by their free Conſents, in ſuch Manner and to ſuch Ends and Purpoſes, as they ſhall think fit, and not otherwiſe, if the contrary ſhould be admitted, all Notion of Property would ceaſe. Every Man is the moſt proper Judge of his own Capacity in giving, and the preſent extream Poverty of this Country is both viſible and too apparent, they humbly inſiſt, that ſince ſeveral of their Neighbours, who neither bear nor feel our Burthens, are covered by, and more than equally concerned in our Defence, ought proportionably to contribute toward it, in the mean Time, this Colony does it's utmoſt.

The Aſſembly are ſorry to be miſunderſtood, relating to the Bill, for raiſing *One Thouſand, Six Hundred* and *Five Pounds, Ten Shillings*, for paying 90 Fuzileers, *&c.* They do not there take on them, to reſtrain the Number of Officers, though the Calculation is for the Pay of 90 Men, including one Captain and two Lieutenants, *&c.* They are humbly of Opinion, the Payment of *One Thouſand, Six Hundred* and *Five Pounds, Ten Shillings*, will ſtrain the poor Inhabitants beyond their Ability, and therefore, dare not impoſe further on them, and the mention of the Poſting of them, was ſolely occaſioned from the Expreſſion (as they took it) to that Purpoſe in your Excellency's Speech.

The Argument of which cauſed the Clauſe in the Bill, reſtrictive of the Inhabitants of *Albany*, was that, That Country being a Frontier weak, and wanting Men from other Parts for its Defence, but the vicious Corruption of ſome Officers, many ſuch Perſons were excuſed, paying each *Six Pounds*, and by a Liſt produced in the Aſſembly, more than a ſixth Part of ſuch Men, which ſhould have been ſent up from hence, were made up (as affirmed by credible Witneſſes) of Men of that County, ſome of them remote from *Albany*, who doing little or no Duty, their Pay was miſapplied, the deſigned Defence neglected, and were no Addition to the Strength of the Frontiers.

Mr. *Fauconier*, the Accomptant, makes due to the Militia, for Ballance of the *Eighteen Hundred Pounds* Tax, *Four Hundred* and *Twenty-eight Pounds, Ten Shillings* and *Ten Pence*, and by ſeveral Objections made againſt divers Miſapplications, both in the Accounts of the *Eighteen Hundred Pounds*, and *Thirteen Hundred Pounds* Taxes, there appeared, *Four Hundred* and *Eighty-five Pounds, Four Shillings* and *One Penny* more, both theſe Taxes being raiſed, to be applied for the Defence of the Frontiers, and all publick Monies being to be diſpoſed for the Support of the Government, and not otherwiſe; the Aſſembly were induced to make a Computation accordingly, eſpecially ſince the Inſtructions from her Majeſty to permit, the Aſſembly from Time to Time, to view and examine the Accounts of Money, diſpoſed by Virtue of Laws made by them (in their Apprehenſions) can have no other Concluſion, and they will have, no doubt, but your Lordſhip, will accordingly take Care, to ſee thoſe Miſtakes rectified.

My

My Lord,

The languiſhing Eſtate of her Majeſty's Revenue here, cannot be conſidered without melancholy Reflections, the People of this Government (one of the leaſt, in the *Engliſh* Empire) towards it's Support, having liberally out done all Mankind, and it's feared themſelves; the Advance or Decay of the Revenue, ſeems to be the Pulſe of the Felicity or Miſery of the People, and its Decreaſe is a plain Evidence of the wretched Condition of the Inhabitants, to lay any further Impoſitions on Trade, will be in Effect, a total Prohibition, the preſent War, and many other Accidents, have too unhappily contributed to its Deſtruction already.

Her Majeſty's royal Favours, ſhall ever have that due Impreſſion on their Hearts, which becomes dutiful, loyal and affectionate Subjects, ſenſible of her matchleſs Juſtice and Bounty, and from whom they queſtion not, that Protection and Support, which will prevent the unavoidable Ruin, that otherwiſe muſt be their Portion.

Ordered, That Mr. *De Lancey* and Capt. *Garton*, do wait on his Excellency, to know when he will be pleaſed to be attended by the Houſe, with their Addreſs.

The Amendments to the Bill, to charge the ſeveral Cities and Counties in the Colony, with *One Hundred* and *Forty-three Pounds, Ten Shillings* and *Ten-pence*, for fitting and furniſhing a Room, for the General Aſſembly, with a Lobby in the City-Hall of *New-York*, being taken into Conſideration, were read and agreed to by the Houſe.

Ordered, That Mr. *Lakerman*, do carry up the Bill to the Council, and acquaint them that this Houſe, hath agreed to the ſaid Amendments.

Reſolved, The Bill do paſs.

Ordered, That Mr. *Stillwell*, do carry up the Bill to the Council for their Conſent.

And then the Houſe adjourned till 3 of the Clock in the Afternoon.

Die Veneris, 9 ho. A. M. June 16, 1704.

A Meſſage from the Council, by Mr. *Ling,* to deſire a Conference with this Houſe, this Morning at 9 of the Clock in the Fort, on the ſubject Matter, of the Amendments made by this Houſe, to the engroſſed Bill from the Council, for the better and more effectual Diſcovery and Payment of Quit-Rents, and other annual Reſervations and Payments, due to her Majeſty, within this her Majeſty's Colony of *New-York,* in *America,* and the Arrearages thereof.

To which the Houſe agreed.

Ordered, That Mr. *De Lancey,* Capt. *Garton,* Mr. *Sebring,* Capt. *Schuyler,* Mr. *Banker,* Capt. *Coddrington,* Mr. *Abtel,* Col. *Beekman,* Mr. *Stillwell* and Mr. *Lakerman,* be a Committee of this Houſe, to manage the Conference with the Council, on the ſubject Matter of the Amendments to the ſaid Bill; the Managers went to the Conference, and being returned, Capt. *Garton,* reported the Conference, which is as followeth, *viz.*

Reaſons offered by the Council, for their not agreeing to ſome of the Amendments, made by the Aſſembly to the Bill, entitled, *An* Act, *for the better and more effectual Diſcovery and Payment of Quit-Rents, and other annual Reſervations and Payments, due to her Majeſty, within this her Majeſty's Colony of* New-York, *in* America, *and the Arrearages thereof,* viz.

That the Council are not induced to agree to the Amendment, in Page the 1ſt, Line the 14th, of the ſaid Bill, to leave out from the Word *(ſame)* to the Word *(for)* in the 6th Line, of Page the 2d, for that it is apparently manifeſt, that notwithſtanding, divers Proclamations have iſſued, as well in the preſent as in the former Governor's Times, for the bringing in of the Patents, by which Means a true Eſtate of the Quit-Rents, might be found out and diſcovered; yet the ſaid Perſons, have generally refuſed to pay Obedience thereto, which ſeems to us, to be a Combination wholly to make uſeleſs that Branch of her Majeſty's Revenue, towards the Support of the Government.

The Council do not agree to the Amendments, in Page the 3d, Line the 9th, and in Page the 3d, Line the laſt ſave one, for the Uncertainty thereof.

The Council cannot agree to the Amendment, in Page the 4th, Line the 6th, by Reaſon the Trouble and Charge that will be occaſioned thereby, will render the Execution of the ſaid Act more difficult.

The Council do not agree to the Amendment, in Page the 4th, Line the 8th, becauſe they are of Opinion, that one material Witneſs on Oath, will be ſufficient for the Ends and Purpoſes of the ſaid Act; whereas, two Witneſſes will render the Execution of this Act, more difficult and leſs effectual.

The Council do diſagree to the Amendment, in Page the 4th, Line the 20th, for the Incertainty thereof, as aforeſaid.

The Council do not conſent to the Amendment, in Page the 6th, Line the 14th, they being of Opinion, that the ſaid Commiſſioners take their Office, by Virtue of the Act, and not by the Nomination of his Excellency, and therefore, are obliged to obey the ſame, as much as any Officer whatſoever, appointed by Act of Aſſembly.

The Council doth not agree to the adding to the Bill, the Proviſo mentioned in the Amendments of the Aſſembly to the ſaid Bill, becauſe the ſame as they conceive, is wholy uſeleſs and unneceſſary, there being nothing in the ſaid Bill, that can alter any Tenure or Charge, or burthen any Perſon, or enforce the Payment of any Rent, its End and Deſign, being wholly to find out and diſcover ſuch Terms and Rents, that the Government may know certain what to demand, and Perſons not to be charged and burthened, with uncertain or unneſſary Claims or Actions.

Ordered, That a Conference be deſired with the Council, upon the ſubject Matter of the laſt Conference.

Ordered, That Mr. *Purdy,* do go to the Council, and deſire the ſaid Conference.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

Die Veneris, 3 ho. P. M. June 16, 1704.

REASONS to be offered by the Aſſembly, at a Conference for their inſiſting on their Amendments, to the engroſſed Bill from the Council, entitled, *An* Act, *for the better and more effectual Diſcovery and Payment of Quit-Rents,* &c. diſagreed unto by the Council, as followeth:

On the firſt Amendment, diſagreed to by the Council, the Aſſembly do inſiſt.

Becauſe they ſhould otherwiſe, without Evidence, condemn Perſons whom they have no Knowledge of, without hearing of Parties.

On the ſecond Amendment, diſagreed to by the Council, the Aſſembly do inſiſt.

Becauſe delivering in to the Commiſſioners, a true Copy of each Grant or Patent, to be perſonally examined by the Commiſſioners, is more eaſy and equivalent, than any Inſpection or Extract, the Commiſſioners themſelves can make, and to prevent that Loſs and Diſtinction of Patents, Deeds and Evidences, for Lands which formerly has happened to divers of the Inhabitants in theſe Parts, on ſuch like Occaſions.

On the 3d and 4th Amendment, diſagreed to, as aforeſaid, the Aſſembly do inſiſt.

Becauſe they otherwiſe would conſent, to alter the common and uſual Courſe of Juſtice, and thereby make a Preſident of ſuch evil Conſequence, the Aſſembly is unwilling to think on, nor can they apprehend the Trouble or Charge occaſioned thereby, will obſtruct the Execution of the Act, ſince the Weight of the Penalty, will make amends for the Labour and Expence of the Proſecution.

On

On the 5th Amendment, diſagreed to as aforeſaid, the Aſſembly do inſiſt.

For the Reaſon expreſſed for the 2d Amendment, above mentioned.

On the 6th Amendment, diſagreed to as aforeſaid, the Aſſembly do inſiſt.

Becauſe, the Reaſon offered by the Council, is againſt the expreſs Words, as they conceive of the Act itſelf, as it came to this Houſe and ſtill remains, which is that thoſe Commiſſioners, ſhould be nominated and appointed by his Excellency, who thoſe Officers will be, the Aſſembly is wholly Ignorant, but think it highly equitable, that as the Puniſhment ſhould bare proportionably to the Reward, ſo no Man againſt his Conſent, ſhould be burthened with a new Office, for which its probable he may not be fitted.

On the Proviſo, diſagreed to as aforeſaid, the Aſſembly do inſiſt.

Becauſe, if as the Council ſeem to conceive, their is nothing in the Bill, that can alter the Tenure, Charge or Burthen any Perſon, the Proviſo, is declarative hurtful to none, and to prevent and avoid all Miſconſtructions and Diſputes, but if the contrary, the Proviſo is abſolutely uſeful, neceſſary, and to the Purpoſe its intended.

Gentlemen,

THE *Aſſembly of* New-Jerſey, *having detained me ſome Days longer than at firſt I intended, and the Seaſon of the Year being ſo far advanced, are the Reaſons which induce me to recommend to your Conſiderations for this Seſſions, as few Things as may be, and indeed the two chief Things, which I moſt earneſtly recommend to you, to be provided for at this Time, are the low Condition of the Revenue, and the Defence of the Frontiers; I did in June laſt, recommend to you Gentlemen, of the Houſe of Repreſentatives, to lay an additional Duty, on certain Commodities, which had been granted by a former Aſſembly of this Province, but expired, when I recommended that to you, I did it, as a Thing, which in my Judgement, would in ſome Meaſure help the Revenue, without any Burthen upon the People. Some Gentlemen, were then of Opinion, that ſuch an additional Duty, would be a Clogg upon the Trade of this Place; if they have taken the Pains to enquire into that Matter, I do not queſtion but they will be of another Mind; for my Part, I did enquire of ſome of the moſt conſiderable Merchants of this City, who told me, that ſuch a Duty, would have been rather a Help, than a Hindrance or Clogg to the Trade of this Place, being well perſuaded, that thoſe Gentlemen were right in their Opinions, I once more recommend the Conſideration of ſuch a Duty to you, or elſe, that you will conſider of ſome other Method, to enable her moſt Sacred Majeſty the Queen, to ſupport the neceſſary Charges of the Government, which the preſent Revenue will not do; the next Thing, is the Defence of the Frontiers of this Province, in order to that, I did in* July *laſt, order a Detachment of* 100 *Men, out of the Militia for that Service, the greateſt Part of that Number did go up to Albany, and have been poſted in the Places moſt convenient for the Defence of the Country, which has kept us quiet this Summer. I think they ought to be kept there till the laſt Day of* March *next at leaſt, and that ſome Out-Scouts, ſhould be raiſed for this Winter; I therefore recommend it to you, Gentlemen of the Houſe of Repreſentatives, to prepare ſuch a Bill, as may raiſe a Sum ſufficient, for the paying the Men that have been ſent up, and for the Out-Scouts, with ſuch contingent Charges, as may be neceſſary for their going to* Albany, *and returning home again, if there is any Thing, elſe that may be reaſonable to be Enacted at this Time, you ſhall find me ready to embrace all Occaſions of doing ſuch Things as may be for the Good of her Majeſty's Subjects in this Colony; I have nothing further to recommend to you at this Time, but Unanimity in your Conſultations, and Diſpatch in the Matters before you.*

The Houſe being returned, the Speaker acquainted them, his Excellency was pleaſed to make a Speech, which he obtained a Copy of, and was read in the Houſe, being as followeth, *viz.*

Gentlemen,

"*I Am ſorry the Queen's Service in the neighbouring Province, and the ill Weather we have lately had, has hindred me from Meeting this Aſſembly, ſo ſoon as I at firſt intended; however, I hope you ſtill will have Time enough, to diſpatch ſuch Things as may be neceſſary to be provided for at this Time, thoſe which I ſhall more particularly recommend to the Care of you Gentlemen of the Houſe of Repreſentatives, are theſe: Firſt, That a Sum may be provided, ſufficient to pay* 100 *Fuzileers and* 50 *Out-Scouts, with their proper Officers, to be ſent to* Albany, *and Places adjacent, for the Defence of the Frontiers for one Year, and likewiſe that Proviſion may be made, for their going up to, and returning from* Albany; *and likewiſe for Bedding for them while they are there. This is of abſolute Neceſſity at this Time, becauſe I have received an Account, of a Deſign of the* Waghana Indians, *with ſeveral other Nations in Amity with the* French, *to attack our five Nations, who, if they ſee that we are not willing, or not able to ſupport and defend them, againſt their Enemies, will the more eaſily be perſuaded to go over to the* French, *the ill Conſequences whereof are ſo well known, that I need not mention them to you, nor will I now trouble you with any particulars of this News, becauſe I had it from thoſe Gentlemen, who are choſen to ſerve in this Aſſembly, for the County of* Albany, *and who are well able to inform you of the Truth of that Matter.*

"*The next Thing, I recommend to your Care is, the providing ſuch a Sum, as may be ſufficient to pay and defray the Charges of the Detachment ſent up to* Albany, *for the* Defence *of the Frontiers laſt Fall; an Account whereof ſhall be laid before you. I muſt take Notice to you, that the Bill, ſettling the Militia, which was paſſed in the Year* 1702, *is expired by its own Limitation. I think 'tis very neceſſary that the ſame ſhould be revived.*

"The Difficulties which ſome very worthy Miniſters of the Church of *England,* have met with, in the getting the Maintenance ſettled upon them, by Act of General Aſſembly of this Province, paſſed in the Year 1693, moves me to recommend to you, the paſſing an Act, explanatory of the above-mentioned Act, that thoſe worthy good Men, who have ventured to come ſo far, for the Service of God and his Church, and the Good and Edification of the People, to the Salvation of their Souls; may not for the future be vexed, as ſome of them have been, but may enjoy in Quiet that Maintenance, which was by a Law provided for them. I further recommend to you, the paſſing an Act, to provide for the Maintenance of ſome Miniſters in ſome of the Towns, at the Eaſt End of *Long-Iſland,* where I do not find any Proviſion, has been yet made, for the propagating Religion.

"The next Thing, which I think does very highly deſerve your ſerious Thoughts are, the laying a Duty upon all *European* Goods, imported into this Colony, from any of the neighbouring Provinces; whereas now, thoſe Goods pay no greater Duties, than thoſe which come directly from *England.* I did recommend this Matter, to the laſt Aſſembly, and I am afraid the not doing of it at that Time, has been a conſiderable Prejudice to the Trade of the Province; and I am perſuaded that unleſs effectual Care, be now taken in that Matter, the Trade of this Place, will not only become precarious, but our Navigation will be intirely ruined. I am of Opinion, it would be very proper to lay a Duty up all Rum and other Spirits, imported from any Place whatſoever, except *England* and her Majeſty's Iſlands, in the *Weſt-Indies*; I therefore earneſtly recommend to your Care, the preparing ſuch a Bill, as may effectually anſwer the Ends propoſed.

"I further recommend to your Conſideration, whether the paſſing an Act, to diſcourage the Exportation of Corn, and to encourage the Exportation of Flour from this Province, would not be of good Advantage to the Trade.

"I obſerve, that during the late War, at a Time when much greater Sums were given for the Defence of the Frontiers, than have ever been demanded ſince the Beginning of this, the Aſſemblies in thoſe Times, thought fit to grant ſeveral Sums of Money, towards the Diſcharging the Debts of the Province, whether it is not as reaſonable to take the ſame Methods now, to diſcharge the Debts which were contracted before my coming to this Government, I leave to your Conſiderations, only I think it a Duty incumbent on me, to put you in Mind of it, that the People to whom thoſe Debts are due, may not think themſelves neglected.

"*I am of Opinion, it will be neceſſary to paſs an Act, to prevent the Clipping and Defacing the foreign Coin, which has Currency in this Province, and another for the more effectual ſuppreſſing of ſcandalous Women, from coming from the neighbouring Provinces, to live in this; and another to puniſh Negro, Indian and Mulatto Slaves, and to prevent their running away from their Maſters.*

"*Theſe Gentlemen, are the Things I thought fit to propoſe to your Conſideration at this Time. I muſt now acquaint you, that her moſt Sacred Majeſty the Queen, has been pleaſed to Order, that for the future no Governor, Lieut. Governor or Commander in Chief of this Province, ſhall receive any Gift or Preſent from the Country; which Order, you will find entered in your Journals. All the Returns the Queen expects, for eaſing you from the Burthen of thoſe Preſents is, that you contribute more freely to the Defence of the Country.*

"*I have nothing more to offer to you, at this Time, only Unanimity in your Conſultations, and Diſpatch in the Matters before you.*

"*If any Thing occurs to you, which you think may be for the Service of the Queen, and the Good of the Country, you ſhall always find me ready, not only to hear it, but to join heartily with you, to promote any Thing that is reaſonable.*"

Ordered, That his Excellency's Speech and the Votes of this Houſe be printed.

Reſolved, That this Houſe will take his Excellency's Speech into Conſideration To-morrow Morning.

Gentlemen,

THE Occasion of my requiring your Attendance at this Time, is to acquaint you, that upon a French *Privateers coming upon this Coast, and even to the very Mouth of the Harbour, the Gentlemen of her Majesty's Council for this Colony, were of Opinion with me, that all proper Ways and Means, ought to be used, to take, destroy or drive away, the said Privateer from this Coast, in Order to the effecting whereof, I did Order several Vessels to be fitted for that Service, but the People being generally unwilling to go upon that Service, without some Encouragement, I was advised to issue a Proclamation, promissing a Reward of* Two Thousand, Five Hundred Pieces of Eight, *to be divided amongst all such Persons, as should voluntarily engage in that Service; provided the said Privateer were taken, or otherwise destroyed. The Vessels were manned with about* 350 *Men, were victualed for ten Days, and sailed to the* Whore Kills, *in search of the Privateer, but had not the good Fortune to meet with him; the Revenue being so low, that it will not answer the necessary Charges of the Government, is intirely unable to defray this necessary Charge. I therefore, thought it proper to acquaint you with it, and lay before you an Account, of what this Expedition has amounted unto, which I have in my Hand, and I leave it to you to consider, whether it will not be reasonable, that some Reward be given to the Officers and Men, who have been in that Service.*

Gentlemen,

I am commanded by her most Sacred Majesty the Queen, to acquaint you with several Acts of Parliament, lately passed in England, *which are these:* First, *An Act to encourage the Importing of Naval Stores from her Majesty Plantations in* Americа; *this Act is chiefly contrived for the Good of these Parts of the World. I hope, the People of this Colony, will apply themselves heartily to the promoting that Trade, as much as possible, which will be of very great Advantage to them, as well as to the Kingdom of* England. *The Queen is likewise pleased to command me to recommend to you, the passing such Acts of Assembly, as may make the said Act of Parliament most useful and effectual. The other two Acts are, an Act for prohibiting all Trade and Commerce with* France. *And an Act, to prevent all traterous Correspondence with her Majesty's Enemies; to which her Majesty expects a punctual Compliance from all her Subjects.*

I am further commanded by the Queen, to move this Assembly, to raise a Fund, for the purchasing of Military Stores, and for the supplying other Uses, as the Defence of the Province may require: I hope, you will comply with her Majesty's Expectations, that the Government may be in a Condition to defend itself against any Insult of the Enemy.

I must farther acquaint you, that I have lately received a Letter from the Right Hon. the Lords Commissioners for Trade and Plantations, in which they express themselves thus. (We conceive no Reason, why the Council should not have a Right to amend all Bills, sent to them by the Assembly, even those relating to Money.) *This I hope, will put an End to the Differences, which has arisen of late between this Board and the House of Representatives. If you are desirous to have a Copy of the whole Clause in the Letter, you shall have it.*

He delivered in also, an Account at the same Time, he received from his Excellency, and mentioned in his Lordship's Speech; which was likewise read, and

As to what you write concerning the Demeanour of the Assembly, and of your having thereupon adjourned and afterwards dissolved them, that they might have Time to consider better of their Duty, We very much approve of your Lordship's Care in preserving her Majesty's Prerogative and the Rights of Government; and we hope, your Endeavour, will

will prove effectual, to bring them to that Moderation and Obedience, that may moſt tend to the publick Good.

Die Sabatii, 8 ho. A. M. Oct. 6, 1705.

MR. *Cuyler*, from the Committee of the whole Houſe, reported that they had met the Council, at a Conference on the ſubject Matter of the Bill, entitled, *An* Act, *for raiſing a Sum ſufficient, to anſwer the Charge*, &c. had received in writing, the Reaſons of her Majeſty's Council for the Province of *New-York*; (appointed to meet the Houſe of Repreſentatives, on the ſubject Matter of the laſt Conference, which was on the ſubject Matter of the Bill, entitled, *An* Act, *for raiſing a Sum ſufficient to anſwer the Charge of Fuzileers*, &c.) againſt ſome Clauſes in the ſaid Bill.

Which he preſented to the Houſe, and was received, and read as followeth, *viz.*

Reaſons offered by her Majeſty's Council for the Province of *New-York*, appointed to meet the Houſe of Repreſentatives, on the ſubject Matter of the laſt Conference, which was on the ſubject Matter of the Bill, entitled, *An* Act, *for raiſing a Sum ſufficient, for to anſwer the Charge of Fuzileers and Out-Scouts, for the Defence of the Frontiers*; againſt ſome Clauſes in the ſaid Bill.

Firſt, That by the firſt Clauſe of the ſaid Bill, the Sum to be raiſed, is granted to her Majeſty only, and not to her Majeſty, her Heirs and Succeſſors, which is contrary to her Majeſty's royal Inſtructions to his Excellency the Governor, which has theſe Words, *viz.* "You are to take Care, that in all Acts or Orders, to be paſſed within your Province, in caſe for levying Money, or impoſing Fines and Penalties, expreſs mention be made, that the ſame is granted and reſerved to us, our Heirs and Succeſſors; for the public Uſes of that our Province, and the Support of the Government thereof, as by the ſaid Act or Acts, ſhall be directed."

Secondly, That in Folio 3, Clauſe the 6th of that Bill, it is ſaid, that the Treaſurer (as he is there termed) ſhall give ſufficient Security to her Majeſty, to be accountable to the General Aſſembly, for the Time being, for the Sum of Money by this Act, to be committed to his Charge, which is likewiſe contrary to another of her Majeſty's Inſtructions, to his ſaid Excellency the Governor, which follows in theſe Words, *(viz.)* "You are not to permit any Clauſe whatſoever, to be inſerted in any Law, for levying Money or the Value of Money, whereby the ſame ſhall not be made liable to be accounted for, to us here in *England*, and to our High Treaſurer, of our Commiſſioners of our Treaſury for the Time being."

Thirdly, That in Fol. 10, Clauſe the 18th, of the ſaid Bill, *it is Enacted*, That a Certificate under the Hand of the Col. and Chief Officer or Capt. in the County or Precinct, where any Man or Men ſhall be detached, and a Certificate from the Mayor and Aldermen of the City of *Albany*, or the major Part of them, ſhall be a ſufficient Warrant and Authority to the Treaſurer aforeſaid; to pay and ſatisfy the Pay and Monies by this Act, ſo paſſed and levied for ſuch Service, and ſhall be to him a ſufficient Diſcharge for the ſame, which is directly contrary to her ſacred Majeſty's poſitive Commands to his ſaid Excellency the Governor, in another Inſtruſtion, which is in theſe Words *(viz.)* "You are not to ſuffer any publick Money whatſoever, to be iſſued or diſpoſed of, otherwiſe than by Warrant under your Hand, by and with the Advice and Conſent of our ſaid Council, but the Aſſembly may be nevertheleſs permitted from Time to Time, to view and examine the Accounts of Money or Value of Money diſpoſed by Virtue of Laws, made by them, which you are to ſignify unto them, as there ſhall be Occaſion."

Ordered, That the Committee for the laſt Conference, be a Committee of this Houſe, to draw up an Anſwer to the ſaid Reaſons, and to offer Reaſons to the Council, why they inſiſt upon the Clauſes in the ſaid Bill.

Then the Houſe adjourned till *Tueſday* next, 2 of the Clock in the Afternoon.

Die Martis, 2 *ho. P. M. Oct.* 9, 1705.

THE Houſe met, and adjourned till To-morrow Morning, 9 of the Clock.

Die Mercurij, 9 *ho. A. M. Oct.* 10, 1705.

THE Houſe met, and adjourned till 3 of the Clock in the Afternoon.

Die Mercurij, 3 *ho. P. M. Oct.* 10, 1705.

MR. *Cuyler*, reported from the Committee for the laſt Conference, appointed a Committee of this Houſe, to draw up an Anſwer to the Reaſons offered by the Council, at the ſaid Conference, on the ſubject Matter of the Bill, entitled, *An* Act, *for raiſing a Sum ſufficient, to anſwer the Charge of Fuzileers*, &c. and to offer Reaſons to the Council, at the Conference, why this Houſe inſiſts on the Clauſes in the ſaid Bill, that they have drawn up the ſame accordingly, which they had directed him to report to the Houſe, and he delivered the ſame in at the Table, which was read, and approved by the Houſe, and is as followeth, *viz.*

The Anſwer of the General Aſſembly, to Reaſons offered by her Majeſty's Council, at a Conference on the ſubject Matter of the Bill, entitled, *An* Act, *for raiſing a Sum ſufficient to anſwer the Charge of Fuzileers*, &c. and Reaſons offered why the Aſſembly inſiſt on the Clauſes in the ſaid Bill.

In anſwer to the firſt Reaſon, they ſay; that although the Aſſembly hath hardly ever ſo much as named, in any of their Acts for Money, granted for the Defence of the Frontiers, either (his) or her Majeſty, (his) or her Heirs and Succeſſors, yet having directed the Uſes, for which thoſe Monies have been raiſed, by Virtue of their Acts, agreeable to the main Scope and Meaning of her Majeſty's Inſtructions to the Governor, they have not only paſſed with the preſent Governor and thoſe preceeding him, but many of them have met with Confirmation and Acceptance from the Crown at Home.

To the 2d, they ſay, That although the Clauſe in the Bill, *that is to ſay*, That the Treaſurer therein named, ſhall give ſufficient Security to her Majeſty, to be accountable to the General Aſſembly; yet its not reſtrictive, but that he alſo be accountable, when commanded to her Majeſty, the Lord High Treaſurer, or Commiſſioners for the Treaſury in *England*, for the Time being, which he may do of Courſe and with great Eaſe, having iſſued the Money received by him, according to the Directions and Uſes in the Laws by which it was raiſed.

To the 3d Reaſon, againſt Clauſe the 10th, in the ſaid Bill, *viz. Its Enacted*, That a Certificate under the Hand of the Col. or Chief Officer, *&c.* in the County where any Man or Men ſhall be detached, and a Certificate from the Mayor of *Albany*, and the major Part of the Aldermen, ſhall be a ſufficient Warrant and Authority to the Treaſurer, to pay and ſatisfy the Pay and Monies, by this Act ſo raiſed and levied for ſuch Service, and ſhall be to him a ſufficient Diſcharge, to which the Gentlemen of the Council oppoſing an Inſtruction to the Governor, from her Majeſty, in theſe Words, *viz.*

You are not to ſuffer any publick Money whatſoever, to iſſue or be diſpoſed of, otherwiſe than by Warrant under your Hand, by and with the Conſent of our ſaid Council; but the Aſſembly may nevertheleſs, be permitted from Time to Time, to view and examine the Accounts of Monies, diſpoſed by Virtue of Laws made by them, which you are to ſignify to them, as there ſhall be Occaſion.

To this its anſwered, That taking it for granted, as it cannot be otherwiſe, that it's her Majeſty's Inſtruction, that the Act or Law made by the Aſſembly, ſhall direct and appoint the ſaid Uſes, of all Monies raiſed by them; and that its her Majeſty's Directions to the Governor, that the Aſſembly ſhall be permitted from Time to Time, to view and examine the Accounts of Monies, diſpoſed by Virtue of Laws made by them; its natural to conclude, that her Majeſty's Intent is, that the Aſſembly ſhould be ſatisfied and duly informed, that the Money granted and raiſed, ſhould be applied to the Uſes for which it was appointed; and they alſo ſay; that the ſame Inſtruction has been generally taken as a Reſtriction on the Governors from Time to Time, not to diſpoſe of any public Monies, allotted for the general Support of Government, without the Approbation of the Council, and is underſtood as a Voucher for the due Diſpoſition of ſuch Monies, according to the Exigences and Neceſſities of the Colony, and ſo the Aſſembly apprehend it, and not otherwiſe; and as Reaſons for their inſiſting on the ſeveral Clauſes in the Bill, they further offer and ſay,

Firſt, That they have experienced ſuch an uninterrupted Animoſity and Miſunderſtanding between the ſeveral Governors, and all the Receivers appointed immediately by the Crown, that not one of them as yet has been able to avoid a Suſpenſion, which having hitherto been ſucceeded by a total Excluſion, all poſſibility of rendring any Account to, or viewing or examining any Account by Aſſemblies, has been illuded, and the Diſpoſition of all publick Monies left in the Dark.

Secondly, The ſeveral Receivers loſing their Offices, and being Strangers in theſe Parts, the removal from thence (without return) has been a neceſſary Conſequence, and is one principal Reaſon, that the Aſſembly are wholly excluded from all Manner of Knowledge, of the Riſe or Fall of the ſeveral Branches of the uſual Revenue, the Application of that, or any extraordinary Taxes, and all other Matters that may give a ſatisfactory Inſight, into the raiſing and paying of Monies, granted and levied by General Aſſembly.

Thirdly, Though conſiderable Sums have been raiſed, and duly paid in for the Defence of *Albany*, the Frontier, which is a common Barrier and Bulwark, not only to this and the adja-

cent

cent Colonies, but alſo for the Perſervation of *Virginia* and *Maryland* (valuable Jewels to the Crown) which would be in inevitable Danger of being loſt, ſhould *Albany* and the *Indians* there, fall into the Hands of the *French*, yet it appears that ſeveral Hundred Pounds raiſed for that End, has not ſo much as been pretended to be applied to that Uſe. Some conſiderable Sums pretended to have been paid to Men for that Defence, long before they had any Being there, or were concerned in that Service.

Other valuable Sums, charged to have been paid for the Accommodation of detached Soldiers, which are yet due and unpaid, and that many of the pretended detached Fuzileers were never there and on Duty.

Fourthly, Since her Majeſty hath required her gracious Letter, to be entered in the Regiſter of the Aſſembly, as well as with her Council of *New-York*; wherein is Direction and an Inſtruction, that the Aſſembly do take Care, that the Monies raiſed by them, be not only as ample, but alſo as effectual as may be to the common Defence, and the Aſſembly having compoſed this Bill, in the beſt Manner they could, to anſwer thoſe Purpoſes; they therefore, earneſtly deſire your Honour's Concurrence to the ſaid Bill, that his Excellency the Governor may be enabled to paſs it into a Law, whereby the Honour and Intereſt of the Crown may be promoted, and the Colony effectually defended.

Ordered, That Mr. *Lakerman*, do go to the Council, and deſire the ſaid Conference.

Then the Houſe adjourned till To-morrow Morning, 8 of the Clock.

Die Jovis, 8 *ho. A. M. Oct.* 11, 1705.

A Meſſage from the Council, by Col. *Renſſelaer*, that they have agreed to a Conference with this Houſe, immediately at the *Coffee-Houſe*, and then withdrew, to which the Houſe agreed.

Col. *Renſſelaer*, being called in, was acquainted therewith.

Ordered, That the Committee for the laſt Conference, be a Committee of this Houſe, to manage the Conference with the Council.

The Petition of *Johannis Brat*, (late Capt. of the Scouts, who ſerved the laſt Winter) was preſented to the Houſe, and read, praying Leave to bring in a Bill, for raiſing a certain Sum ſufficient, to defray the Charge due for the Service of the Scouts aforeſaid.

Ordered, That Leave be given to bring in a Bill accordingly.

Mr. *Van Brugen*, preſented to the Houſe a Bill, entitled, *An* Act, *for raiſing a Sum of Money for diſcharging the Pay and incidental Expences of the Out-Scouts, who performed that Service, the laſt Winter*; which was read, and ordered a ſecond reading.

Mr. *Cuyler*, reported that the Managers had been at the Conference, and delivered to the Council the Anſwer to the Reaſons of the Council the laſt Conference, on the ſubject Matter of the Bill, entitled, *An* Act, *for raiſing a Sum ſufficient, to anſwer the Charge of Fuzileers*, &c.

Then the Houſe adjourned till 3 of the Clock, in the Afternoon.

A Meſſage from the Council, by *Caleb Heathcote*, Eſq; that they have paſſed the Bill, entitled, *An* Act, *for raiſing a Sum ſufficent to anſwer the Charge of Fuzileers and Out-Scouts, for the Defence of the Frontiers*; with ſome Amendments, to which they deſire the Concurrence of this Houſe.

Ordered, That the Committee for managing the laſt Conference, do immediately withdraw, and conſider of an Anſwer to be ſent to the Council on this Matter, who being returned, Mr. *Cuyler*, reported from the ſaid Committee, That they had drawn up an Anſwer, which being read, was agreed to, *Nemine Contradicente*, and is as followeth:

The Aſſembly cannot receive the Meſſage this Day ſent from the Council, but with the greateſt Surpriſe imaginable, they having often been acquainted with the conſtant Reſolution of this Houſe, relating to Amendments to Money Bills.

This Houſe having taken all reaſonable Meaſures, to make effectual Proviſions for the Defence of the Frontiers, and have given your Honours ſuch firm and undeniable Reaſons, for your inſiſting on the Clauſes in their Bill, (to which the Council have not thought fit as yet, to vouchſafe any Anſwer) that they never could have expected ſo unſuitable a Return.

Therefore they pray the Gentlemen of the Council, will ſeriouſly conſider if any ill Conſequence ſhould happen (which they hope God will prevent) from theſe Methods, to whoſe Advices ſuch Conſequences will naturally be attributed.

Ordered, That Mr. *Ward*, do carry up the Anſwer to the Council.

The Bill, entitled, *An* Act, *for raiſing a Sum of Money, for diſcharging the Pay and incidental Expence, of the Out-Scouts, who performed the Service laſt Winter*; was read the ſecond Time, and committed to Capt. *Schuyler*, Capt. *Garton*, Mr. *Cuyler*, Mr. *Van Brugen*, Mr. *Renſſelaer*, Major *Willet* and Mr. *Ward*, or any Five of them, and all that come to have Voices.

Then the Houſe adjourned till To-morrow Morning, 8 of the Clock.

Memorandum,

Memorandum, I (the Clerk) was informed by Col. *Wenham*, one of the Council, that his Lordſhip was pleaſed, the ſame Day in the Afternoon, to prorogue the General Aſſembly, to the firſt Day in *May* next.

Memorandum, the 26th of *November*, 1705, Mr. *Philip French*, came to my (the Clerk's) Houſe, and deſired to examine ſome Papers he then had in his Hand, with the Journal of the General Aſſembly, that I might ſign them as a true Copy, on which I deſired to inform his Lordſhip thereof, and promiſed to return his Lordſhip's anſwer to him; the next Day, being the 27th Inſtant, I waited on his Lordſhip accordingly, who was pleaſed to command me, to tell ſaid Mr. *French*, that I had informed his Lordſhip, of what had paſſed between Mr. *French* and me, and that if Mr. *French*, had had the Manners to have applied to him for a Copy of the Journal, he would have given him an Anſwer, and this Anſwer his Lordſhip commanded me to make a Memorandum of.

His Lordſhip was pleaſed by Proclamation, dated the 23d of *April* 1706, to prorogue the General Aſſembly, unto *Thurſday* the 12th of next *September*.

The following Paragraph, is croſſed through in the original Manuſcript; but as it gives the Reaſon why the Aſſembly were called before the Time they ſtood prorogued to; it was thought proper to print it.

The General Aſſembly, was by a Proclamation, iſſued by his Excellency the Governor, by and with the Advice of her Majeſty's Council, prorogued unto the 12th Day of *September* next. But as the late unhappy Depredations of the *French*, upon the Iſlands of *Nevis*, St. *Chriſtophers* and *Montſerat*, in the *Weſt-Indies*, may encourage them to carry their Deſigns to this and other her Majeſty's Colonies on the Continent. As from the late Advices from St. *Thomas*'s and other Parts of the *Weſt-Indies*, there is but too juſt Reaſon to fear. His Lordſhip hath therefore, that no Means might be left untried, for the Safety and Preſervation of her Majeſty's Subjects, and for the Defence and Security of this Colony, in this Exigence; thought fit by and with the Advice of her Majeſty's Council for this Province, by Proclamation dated the 14th Day of *May* 1706, to call the General Aſſembly, to meet at the City of *New-York*, the 24th Day of this Inſtant *May*.

Die Veneris, P. M. *May* 24, 1706.

HIS Lordſhip was pleaſed to adjourn the Houſe till To-morrow Morning, 11 of the Clock.

Die Sabatii, 11 *ho. A. M. May* 25, 1706.

HIS Lordſhip was pleaſed to adjourn the Houſe till *Tueſday* next, 10 of the Clock in the Morning.

THERE not being a Quorum, his Excellency adjourned the Houſe till To-morrow Morning, 10 of the Clock.

A Meſſage from his Excellency, by Mr. Secretary *Clark*. Mr. Speaker, his Excellency commands this Houſe, to attend him at the Council Chamber immediately.

The Speaker with the Houſe, immediately attended his Excellency in Council, at *Fort Anne*, and being returned, Mr. Speaker informed the Houſe, his Lordſhip had made his Speech, which he received a Copy of, and was read, as followeth, *viz.*

Gentlemen,

THE Service of her moſt Sacred Majeſty the Queen, in the neighbouring Colony, having obliged me to prorogue this Aſſembly to the Month of September *next, I ſhould not have given you the Trouble of Meeting till that Time, were I not forced to it, by an indiſpenſible Neceſſity. The repeated Advices our Merchants here, have received from their Correſpondents in the* Weſt-Indies, *of the Deſign the* French *have of attempting this Colony, has made me think it of abſolute Neceſſity to call you together at this Time, that all proper Meaſures may be taken, for the Defence of this Place, which as yet lies very open, naked and defenceleſs. There are two Things therefore, which I ſhall chiefly recommend to your Care, one is the providing a Fund, for the fortifying this City, the other is the providing a Fund, for the repairing this her Majeſty's Fort, which is extreamly out of Order, and for mounting the Guns, moſt of the Carriages being rotten and unſerviceable; theſe two Things are of abſolute Neceſſity, and without which it is to be feared, this Place will become a Prey to a powerful Enemy, who can deſign no leſs than to lay it waſte and deſtroy it, as they have done the Iſlands of* Nevis *and St.* Chriſtophers, *whoſe Misfortunes, I hope, will be an Inducement to you, to make effectual Proviſion for the Defence of this Colony, and you may be ſure; that whatever you ſhall think fit to give, ſhall be applied to the Uſes for which you give it, and to no other.*

Gentlemen,

I muſt take notice to you, that the laſt Aſſembly, did paſs an Act, for the raiſing the Sum of One Thouſand, Five Hundred Pounds, *towards the erecting Batteries at the* Narrows, *which would have been of very great Uſe at this Time, had that Money been collected, but it has not: I am ſenſible, that ſome Malicious ill minded People have reported, That I had taken that Money into my Hands: That the Truth thereof may be known, and I juſtified, I recommend it to you, Gentlemen, of the Houſe of Repreſentatives, to make a ſtrict Enquiry into that Tax. I think it proper to recommend to you, the reviving the Militia Act, which expired by its own Limitation in the Year* 1704. *And I am the rather induced, to do it at this Time, becauſe in this Time of Danger, if there is not ſome Law paſt, to keep the People to their Duty, I ſhall be forced to put martial Law in Practice, which I am ſure will fall heavier than an Act of Aſſembly will do: I cannot conclude, without putting you in Mind of the Neceſſity of making Proviſion for Out-Scouts, this next Winter, to be ſent from* Albany. *Theſe are the Things I thought proper to recommend to you, and which I hope you will provide for, with all poſſible Diſpatch, becauſe I think the Nature of the Thing requires it. If you can think of any Thing elſe, that may require the Aid of an Act of Aſſembly at this Time, you ſhall always find me ready, to do any Thing, which ſhall be propoſed to me, for the Queen's Service, and the Good of the Country.*

Gentlemen,

I Have required your Attendance at this Time, becauſe I intend to put an End to this Seſſions. I wiſh the Neceſſity of proceeding for the Defence of this Country, in this Time of eminent Danger, could have prevailed with you to have paſſed the Money Bills, in the ſame Method which has been always uſed in this Province till very lately, becauſe then I could have aſſented to them, which you know now I cannot do, without manifeſt Breach of the poſitive Commands her moſt Sacred Majeſty the Queen, hath been pleaſed to honour me with, in her Royal Inſtructions to me. This I ſay, you know to be true, becauſe you have had Copies of theſe Inſtructions, every Seſſion, ſince you have thought fit to inſiſt upon theſe Innovations, which your Predeceſſors never thought of, and, which I believe, would not have been attempted at all, were it not for ſome unquiet Spirits among you, who can never be content to ſee the Service of the Queen, and the true Intereſt and Good of the Country, go Hand in Hand, as they ought to do. I am ſorry to ſee thoſe few (and I am ſatisfied they are but few) have ſo much Influence upon the reſt of the Houſe, as to prevail with them to inſiſt upon thoſe Clauſes, which you know, I could not agree to; but ſince it is ſo, I take God and the World to Witneſs, that whatever Misfortune may befall this Province, for Want of Money intended to be raiſed by thoſe Bills, muſt lie at your Doors, I ſhall do my Duty to the utmoſt, but being under Oaths for the faithful Diſcharge of my Duty to the Queen, I will upon no Terms break them, and I believe no reaſonable Man would deſire it.

Gentlemen,

I cannot help taking Notice to you, how much I am ſurpriſed to ſee, that you take no manner of Care for repairing this her Majeſty's Fort, which wants it ſo much, how good a Return this is to the Queen, for all her Favours

vours to this Province, let the World judge. I did at the Beginning of this Seſſion, deſire you to inquire into the *One Thouſand, Five Hundred Pounds* Tax. I think it very hard Uſage to me, that you did not think fit to examine that Matter thoroughly, ſince you had Time enough for it, and the rather, becauſe that ſcandalous Report, of my having applied the Money to my Uſe, was raiſed by ſome of the Members of your Houſe.

Gentlemen,

I ſhall trouble you no further, only to acquaint you, that having Writ to *England*, a conſiderable Time ago, to acquaint her Majeſty the Queen, with the *Innovations* you have lately inſiſted upon, and not having yet received her Majeſty's Commands thereupon, I ſhall not entirely reject theſe two Bills at this Time, but let them remain as they are, 'til your next Meeting, hoping that before that Time, I ſhall be honoured with the Queen's Commands, that if poſſible, the Country may have the Benefit of them. Therefore, I do think fit, to adjourn this Aſſembly to the 12th Day of *September* next, and this Aſſembly is adjourned to the 12th Day of *September* next.

His Excellency, by Proclamation the 30th of *Auguſt* 1706, adjourned the General Aſſembly, to the 24th Inſtant *September*.

Die Martis, Sept. 24, 1706.

HIS Lordſhip by Proclamation adjourned the General Aſſembly till *Friday* next.

Die Veneris, 11 *ho. A. M. Sept.* 27, 1706.

THE Houſe being met.

A Meſſage from his Lordſhip by Mr. Secretary *Clarke*, That his Excellency deſired this Houſe, to attend him immediately at the Council Chamber.

Then the Speaker left the Chair, and with the Houſe attended his Lordſhip accordingly, and being returned, he acquainted the Houſe, his Excellency was pleaſed to make a Speech; which he obtained a Copy of, and was read, being as followeth, *viz.*

Gentlemen,

WHEN I diſmiſt you at the End of the laſt Seſſions, in *June* laſt, I acquainted you, that though I could not aſſent to the Bill you tendered to me, for the raiſing the Sum of *Three Thouſand Pounds*, towards the fortifying this City, yet I could not reject it, hoping that I might receive ſuch Directions from *England*, as might make that Matter more eaſy: I am very glad, I can now acquaint you, that my Expectations are anſwered; I have received Letters from the Rt. Honourable the Lords Commiſſioners for Trade and Plantations, containing her moſt Sacred Majeſty's Commands to me, to permit the General Aſſembly of this Province, *to name their own Treaſurer*, when they raiſe extraordinary Supplies for particular Uſes, and which are no Part of her Majeſty's ſtanding and conſtant Revenue; but the Treaſurer ſo nominated, muſt be accountable to the Governor, Council and Aſſembly; Warrants may be iſſued by the Colonels, Captains or other Perſons, as the Act ſhall direct, but the Governor muſt always be informed of the Occaſion of iſſuing ſuch Warrants, and all Perſons concerned in the iſſuing and diſpoſing of ſuch Monies, muſt be made accountable to the Governor, Council and Aſſembly. Thus Gentlemen, I have acquainted you with her Majeſty's Pleaſure, relating to the paſſing of Bills for the raiſing Monies for extraordinary Supplies.

Gentlemen,

I am commanded, by the Right Hon. the Lords Commiſſioners for Trade and Plantations, to acquaint you, that her Majeſty's Council for this Province, have undoubtedly, as much to do in forming of Bills for the granting and raiſing of Money, as the Aſſembly, and conſequently have a Right to alter or amend any ſuch Money Bills, as well as the Aſſembly.

Their Lordſhips likewiſe obſerve, That in the Preamble of the *One Thouſand, Seven Hundred Pounds* Bill, there is an Error, in not granting the Money, thereby intended to be raiſed to the Queen, which need not hinder the Aſſembly, from appropriating the Money to be granted, to ſuch Uſes as are found requiſite.

Their Lordſhips further obſerve, That the Penalty in the laſt Clauſe in the *One Thouſand, Seven Hundred Pounds* Bill, is of an extraordinary Nature, ſuch as no Aſſembly any where elſe ever attempted before; and they ſay, it is highly preſumptuous in the Aſſembly to pretend to propoſe or paſs any Clauſe, whereby her Majeſty is reſtrained in her Royal Prorogative of Pardon or Reprieving her Subjects, whenever ſhe ſees it reaſonable and convenient; and they command me to acquaint the Aſſembly with theſe Matters, that the like Errors may be avoided for the future.

I am further to acquaint you, That their Lordſhips are of Opinion, that the Province of *New-York*, ought to provide towards its own Security, by giving ſuch neceſſary Funds (as is done in other Plantations) for furniſhing the Inhabitants with Arms, as there may be Occaſion; and this their Lordſhips command me likewiſe to repreſent to you.

Thus, *Gentlemen*, I have acquainted you with thoſe Things, I had in Charge from *England*. I ſhall now mention to you thoſe Things, which in my Opinion, ought now to be provided for; and *Firſt*, I deſire you to obſerve, That by the Directions I have now

received, it is impoſſible for me to paſs the *Three Thouſand Pounds* Bill, in the Terms it is now conceived, therefore, I intreat you to prepare another Bill for that Service, according to the Methods above mentioned.

I muſt likewiſe recommend to your Conſideration, the providing a Fund for the paying the Detachment ſent up, under Capt. *Higby*'s Command, for the Defence of the Frontiers in the Year 1704, and the Out-Scouts under the Command of Capt. *Brat*, and ſince that Time, and likewiſe for defraying the Charge of Col. *Schuyler*'s Journey to the *Onondaga* Country, at a Time when we were in great Danger of having the five Nations debauched, from their Allegiance to the Crown of *England*, which was prevented by his going. This was ſo good a Service, that I hope you will think it reaſonable that Charge ſhould be anſwered.

I muſt likewiſe acquaint you, That by Accident very lately, the Guard-Room in the Fort at *Schenectady* was burnt down, with a great Quantity of Firewood, which had been provided for this Winter now coming on. I ſhould be glad that might be repaired before the cold Weather comes, elſe it will be impoſſible for the Men to keep Guard in that Place, which lies the moſt expoſed of all our Frontiers; I will direct an Eſtimate to be laid before you for that Purpoſe.

I muſt again recommend to you, the providing a Fund for the repairing and maintaining her Majeſty's Fort in this City, which yet wants ſeveral Things, to put it in a Poſture to reſiſt an Enemy, if we ſhould be attacked, which we very narrowly eſcaped this Summer; whether you will not think fit *to fortify the Narrows*, to prevent any Attempt of the like Nature for the future, I leave to your Conſiderations, but in my Judgment, I look upon that to be the beſt Way to cover this City, from any Attempt the *French* may intend to make upon us; and I choſe to mention it to you, at this Time, the rather, becauſe Capt. *Redknap*, whom the Queen has been pleaſed to appoint to be her Engineer in theſe Parts, is now here, and will, if you deſire it, give you an Account of what he thinks proper to be done to anſwer that End.

The laſt Thing I ſhall trouble you with at this Time, is the providing a Fund for the Defence of the Frontiers, at and about *Albany*, this Winter, 100 Men and 25 Out-Scouts, will in my Opinion, be ſufficient to anſwer that Service.

Thus, *Gentlemen*, I have offered to you, what I think neceſſary to be provided for; if any other Things occur to your Thoughts, which may be neceſſary to be provided for by a Law, you ſhall always find me ready to conſent to any Thing, that may conduce to the Service of her moſt Sacred Majeſty the Queen, and the Good and Welfare of the Country.

Which his Lordſhip granted and confirmed accordingly.

Then the Speaker and the Houſe, took the Oaths and ſigned the Teſt and Aſſociation according to Law.

The Houſe being returned, the Speaker acquainted them, his

his Excellency had made his Speech, which he obtained a Copy of, and was read, being as followeth, *viz.*

Gentlemen,

I Am glad to ſee ſo full an Appearance ſo early, eſpecially at this Time, when the Country ſtands in the greateſt Need of your Aſſiſtance.

The chief Things I have to recommend to the Conſideration of you, Gentlemen, of the Houſe of Repreſentatives, at this Time, are theſe. Firſt, *I am in Duty to the Queen, obliged to put you in Mind, that her Majeſty's Revenue in this Province, expires in* May *next: I don't doubt, but you will always take Care to provide for the Support of the Government. The Militia Act is already expired: I think it is abſolutely neceſſary, to revive that Act, elſe it will be difficult to bring ſome People to do their Duty, in Caſe the Enemy ſhould attempt any Thing againſt this Province.*

In the Year 1703, *Capt.* Higby *was ſent up to* Albany, *with a Detachment for the Defence of the Frontiers, at a Time, when if that Care had not been taken, moſt, if not all the Out-Farms had broke up and retired into the Town. There was a Contract made with Mr.* Hendrick Hanſen, *for ſubſiſting thoſe Men; he performed his Part; it is reaſonable he ſhould be paid; the Revenue is not able to bear it, and I hope, you will not leave that Burthen upon me.*

In the Year 1705, *the* French *Privateers ſo infeſted this Coaſt, that the Gentlemen of her Majeſty's Council, were of Opinion with me, that ſome Veſſels ought to be fitted out, to endeavour to take the Privateer, who had done the Miſchief, and accordingly a Ship, a Brigantine and two Sloops, were fitted out, under the Command of Col.* Peartree; *ſeveral of the Merchants of this City, furniſhed Proviſions and other Neceſſaries for that Expedition, who are not yet paid, and ſince the Safety of the Country and the Preſervation of the Trade of this Province, were the only Cauſes of that Expence, I hope this Aſſembly, will think fit to raiſe a Fund to diſcharge that Debt.*

The next Thing, which I moſt earneſtly recommend, to the moſt ſerious Thoughts of you, Gentlemen, of the Houſe of Repreſentatives, is the Caſe of the Indians *of the five Nations. The firſt Year I came into this Province, I gave the five Nations a large Preſent; ſince that Time, having received nothing from* England *for that Purpoſe, I have not been able to make them any Preſents, and ſtill expecting Preſents from* England *for them, I avoided troubling the Aſſembly on this Subject; but now being well aſſured, that unleſs ſome Preſents are given this Fall, we are in manifeſt Danger of loſing ſome, if not all thoſe five Nations, by the unwearied Endeavours of the* French, *who are continually making them Preſents, and uſing of other Endeavours to debauch them from us. I thought it an indiſpenſable Duty upon me, to lay this before you, as a Thing of the greateſt Conſequence; I need not tell you, what unhappy Circumſtances this and the neighbouring Provinces will labour under, if one of thoſe five Nations of* Indians, *ſhould leave the Intereſt of* England *and turn to the* French; *you are very good Judges of that Matter, therefore, I ſhall not enlarge further upon this Subject, only deſire you will provide ſuch a Sum, as you think proper to be laid out in Preſents, for the five Nations, and the* Schackock Indians.

I can't omit putting you in Mind, that the Act for encouraging a Poſt Office is expired; that is of ſo general Advantage, that I hope you will revive it.

I muſt obſerve to you, that in the Act for clearing and preſerving publick common Highways, there is no Penalty upon the Overſeers of the Highways, if they don't ſee them made according to the Directions of the Commiſſioners. I think an Act for that Purpoſe would be of good Uſe, and without it, I am afraid the Highways will never be laid out and made, as it was intended by the Act of Aſſembly they ſhould.

Theſe are the Things, I thought proper to recommend to your Conſideration at this Time; if there is any Thing elſe, which you think ought to be provided for by a Law, you ſhall always find me ready to conſent to any Thing, which may be for the Service of the Queen and the Good of the Country.

I think it proper to acquaint you, that Col. Redknap, *her Majeſty's Engineer, has been up at* Albany *with me, and has viewed the Frontiers; he has given me a Memorial of what he thinks abſolutely neceſſary to be provided for at preſent, which Memorial, ſhall be laid before you for your Conſideration.*

There is one Thing I had almoſt forgot to mention, which is the Condition of a poor Soldier of this Garriſon, whoſe name is Richard Davis; *who loſt his Arm on board the* Triton's *Prize; he has a Family of Children, and nothing to maintain them but his Pay; when he had his Limbs, he got ſomething by his Work, but now he is not able to Work; if the Country would ſettle ſomething upon him, it would be a very good Encouragement, to other People to venture their Lives and Limbs, in the Service of the Country, as often as Occaſion ſhould require.*

I have nothing more to add at preſent, but to recommend to you Unanimity in your Proceedings, and Diſpatch of ſuch Matters before you, as you ſhall think fit to proceed upon.

Reſolved, That this Houſe will To-morrow Morning, take into Conſideration his Excellency's Speech to this Houſe.

A Meſſage by Mr. Secretary *Clark*.

Mr. Speaker, his Excellency expects the Attendance of this Houſe, at the Council Chamber immediately.

Then the Speaker left the Chair, and with the Houſe waited on his Lordſhip, and being returned, acquainted the Houſe, his Excellency made a Speech, which he obtained a Copy of, and being read, is as followeth:

Gentlemen,

ON Thurſday *laſt, I received a Meſſage from the Houſe, by Mr.* Hanſen *and Col.* Cortlandt, *by which the Houſe ſignified their Deſire, that an Account might be laid before them, what the Preſents to the five Nations were to conſiſt of. I would have ſent you an Anſwer immediately, but I was not willing to truſt to my own Judgment, in a Matter of that Moment, but was willing to be informed by thoſe, who underſtood thoſe People better than I can pretend to do, and by the beſt Account I can have, the following Liſt is what ſeems proper and neceſſary for the ſaid Preſents to each Nation.*

50 *Yards of Duffles, at* 6s.	-	£. 16	17 6
One Piece of Strouds,	- -	15	0 0
One Piece of Blankets,	- -	13	10 0
Brought forward,	- -	45	7 6
One Barrel of Powder,	- -	12	10 0
One Hundred weight of Lead,	-	8	0 0
50 *Shirts,*	- - -	15	0 0
10 *Rolls of Tobacco and Pipes,*	-	4	10 0
Rum, 40 *Gallons and the Keggs,*	-	8	10 0
Bread,	- - - -	3	0 0
For ſmall Things and Charges,	- -	3	2 6
	£.	100	0 0

So that the Preſents to one Nation, amounting to One Hundred Pounds, *the whole to the five Nations and the* Schackock Indians, *will amount to* Six Hundred Pounds. *I would not have given you the Trouble of coming hither, for this Anſwer to your Meſſage, were it not that I have received a Remonſtrance from the Magiſtrates, &c. of* Albany, *which I think abſolutely neceſſary to be communicated to you.*

I have likewiſe had ſome Memorandums ſent me by ſome of the Inhabitants there, particularly, I am informed, that after the Six Hundred Pounds, *directed to be levied by an Act*, entitled, An *Act* for raiſing a Fund for the Defence of the Frontiers and other Uſes, *was expended, that not being ſufficient for the Services to be performed, ſome of the Commiſſioners for* Indian *Affairs, and other Perſons, did advance the farther Sum of* Two Hundred Pounds, Six Shillings *and* Two-pence Farthing *for the like Services. I think it my Duty to recommend to you, the raiſing a Sum ſufficient to reimburſe thoſe Perſons, who have ſo freely advanced their Money, for the Service of the Publick.*

The next Thing I am earneſtly preſſed to recommend to you, is the raiſing a Fund for maintaining 150 Men, *with their proper Officers, for the Year enſuing; I am afraid if ſome ſuch Proviſion is not made, all the Out-Farms will break up.*

I am likewiſe deſired to recommend to your Conſiderations, the providing a Fund for Out-Scouts, Spies, and other incidental Charges at the Frontiers. Very frequently Indians *are ſent of Meſſages from the Sachems, to the Commiſſioners for* Indian *Affairs; theſe Meſſages always create ſome Charges more or leſs, and there is no Fund to ſupport that, or the like Charges.*

I cannot conclude, without recommending to your Conſideration, the Caſe of Col. Schuyler, *who by being very well known to all the Indians, is put to great Charges by their coming to his Houſe, which they uſe as freely as if it were their own. I ſhould be very glad if the Aſſembly would think fit, to make him ſome Allowance for thoſe Charges: This, Gentlemen, is all I have to trouble you with at this Time.*

At the ſame Time, his Lordſhip delivered to the Speaker, the Remonſtrance of the Magiſtrates, Commiſſioners for the Management of the *Indian* Affairs, and other principal Inhabitants of *Albany*; which was alſo read, and the Conſideration thereof referred.

Col. *Jackſon*, reported from the Committee, to whom the Bill, entitled, *An* Act *for the encouraging a Poſt Houſe, within this Province*, was committed; That they had gone through the Bill, and made ſeveral Amendments to the ſame, which were read and agreed to by the Houſe.

Ordered, The Bill with the Amendments be engroſſed.

In Purſuance of theſe Commiſſions, I took the Oaths of Lieutenant Governor in both Provinces, but her Majeſty's Service and his Excellency's Commands requiring it, have chiefly reſided in the Province of* New-Jerſey, *in which Province, during the whole Time of my Reſidence, I have received but two Years Salary, there having been no Care taken by the Aſſembly of that Province, for the Support of the Government for any more than that Time; and although, ſince her Majeſty has honoured me with her Commiſſion, for the Province of* New-York, *I had ſome Reaſon to have expected a Salary, or ſome other Allowance equivolent from that Province; yet I have not received any Manner of Conſideration, Supply, or Salary from thence, which perhaps may be occaſioned by his Excellency's not having recommended it to your Houſe, which though he hath frequently promiſed me to do, I find by Multipicity of other Affairs, is hitherto neglected. The Houſe being returned, the Speaker reſumed the Chair, and acquainted the Houſe, he had received a draught of an Addreſs to the Queen, praying her moſt Sacred Majeſty, to give her Royal Aſſent to the Bill, entitled, *An* Act, *for the regulating and preventing the Corruption of the currant Coin*; which was read, and approved of by the Houſe, and is as followeth, *viz.*

To the QUEEN's *moſt Excellent Majeſty.*

The humble Addreſs of your Majeſty's Governor, Council and Aſſembly, of your Colony of New-York, *in* America.

WE your Majeſty's moſt dutiful and loyal Subjects, the Governor, Council and Aſſembly of this your Majeſty's Colony of *New-York*, in *America*; being highly ſenſible of the great Diſadvantages, this Province has already and muſt ſtill labour under, by the great Abuſe of the foreign Coin, allowed to be currant in theſe Parts, to the great Decay and even almoſt entire Ruin of Trade, unleſs timely prevented. For the Currant Coin of this your Majeſty's Province has of late been clipped and diminiſhed, at leaſt one third Part of its real Value, and great Quantities thereof, for Want of ſome good Law to prevent the ſame, daily imported whereby we were ſubject not only to the Abuſes of all evil Practices of this Kind here, but in apparent Danger of being the Receptacle of all the clipt Money in this Part of *America*. And having ſeen an Act of Parliament of *Great-Britain*, entitled, *An* Act, *for aſcertaining the Rates of foreign Coin in her Majeſty's Plantations in* America, *which is to take Effect in theſe* American *Parts, on the firſt Day of* May *next*. Do with all Humility, beg Leave to acquaint your Majeſty, That if that Act of Parliament is to take Place, according to the Letter of it, this Province in particular, and ſome of the neighbouring Provinces, upon this vaſt Continent, muſt unavoidably be ruined; for if the Coin allowed to be Currant in theſe Parts (which is chiefly the *Spaniſh* Coin and ſome *Lyon* Dollars) is to be upon the ſame Foot here, as it is in the *Weſt-Indies*, we ſhall not have Money to Support the Government, to pay the four Companies of Fuzileers, which your Majeſty is graciouſly pleaſed to allow for the Defence of this Country, nor to carry on any Trade, and our Ships muſt lie and rot by the Walls; for it is an undoubted Truth, that nothing brings Money into this Province, but the Trade to your Majeſty's Iſlands in the *Weſt-Indies*, and to thoſe Subject to the *States General* of the United Provinces, from the latter of which, we bring nothing but heavy Money. The chief Returns from this Province to *Great-Britain*, are made in heavy Money, and if the Money muſt paſs here at the ſame Rate, it does at *Jamaica* and other Iſlands of the *Weſt-Indies*, as by the ſaid Act is directed, it will not be worth the Merchants while to bring Money, but will rather bring the Produce of thoſe Iſlands, in return for the Produce of theſe Parts, which they carry thither, and ſo leave this Province without Money, for Want whereof, the Merchants here will not be able to make ſuch Returns to

Great-

Great-Britain, as they uſed to do; and conſequently, this Province will not be able to take off, by a greal deal, ſo much of the Manufactures of that your Majeſty's Kingdom, as it has hitherto done, to the great Damage of this Province, as well as the Manufacturers of *Great-Britain*.

We beg Leave further to obſerve, That in the laſt Clauſe of the Act of Parliament, your Majeſty is left at Liberty to alter the Regulation of the Coin, made by the ſaid Act, either by your Majeſty's Royal Proclamation, or by aſſenting to any Act of Aſſembly, to be paſſed in any of your Majeſty's Plantations in *America*, for that Purpoſe. The certain Knowledge we have of the Conſequences that will attend the Execution of that Act in theſe Parts, and the Duty we owe to your Majeſty, and the deſire we have to promote the Good and Welfare of your Majeſty's Subjects of this Province, have made us think it an indiſpenſible Duty upon us, not only to repreſent the Circumſtances of this Province to your Majeſty, but likewiſe, in moſt humble Manner, to lay at your Majeſty's royal Feet, An Act paſſed this preſent Seſſion of Aſſembly, entitled, *An* Act, *for the regulating and preventing the Corruption of the currant Coin*; in the paſſing of which, we have taken Care, to obſerve the Directions your Majeſty has been pleaſed to give the Governor in your royal Inſtructions to him, in which your Majeſty, is pleaſed to direct him not to ſuffer any Act to paſs, by which the Value of the Silver Coin, allowed to be Currant in this Province, may be diminiſhed, without your Majeſty's Leave firſt obtained. The Rates contained in this Act, are the ſame which the Money now goes at, in the Provinces of *Connecticut*, *Maſſachuſett's Bay*, *New Hampſhire*, *Rhode-Iſland* and *New-Jerſey*, and has gone at the ſame Rate in this Province, upwards of twenty Years paſt. This being the Truth, we humbly beſeech your Majeſty, will be graciouſly pleaſed to favour this Province, with the royal Aſſent for the confirming the Act of Aſſembly, now humbly preſented to your Majeſty, and at the ſame Time, intreat your Majeſty to believe, that we ſhould not have preſumed, to have paſſed the ſaid Act, without firſt obtaining your Majeſty's Leave for ſo doing, were it not for the Shortneſs of Time, between this and the firſt of *May*, that the Act of Parliament is to take Place here, and the very great Uncertainty of hearing from *Great-Britain*, during this Time of War, it being ſometimes fourteen or fifteen Months, before we can have any Anſwers to the Letters, we write from theſe Parts, ſo that before we could have humbly prayed for, and obtained your Majeſty's Leave to paſs ſuch an Act, all the Inconveniencies, which we apprehend from the Execution of the Act of Parliament of *Great-Britain*, would have fallen upon this Province, before we could have obtained a Remedy, which we now humbly hope for, from your Majeſty's great Goodneſs to us, who humbly beg Leave to ſubſcribe our ſelves,

Your Majeſty's moſt dutiful, moſt faithful, moſt obedient, and moſt humble Subjects and Servants.

The Speaker alſo acquainted this Houſe, his Lordſhip was pleaſed favourably to thank this Houſe, for the two following Bills, *viz.*

An Act, *for raiſing* Two Hundred Fifty Three Pounds, Sixteen Shillings, *to diſcharge the Lord* Cornbury, *&c.*

And *An* Act, *for refunding* Seven Hundred Eleven Pounds, Ten Shillings *and* Five-pence, *miſapplied in the* One Thouſand, Eight Hundred Pounds *Tax.*

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

And having ſeen an Act of Parliament of *Great-Britain*, entitled, *An* Act, *for aſcertaining the Rates of foreign Coin in her Majeſty's Plantations in* America, *which is to take Effect in theſe* American *Parts, on the firſt Day of* May *next*. Do with all Humility, beg Leave to acquaint your Majeſty, That if that Act of Parliament is to take Place, according to the Letter of it, this Province in particular, and ſome of the neighbouring Provinces, upon this vaſt Continent, muſt unavoidably be ruined; for if the Coin allowed to be Currant in theſe Parts (which is chiefly the *Spaniſh* Coin and ſome *Lyon* Dollars) is to be upon the ſame Foot here, as it is in the *Weſt-Indies*, we ſhall not have Money to Support the Government, to pay the four Companies of Fuzileers, which your Majeſty is graciouſly pleaſed to allow for the Defence of this Country, nor to carry on any Trade, and our Ships muſt lie and rot by the Walls; for it is an undoubted Truth, that nothing brings Money into this Province, but the Trade to your Majeſty's Iſlands in the *Weſt-Indies*, and to thoſe Subject to the *States General* of the United Provinces, from the latter of which, we bring nothing but heavy Money. The chief Returns from this Province to *Great-Britain*, are made in heavy Money, and if the Money muſt paſs here at the ſame Rate, it does at *Jamaica* and other Iſlands of the *Weſt-Indies*, as by the ſaid Act is directed, it will not be worth the Merchants while to bring Money, but will rather bring the Produce of thoſe Iſlands, in return for the Produce of theſe Parts, which they carry thither, and ſo leave this Province without Money, for Want whereof, the Merchants here will not be able to make ſuch Returns to

Great-

Great-Britain, as they uſed to do; and conſequently, this Province will not be able to take off, by a greal deal, ſo much of the Manufactures of that your Majeſty's Kingdom, as it has hitherto done, to the great Damage of this Province, as well as the Manufacturers of *Great-Britain*.

We beg Leave further to obſerve, That in the laſt Clauſe of the Act of Parliament, your Majeſty is left at Liberty to alter the Regulation of the Coin, made by the ſaid Act, either by your Majeſty's Royal Proclamation, or by aſſenting to any Act of Aſſemby, to be paſſed in any of your Majeſty's Plantations in *America*, for that Purpoſe. The certain Knowledge we have of the Conſequences that will attend the Execution of that Act in theſe Parts, and the Duty we owe to your Majeſty, and the deſire we have to promote the Good and Welfare of your Majeſty's Subjects of this Province, have made us think it an indiſpenſible Duty upon us, not only to repreſent the Circumſtances of this Province to your Majeſty, but likewiſe, in moſt humble Manner, to lay at your Majeſty's royal Feet, An Act paſſed this preſent Seſſion of Aſſembly, entitled, *An* Act, *for the regulating and preventing the Corruption of the currant Coin*; in the paſſing of which, we have taken Care, to obſerve the Directions your Majeſty has been pleaſed to give the Governor in your royal Inſtructions to him, in which your Majeſty, is pleaſed to direct him not to ſuffer any Act to paſs, by which the Value of the Silver Coin, allowed to be Currant in this Province, may be diminiſhed, without your Majeſty's Leave firſt obtained. The Rates contained in this Act, are the ſame which the Money now goes at, in the Provinces of *Connecticut*, *Maſſachuſett's Bay*, *New Hampſhire*, *Rhode-Iſland* and *New-Jerſey*, and has gone at the ſame Rate in this Province, upwards of twenty Years paſt. This being the Truth, we humbly beſeech your Majeſty, will be graciouſly pleaſed to favour this Province, with the royal Aſſent for the confirming the Act of Aſſembly, now humbly preſented to your Majeſty, and at the ſame Time, intreat your Majeſty to believe, that we ſhould not have preſumed, to have paſſed the ſaid Act, without firſt obtaining your Majeſty's Leave for ſo doing, were it not for the Shortneſs of Time, between this and the firſt of *May*, that the Act of Parliament is to take Place here, and the very great Uncertainty of hearing from *Great-Britain*, during this Time of War, it being ſometimes fourteen or fifteen Months, before we can have any Anſwers to the Letters, we write from theſe Parts, ſo that before we could have humbly prayed for, and obtained your Majeſty's Leave to paſs ſuch an Act, all the Inconveniencies, which we apprehend from the Execution of the Act of Parliament of *Great-Britain*, would have fallen upon this Province, before we could have obtained a Remedy, which we now humbly hope for, from your Majeſty's great Goodneſs to us, who humbly beg Leave to ſubſcribe our ſelves,

Your Majeſty's moſt dutiful, moſt faithful, moſt obedient, and moſt humble Subjects and Servants.

The Speaker alſo acquainted this Houſe, his Lordſhip was pleaſed favourably to thank this Houſe, for the two following Bills, *viz.*

I HAVE called you together as early as you could meet with Conveniency to your ſelves, to conſult of thoſe Things, which are neceſſary to be done at this Time, for her Majeſty's Service and the Good of the Province.

The large Supplies of Soldiers and Stores of War for your Support and Defence, together with thoſe neceſſary Preſents for your *Indian* Neighbours, which her Majeſty hath now ſent you, at a Time when the Charge of the War is ſo great at Home, are evident Proofs of her particular Care of you; and I aſſure myſelf they will be received with thoſe Teſtimonies of Loyalty and Gratitude, which ſuch royal Favours deſerve from an obliged and grateful People.

I am ſorry to find, that the publick Debt of the Province is ſo great as it is, and that the Government here hath ſo little Credit, if any at all left: A Government, under a Queen as famous for her prudent and frugal Management at Home, as for her warlike and glorious Actions abroad.

I cannot in the leaſt doubt (Gentlemen) but that you'll raiſe the ſame Revenue, for the ſame Term of Years, for the Support of the Government, as was raiſed by Act of Aſſembly in the eleventh Year of the Reign of the late King *William*, of glorious Memory. And I hope, you will alſo find out Ways and Means to diſcharge the Debt that hath been contracted, and allow to the Perſons concerned a reaſonable Intereſt, till the Principal is diſcharged; to that End, I deſire you to examine and ſtate the publick Accounts, that it may be known what this Debt is, and that it may appear hereafter to all the World, that the ſame was not contracted in my Time.

I muſt in particular, deſire you to provide for the neceſſary Repairs of the Fortifications of the Province. The Barracks are ſo ſmall and ſo much out of repair, that I have been neceſſitated to billet the Recruits, that came over with me, upon this City, which I am ſenſible, hath been a Burthen to the Inhabitants; but I hope, you will ſoon eaſe them of that Burthen.

The fitting out a good Sloop, to attend her Majeſty's Men of War in their Cruizings on this Coaſt, I take to be ſo neceſſary, for preſerviug your Navigation, that I expect you will find out a proper Method to defray that Charge. *I am willing my Salary ſhould be Taxed, that I may pay my Quota to ſo uſeful a Service.*

I think myſelf obliged, further to recommend to your Conſideration, how to prevent the Exportation of gold and ſilver Coin out of the Province, leaſt in a ſhort Time, your Trade ſhould ſuffer for Want thereof.

The Queen hath nothing more at Heart, than the Proſperity of her Subjects. I ſhall approve myſelf to her Majeſty, in purſuing thoſe Methods, that will beſt conduce to that End. It ſhall be my conſtant Care to promote Peace and Union amongſt you; to encourage you in your Trade, and to protect you in the Poſſeſſion of your juſt Rights and Privileges.

Her Majeſty's extenſive Care of all her Subjects, and in particular of this ſmall Part of her Dominions, is equalled by nothing but her matchleſs Goodneſs and the true Judgement ſhe makes of Things, the Conſequence of this Colony, its narrow Circumſtances and Wants.

Our earneſt Wiſhes are, that ſuitable Meaſures may be taken to encourage the few Inhabitants left to ſtay in it, and others to

come: Arms being uſeleſs without Hands, where Places are neceſſary to be held, and the Dwellers fail either in Force or Faith, Garriſons muſt ſupply the Defect.

The juſt Freedom enjoyed by our Neighbours, by the tender Indulgence of the Government, has extreamly drained and exhauſted us, both of People and Stock, whilſt a different Treatment, the wrong Methods too long taken, and Severities practiſed here, have averted and detered the uſual Part of Mankind from ſettling and coming hither.

We pleaſe ourſelves with Expectation, That under your Excellency's Management, the Affairs of this Country may put on a better Countenance, your recommending to us Conſervation of the Coin, your Excellency's Concern for our Peace, Union, Trade and juſt Rights, as they are Things moſt valuable in themſelves, merit our Thanks and humble Acknowledgments, which with all poſſible Sincerity, we render, aſſuring your Lordſhip, That as the beginning of your Government, gives us a delightful Proſpect of Tranquility, ſo we come with Minds prepared to propoſe to, and concur with your Excellency, in ſuch Matters, as may contribute to the Good of our Country, and the giving your Excellency all imaginable Satisfaction in the Station and Charge her Majeſty has been pleaſed to intruſt you.

A Message from the Council, by Mr. *Barbarie*, that they do appoint the Conference desired by this House, on the subject Matter of the last Conference, to be immediately at the Coffee-House.

Capt. *Townsend*, presented the Reasons of this House, not agreeing to the 4th, 11th and 13th Amendments, made by the Council to the Bill, entitled, *An* Act, *to detach* 487 *Men, their Officers included, out of this Colony*; was read and agreed to by the House, and are as followeth, viz.

To the 4th Amendment, the House cannot agree unto, because they conceive the Penalty of *Six Pounds*, to be sufficient to oblige all such Persons, as have any Estates to appear; and if not, the Penalty will be sufficient to hire other Men; and as to those that have absconded or gone out of this Colony, the major Part of them are not worth more than *Six Pounds*; therefore if any greater Penalty should be laid upon them, is the ready Way to lose all, for the imprisoning of them will not find or hire any Men in their Room, which the Act obliges them to, if the Penalty is not paid. And if the Penalty of *Forty Pounds*, on those who appear and are detached, and refuse to go, this House is of Opinion, that if they appear not, the Forfeitures will be sufficient in each respective Company, to procure their Quota of Men by Way of hiring, otherwise they are willing another Clause ought to be added in the Act, to impower the Captain or other commanding Officer to impress or detach what Number of Men out of his Company, at any other Time or Place, as he or they shall think fit, though they appear not at the Place appointed.

To the 11th Amendment, the House cannot agree unto, for the following Reasons, that many Persons are gone out of this Colony on their lawful Occasions, before the Knowledge of this Expedition, and are liable to the Forfeiture of *Six Pounds*, as set forth in the said Act; and if the greater Penalty should be laid, seemeth not reasonable, but much to the contrary, and to oblige those that are absconded, purely to avoid this Expedition, the laying a greater Penalty, is the only Way to deter them from ever returning into this Colony again.

To the 13th Amendment, the House cannot agree, it being not so unusual as unprecedented, as is there set forth, by Reason they find the Council and several other Persons exempted, in several of the Militia Acts of this Colony, therefore if loyal and good Subjects, then why should it look otherways now.

Ordered, That the Committee appointed to manage the last Conference with the Council, be Managers of this Conference.

The Bill, entitled, *An* Act, *for the Relief of the Inhabitants of* Schenectady, *in the County of* Albany, was read the second Time, and committed to Mr. Mayor of *New-York*, Capt. *Garton*, Mr. *Talman*, Mr. *Rensselaer*, Mr. *Schuyler*, Mr. *Van Brunt*, Capt. *Stillwell*, Mr. *Sebring*, Col. *Beekman*, Mr. *Livingston* and Mr. *Janssen*, or any 7 of them; that they have Power to send for Persons, Papers and Records.

The Speaker also acquainted this House, his Honour had made a Speech; which he obtained, and the same was read, being as followeth, *viz.*

Gentlemen,

THE *Condition of her Majesty's Forts at* Albany *and* Schenectady, *together with the Works round the Town, are so well known, that I need not be particular in telling you wherein they are Defective. The Incursions which we have but too much Reason to apprehend from the* French *at* Canada, *and their* Indians, *this approaching Winter, oblige me for the Security of her Majesty's Subjects in the Frontiers of this Province, and the common Security of the whole, to recommend to you, with all the Earnestness I can to raise a Fund, for the putting those Forts and Fortifications in a Posture of Defence, before the Winter sets in, to prevent so necessary a Work. I hope, I need not use any Arguments to persuade you, to what must to all discerning Men, appear to be so highly requisite for the Preservation of the Frontiers, and for the Good of the Country you represent.*

I am sensible, the Money you have raised this Year, has been extraordinary; yet I cannot but desire you to provide, for the Repair of her Majesty's Fort in this City, which very much wants it; the Barracks are so far decayed, that I doubt unless some speedy Measures be taken, they will in a short Time, require a far greater Sum to put them in a Condition to accommodate the Soldiers; many of the Carriages are likewise much out of Repair, and without some Care be taken of them, the Guns, will soon want new Ones, and though those her Majesty was pleased to send with my Lord Lovelace, *are yet very good, yet without some Labour and Expence; the Winter will render a greater Charge necessary for them.*

Resolved, That this House will To-morrow Morning, take the Lieut. Governor's Speech into Consideration.

Then the House adjourned till 9 of the Clock To-morrow Morning.

Die Mercurij, 9 *ho. A. M. Oct.* 12, 1709.

To the Honourable *Richard Ingoldesby*, Esq; Lieut. Governor and Commander in Chief, of the Colony of *New-York*, *Nova Cæsarea*, and Territories depending thereon, in *America*.

The humble Address of the General Assembly of the Colony of *New-York*.

HAVING *good Assurance and firm Confidence of your Honour's Love and Affection, towards the Inhabitants of this Colony, whom we represent and you govern, we thought it could not be disagreeable to that prudent Care and Vigilance, which we have so often observed in your Honour's Conduct, to represent unto your Honour the present State of our Frontiers.*

The Expedition which was designed against Canada, *and but now met with a manifest Disappointment, has put this Colony to a vast Fatigue and Expence, and must have alarmed and awakened the Enemy, who have not only taken some Prisoners, to inform them of the withdrawing of the Forces, from the Wood Creek, but are now well instructed by the lateness of the Season, of their Security during this Winter, from all Danger by Sea.*

We have great Reason to apprehend, that they will bend their greatest Force against our Frontiers, where our Forts and Fortifications, are so far out of Repair, that it will hardly be possible before Winter, to make any considerable Additions to them; and this Disappointment and the bad Effect it has produced amongst the Inhabitants in general, had rendered it almost impracticable to reinforce the Frontiers with fresh Detachments of the Militia.

We therefore humbly pray your Honour, will be pleased to give Directions, that all her Majesty's Regular Troops, be posted this Winter, upon the Frontiers of Albany *and Parts adjacent, for the Security of those Inhabitants, who are exposed next to the Danger of the Enemy, our Maritime Confines being sufficiently defended, by the Season of the Winter Instant, all which, is nevertheless humbly submitted.*

By your Honour's most humble Servants.

Governor is of Opinion, that all the Men belonging to her Majesty's Companies in this Province, who are well and able to do Duty, be left at *Albany*, for the Defence of the Frontiers this Winter; that the Invallds be sent from thence to *New-York*, for the better Recovery of their Health, and when they are recovered, to do Duty at the Fort, and to prevent any abuse in the sending down sick Men, none shall be sent from *Albany*, unless he hath a Certificate from the Mayor there of his Indisposition, but on Condition that the Assembly provide Wood and Candles for her Majesty's Garrisons there and here for this Winter.

But the Majority of the Council being of Opinion, that the regular Forces be left at *Albany*, for the Defence of the Frontiers this Winter, provided the Assembly, or the Inhabitants of *Albany*, take care of the Invalids, and lodge them in Houses for their better Accommodation, and provide Fire and Candles for the Garrisons at *Albany*, *Schenectady* and *New-York*, and also raise a suitable Number of the Militia to strengthen the Frontiers, and that they take Care that a Guard be kept in the Fort of *New-York*, in a more regular Manner than hath hitherto been observed, and with more Ease to the Inhabitants of this Town; which they desire his Honour to recommend to the Assembly.

Gentlemen,

THE *Condition of her Majeſty's Forts at* Albany *and* Schenectady, *together with the Works round the Town, are ſo well known, that I need not be particular in telling you wherein they are Defective. The Incurſions which we have but too much Reaſon to apprehend from the* French *at* Canada, *and their* Indians, *this approaching Winter, oblige me for the Security of her Majeſty's Subjects in the Frontiers of this Province, and the common Security of the whole, to recommend to you, with all the Earneſtneſs I can to raiſe a Fund, for the putting thoſe Forts and Fortifications in a Poſture of Defence, before the Winter ſets in, to prevent ſo neceſſary a Work. I hope, I need not uſe any Arguments to perſuade you, to what muſt to all diſcerning Men, appear to be ſo highly requiſite for the Preſervation of the Frontiers, and for the Good of the Country you repreſent.*

I am ſenſible, the Money you have raiſed this Year, has been extraordinary; yet I cannot but deſire you to provide, for the Repair of her Majeſty's Fort in this City, which very much wants it; the Barracks are ſo far decayed, that I doubt unleſs ſome ſpeedy Meaſures be taken, they will in a ſhort Time, require a far greater Sum to put them in a Condition to accommodate the Soldiers; many of the Carriages are likewiſe much out of Repair, and without ſome Care be taken of them, the Guns, will ſoon want new Ones, and though thoſe her Majeſty was pleaſed to ſend with my Lord Lovelace, *are yet very good, yet without ſome Labour and Expence; the Winter will render a greater Charge neceſſary for them.*

Reſolved, That this Houſe will To-morrow Morning, take the Lieut. Governor's Speech into Conſideration.

Then the Houſe adjourned till 9 of the Clock To-morrow Morning.

Die Mercurij, 9 *ho. A. M. Oct.* 12, 1709.

To the Honourable *Richard Ingoldeſby*, Eſq; Lieut. Governor and Commander in Chief, of the Colony of *New-York*, *Nova Cæſarea*, and Territories depending thereon, in *America*.

The humble Addreſs of the General Aſſembly of the Colony of *New-York*.

HAVING *good Aſſurance and firm Confidence of your Honour's Love and Affection, towards the Inhabitants of this Colony, whom we repreſent and you govern, we thought it could not be diſagreeable to that prudent Care and Vigilance, which we have ſo often obſerved in your Honour's Conduct, to repreſent unto your Honour the preſent State of our Frontiers.*

The Expedition which was deſigned againſt Canada, *and but now met with a manifeſt Diſappointment, has put this Colony to a vaſt Fatigue and Expence, and muſt have alarmed and awakened the Enemy, who have not only taken ſome Priſoners, to inform them of the withdrawing of the Forces, from the Wood Creek, but are now well inſtructed by the lateneſs of the Seaſon, of their Security during this Winter, from all Danger by Sea.*

We have great Reaſon to apprehend, that they will bend their greateſt Force againſt our Frontiers, where our Forts and Fortifications, are ſo far out of Repair, that it will hardly be poſſible before Winter, to make any conſiderable Additions to them; and this Diſappointment and the bad Effect it has produced amongſt the Inhabitants in general, had rendered it almoſt impracticable to reinforce the Frontiers with freſh Detachments of the Militia.

We therefore humbly pray your Honour, will be pleaſed to give Directions, that all her Majeſty's Regular Troops, be poſted this Winter, upon the Frontiers of Albany *and Parts adjacent, for the Security of thoſe Inhabitants, who are expoſed next to the Danger of the Enemy, our Maritime Confines being ſufficiently defended, by the Seaſon of the Winter Inſtant, all which, is nevertheleſs humbly ſubmitted.*

By your Honour's moſt humble Servants.

Die Mercurij, 9 *ho. A. M. October* 19, 1709.

THE Letter from Col. *Nicholson*, and Col. *Vetch*, to the Lieut. Governor, being taken into Consideration;

Resolved, That the Forces of this Plantation, having been raised, entertained and provided for by the Credit of this Colony, for 3 Months only, (pursuant to her Majesty's Instructions) during the Summer Season; the Mortality, and other ill Consequences that have happened, has been occasioned by their not being punctually discharged; though the unwholsome Situation of the Fort at *Wood Creek*, has not a little contributed to the Calamity.

That those Forts and Works, having been made and raised only for the easy Passage of Men and Carriage, and Security of Stores and Provisions, in the intended Reduction of *Canada*; that Design being now left off, are of no Use, nor could the Conveniency of keeping them up, bear any Proportion to the unsupportable Charge.

That neither the Lieutenant Governor, the Council, Assembly, or any of them, (when out of this Colony) have Power or Authority to do any Act binding to the People here; so that the Meeting at *New-Port*, as to this Colony, seems very improper and impracticable.

That all Motions of this Colony, as to the War, (unless necessary Defence) absolutely depending on the Rules to be given by the Government of *Great-Britain*; until further Powers or Instructions from thence, no Measures can reasonably be taken. We are yet wholly ignorant of the Ends to be attained; and to consult of that which is altogether unknown to us, seems a very unintelligible Proposition.

That this House has taken Care for the necessary Defence of our Frontiers, as far as our unhappy and impoverished Circumstances will allow, since the Friendship of the five Nations, is of such Consequence to the Frontier Governments, we hope they will not be wanting to themselves in taking effectual Means to preserve it.

The Bill, entitled, *An* Act, *for defraying the Charge of the Frontiers at* Albany, *this Winter*, was read the second Time, and committed to Mr. *Livingston*, Mr. *Janssen*, Mr. *Sebring*, Mr. *Talman*, Mr. *Purdy*, Capt. *Mulford*, and Capt. *Garton*, or any five of them, and all Members that come to have Voices.

And that they had alſo agreed to the Bill, entitled, *An* Act, *for the better Watching and Guarding the City of* Albany, without any Amendment.

He alſo preſented to the Houſe, the engroſſed Addreſs of the Lieut. Governor, Council and General Aſſembly, to her Majeſty, which was read and ſigned, and is as followeth, *viz.*

To the QUEEN'S *moſt Excellent Majeſty.*

The humble Addreſs and Repreſentation of the Lieut. Governor, Council and General Aſſembly, of your Majeſty's Colony of New-York *in* America.

May it pleaſe your Majeſty,

WE your Majeſty's moſt dutiful and loyal Subjects, the Lieut. Governor, Council and General Aſſembly, of your Majeſty's Colony of *New-York* in *America*, do humbly deſire Leave to acquaint your Majeſty, that we chearfully and punctually complied with your Commands in the deſigned Expedition againſt *Canada*, wherein we have not only exceeded our Quota of Men, but likewiſe in Proviſions and other Expences, without our Regard to our Abilities, being perſuaded that the Reduction of that Place, would not only tend to the Honour of your Majeſty and enlarging your Dominions, but to the laſting Peace and Tranquility of this and the neighbouring Colonies, in the *Northern* Parts of *America*.

And foraſmuch, as your Majeſty has been pleaſed, by a Letter of the Right Hon. the Earl of *Sunderland*, bearing Date the 1ſt of *July* laſt (which did not arrive here, till the 21ſt of *October*) to ſignify that your Majeſty had thought fit to lay aſide at this Time, the ſaid Expedition; we humbly crave Leave to inform your Majeſty, what Meaſures we have taken therein, how heavy the Burthen thereof, has lain on this Colony, and its preſent State and Condition.

Twenty Ship and Houſe Carpenters, were immediately impreſt, for making Boats, Storehouſes, *&c.* and a ſufficient Number of the Regular Forces and of the Militia, ſent to cover them; Commiſſioners were appointed by Act of Aſſembly, to buy and provide Proviſions and other Neceſſaries, with Power to break open any Cellars or Doors to procure the ſame, and likewiſe to impreſs Men, Veſſels, Horſes and Waggons, for Tranſporting every Thing to ſuch Place and Places, as ſhould be thought proper, to the End nothing ſhould be wanting on our Part, for the Land Expedition.

And by Reaſon there was a Deficiency in the Regular Forces, and ſome Invalids among them, 487 Men, were by Act of Aſſembly, to be detached out of the Militia; but ſuch Encouragement given thereby, that they all went Volunteers, part whereof were ſent to *Albany* the 27th of *May*, and the Remainder followed thither on the 27th of *June*; from whence they advanced by Degrees to the *Wood Creek*, which leads into the *Lake*, and is diſtant from *Albany*, about eighty Miles; and here we muſt humbly crave Leave to lay before your Majeſty, That *Connecticut*, exceeds this Colony, at leaſt, one third in Number of Inhabitants.

That *Maſſachuſets* exceeds both, and that the *Jerſey's*, have been but at *Three Thouſand Pounds* Charge, in this Expedition, who (by the beſt Computation) are not inferior to us; for though the Settlement of *Jerſey*, has not been ſo long ſtanding, yet have been for many Years, free from raiſing Men or Money, whilſt this Colony was conſtrained to do both, for ſecuring the Frontiers againſt the *French*; this Government was drained not only of moſt of the young Men, but a conſiderable Number of others, who fixed and ſettled among them.

We

We humbly mention this, not only to demonstrate, that neither this Inequality, nor the Disregard *Pennsylvania* had for your Majesty's Command, in not furnishing so much as one Man, caused any Obstruction in our punctually complying, and even exceeding our Quota for the said Expedition, being zealous to obtain the happy End proposed thereby; but chiefly to supplicate your Majesty, that in Case the Expedition should be renewed, you will graciously be pleased to allot unto us, an equal and due Proportion of the Charges thereof, wherein we have the Honour to serve, we shall promote and chearfully obey.

For the Reception and Security of the Stores, Provisions and Men, three Forts were built, with Store Houses and Block Houses therein, *viz.* One at the *Still Water*, another at the *Great Carrying Place*, and the last and strongest at the *Wood Creek*; where all the necessary Stores and Provisions were lodged (though the Transportation thereof, was attended with incredible Difficulty.)

At the same Place were also built, a sufficient Number of Battoes and Canoes for Transportation, and every Thing in such Readiness and the Men so willing, that nothing but the News of the Fleet's Arrival, was wanting for Embarkation over the Lake.

We now crave Leave to lay at your royal Feet, wherein the Burthen of the said intended Expedition lay heavier on this Colony than our Neighbours, over and above the Disproportion above-mentioned, which we humbly beg may meet with your Majesty's favourable Construction as well as Consideration.

That at the entire Charge of this Colony and by the People thereof, upwards of 100 Batoes, and as many Birch Canoes were built, capable to have received and transported all the Army, with their Stores and Provisions; That the Forts at *Still Water* and the *Great Carrying Place*, with the Store Houses therein, were likewise built at our Charge, before any of the neighbouring Troops came there; that the great Fort at *Wood Creek*, with the several Block Houses and Store Houses therein, was chiefly built at the Charge of this Government.

That all the Stores and Provisions were, at the Charge of this Colony, transported not only to *Albany*, but from thence thro' many difficult Passages by Land and Water, to the *Great Carrying Place*, being about seventy Miles.

That besides the Troops raised and provided for by this Colony, they furnished at their own Charge, Provisions for your Majesty's regular Forces, and for 600 of the 4 Nations and River Indians, the Charge of which Transportation, amounted to as much as the prime Cost thereof.

And that besides the said Indians, their Wives and Children, being upwards of 1000, were victualed a considerable Time at *Albany*, at the only Charge of this Colony; and so were likewise, all the several Messengers for engaging them in the Expedition; all which Charges amounting to upwards of *Six Thousand Pounds*, we were the readier to lay on this Government, by Reason Col. *Nicholson* and Col. *Vetch* assured us, that your Majesty would reimburse to this Colony, whatever they should expend and lay out, over and above the common Charge of their Quota. And therefore, most humbly supplicate your Majesty, to consider this Colony accordingly; especially, since we have already raised *Fourteen Thousand Pounds*, for the said Expedition, and are at a Loss, how to pay the Remainder, without mentioning that we labour under a Claim of many *Thousand Pounds*, due to several Persons in this Colony formerly.

We now most humbly beg Leave, briefly to lay before your Majesty, the present State and Condition of this Colony. All the Small Arms which were in this Garrison fit for Service, have been distributed to this and the neighbouring Colonies, pursuant to her Majesty's Commands, most Part of the Powder is consumed by the like Means, and several of the other Stores impaired and lessened thereby, the Presents which your Majesty graciously vouchsafed to send for the five Nations, by the late Lord *Lovelace*, are distributed among them, the better to encourage them in the Expedition, which did not only very much steddy them to your Majesty's Interest, but engage them in the said Enterprise, except the *Sepeks*, who are more numerous than the other four Nations, and were at first so far debauched by the *French*, that they would not concern themselves in the Attempt, but at last, after a great deal of Pains and Solicitations, prevailed upon to come down to receive their Proportion of the said Presents, whereupon several of their Chief Men went to the Camp. All which we conceive our Duty to lay before your Majesty, and humbly implore, that such Quantities of Stores and Presents may be sent over, as to your great Wisdom seems meet.

We conceive it likewise our Duty, to mention that the Fort at *Albany*, is in such a deplorable Condition, that is it ready to drop down, and that at *Schenectady* quite out of Repair, and neither the Inhabitants in particular, nor the Colony in general, are able to put them in such a Posture as frontier Fortifications ought to be, and therefore humbly implore your Majesty's Consideration and Commiseration therein.

We humbly crave Leave to supplicate likewise, that in Case the present War continue, your Majesty will graciously be pleased to send

two Independent Companies more of your regular Forces for the Security of this Colony, that our Frontiers may have a ſufficient Garriſon to oppoſe any Attempts of the *French* by Land.

We conceive it our indiſpenſible Duty, to lay at your royal Feet, how dangerous the *French* are ſeated at *Canada*, and the Maxims they follow for making themſelves formidable there. It is well known they can go by Water from *Quebec* to *Mount Royal*, from thence they can do the like through Rivers and Lakes, at the Back of all your Majeſty's Plantations on this Continent, as far as *Carolina*. And in this large Tract of Land, live ſeveral Nations of Indians, who are vaſtly numerous, among theſe they conſtantly ſend Emiſſaries and Prieſts, with Toys and Triffles to inſinuate themſelves into their Favour; afterwards they ſend Traders, then Soldiers, and at laſt build Forts among them, and the Garriſons are encouraged to intermarry, cohabit and incorporate among them, and it may reaſonably be concluded, that upon a Peace many of the diſbanded Soldiers, will be ſent thither for that Purpoſe, they having already a Fort and Garriſon at *Tiughſaghrondie*, being the chief hunting Place of our Indians, and about 500 Miles from *Canada*, and other Forts and Settlements as many Miles farther, how pernicious this in Time will prove to your Majeſty's Subjects on this Coaſt, we cannot think on but with the greateſt Concern.

For ſhould they, having by Degrees brought thoſe vaſt Nations to their Devotions, fall on your Majeſty's ſaid Plantations, it would hardly be in the Power of any Forces, that could be ſent from *Great-Britain*, to reclaim or reduce them, it being impoſſible for Chriſtians to purſue and overtake thoſe Indians in the Woods, they being reputed to be ſwifter than any other Nations; upon theſe Conſiderations, we humbly ſupplicate that your Majeſty, ſhall not think fit to revive the Expedition, to effect the *French*, having upon the Intelligence fortified themſelves all this Summer, then in Caſe there ſhould be any Overtures of Peace, that the 16th Article of the Preliminaries, lately concerted for that Purpoſe, may be enlarged, ſo as to include *Canada* as well as *Newfoundland*, to be rendered into your Majeſty's Hands, by which Means the *French* King, will not only be deprived of the greateſt Nurſery he has for Seamen, but your Majeſty will thereby, bring to the *Britiſh* Nation, the Advantage of having all the *French* and Furr Trade to themſelves.

The real Zeal we have for your Majeſty's Honour and Intereſt, as well as for the Security of this and the neighbouring Plantations, will we hope, be a ſufficient Apology, for our preſuming to take up ſo much of your royal Time, in this long Addreſs, which we beg may meet with a favourable Reception and Conſtruction. In Confidence of your Majeſty's Goodneſs therein, we humbly pray for your Majeſty's long and proſperous Reign over your People, and Victories over your Enemies, which are the fervent Supplications of, *&c.*

A Meſſage by Mr. Secretary *Clark.*

Die Veneris, P. M. September 1, 1710.

A Message from his Excellency by Mr. Secretary *Clark.*

Gentlemen, his Excellency commands your Attendance at the Council Chamber immediately.

And the House attended accordingly; where they took the Oaths, and made and signed the Declaration, according to Law.

Then his Excellency directed them to return to the House, and chuse their Speaker; whereupon they unanimously chose Mr. *William Nicoll* for their Speaker, whom they presented to his Excellency, and was approved.

Then his Excellency was pleased to make his Speech; and the House being returned, the Speaker assumed the Chair, and acquainted them he had obtained a Copy thereof; which was read, and is as follows, *viz.*

Gentlemen,

IT is with some Concern that I speak to this House from a Place of this Eminence, being unfeignedly conscious to myself of my own Unworthiness, and how unequal I am to so great a Trust; but deriving that Honour from the best Fountain from whence it has ever flowed, least I also should too hastily blame Her choice: I make no other Use of that humbling Reflection, than as a continued Motive to double my Endeavours for the publick Welfare, in the Proportion that I fall short in Rank and Dignity of those illustrious Persons who have borne this Office before me; which is doing her Majesty most effectual Service her own Way.

I shall trouble you no more with what relates to myself. As to what relates to you, I am confident that what I have to recommend, wants neither Arts nor Arguments to enforce it, being only your Duty, your Interest and common Justice, that is, to provide a suitable Support for her Majesty's Government, to take more effectual Care of the public Safety, and to restore the public Credit, in a great Measure lost.

As to the first of these, I am commanded by her Majesty in a very particular Manner to recommend to you, the settling such a Revenue, and for such a Term, as yourselves, who are the most competent Judges, shall think sufficient to answer the Ends.

In Relation to the present State of public Safety, I must beg your Patience, whilst I acquaint you with the dismal View I have lately had of our Danger, whilst I was upon the Frontiers.

I received there two pressing Letters from the Governor of New-England, *at the Instance of that Assembly, seconded by the Court of Officers there, representing the Cruelties and Barbarities daily committed by the* French *and* French Indians *upon their Frontiers, though guarded by* 500 *Men, whilst he was raising* 1000 *for her Majesty's immediate Service; and begging that I would persuade our* Indians, *who are in League with all her Majesty's Subjects, to make a Diversion by Incursions and Reprisals upon those in the* French *Interest. Then it was found, that had it been judged advisable by the Commissioners of the* Indian *Affairs, the only Person*

Persons I had to adviſe withal; or had the Indians *conſented to comply with the Deſires of the Government of* New-England, *it was ſo far from practicable, that had theſe Incurſions been made this Way, we were in a much worſe Condition than they, to prevent a general Devaſtation that muſt have enſued, there being neither Money in the Treaſury, nor Forts, or what is worſe than none, no Arms or Men for our Defence; ſo that we are forced to reſt contented with a precarious Security, under a ſuſpicious Neutrality, that hath no firmer Foundation than the Faith of Savages, whilſt our Neighbours Frontiers are on Fire, and the Inhabitants inhumanly butchered.*

This conſidered, I hope I need not recommend to you what you muſt be convinced is ſo abſolutely neceſſary, that immediate Care be taken to put thoſe Forts in repair, or build others in more convenient Places; that the Militia Act, which is immediately to expire by its own Limitation, be renewed; and what beſides you ſhall judge neceſſary for your own Safety.

As to the reſtoring the public Credit, I ſhall beg Leave only to obſerve to you, that public Debts are no other than the juſt Demands of private Men, ſo that you all are, or may be in ſome Meaſure concerned in them; and as in private Perſons punctual Payment is not only a good Sign, but ſure Means of thriving, I believe the Analogy will hold pretty juſt with Relation to the State.

Her Majeſty has commanded me to recommend to you the paſſing of ſeveral Laws, ſome of which have been heretofore enacted, but being temporary, are now expired; particularly one Act for returning able and ſufficient Jurors, for the better Adminiſtration of Juſtice; an Act to prevent the burning of Woods, which is of very evident Neceſſity at this Time, ſhe having ſent hither under my Care, a great Number of diſtreſſed Germans, *to be employed here in the Production of Naval Stores, which muſt in Time prove a great Addition of Wealth and Strength to this Province. As alſo, an Act, whereby the Creditors of Perſons becoming Bankrupts in* Great-Britain, *and having Eſtates in this Province, may be relieved and ſatisfied for ſuch Debts. This is but what is juſt and honeſt, and nearly concerns your Reputation, there lying a general Imputation upon the Provinces in* America, *of protecting Bankrupts from the juſt Demands of their Creditors. Let us waſh ourſelves clean of it by ſuch a Law.*

It has been a Practice formerly in this and other Plantations, to make large Preſents to their Governors, by a Law for that Purpoſe, which was attended with many Inconveniencies; Her Majeſty hath commanded me to let you know, that no Law of that Nature is to be paſſed for the future.

For my own Part, I ſhall be always ready to adviſe, and chearfully to concur with you in whatſoever Meaſures may be thought neceſſary for promoting the public Good, true Religion, and a virtuous Life, which is the ultimate End of all Government. You have but one common Intereſt, and conſequently ought to be of one Mind. If any go about to diſturb your Peace by reviving buried Parties and Piques, or creating new ones, they ſhall meet with no Countenance or Encouragement from me, and I am ſure they deſerve as little from you.

The Speaker alſo acquainted the Houſe, That he had in the Name of the Houſe demanded their Privileges, and pray'd his Excellency's Confirmation of them, *viz.*

The humble Addreſs of the General Aſſembly of her Majeſty's Colony of *New-York*.

May it pleaſe your Excellency,

WE *congratulate your Excellency's Acceſſion to the Government of this Colony, and perſuade ourſelves, your Conduct will evince the Prudence of her Majeſty's Choice. We believe it to be our Duty to Support her Majeſty's Government over us, and to take as much Care of the publick Safety and Credit as we can; and we will endeavour to Uſe ſuch Methods, as we think will be moſt conducive to theſe Ends.*

We are very much concerned at the unhappy Circumſtances of our Neighbours, and the bad Condition of our own Frontiers; the laſt ſhould be ſecured and made uſeful for our Defence, and we ſhall provide as well for them as we are able.

What is particularly recommended by your Excellency now, or at any other Time, ſhall always be received by us, with the utmoſt Regard (and as far as our Circumſtances permit) readily comply'd with.

We thank your Excellency, for the Aſſurance you have given us, in the Cloſe of your Speech; we ſhall as much as in us lies, endeavour to avoid either making new Parties, or reviving Old; whoever does, muſt be blind to their true Intereſt, and we hope, will meet with as little Credit, and as much Diſgrace as they deſerve.

His Excellency was pleaſed to anſwer, That he thanked the Houſe for their Addreſs, and ſhould endeavour by a moſt impartial Adminiſtration, to demonſtrate he had nothing more at Heart, than the Welfare and Proſperity of the Country.

Reſolved, That the Houſe will *Tueſday* next, reſolve into a Committee of the whole Houſe, to conſider further of the Bill, for laying an Exciſe on all ſtrong Liquors, retailed in this Colony.

Gentlemen,

I Have waited a long Time, in hopes you would take at laſt into your Conſideration, ſome Things by her Majeſty's ſpecial Commands recommended to you from hence, particularly what relates to publick Debts; that I might lay before you her Majeſty's Letter, earneſtly recommending the Payment of a Debt which She conceives, and I hope every Body will, to be highly reaſonable.

To our Truſty and Well-beloved *Robert Hunter*, Eſq; our Captain General and Governor in Chief of our Provinces of *New-York* and *New-Jerſey*, in *America*; and in his Abſence to the Commander in Chief, or to the Preſident.

ANNE, R.

TRUSTY and Well-beloved, we greet you well. Whereas, our Right Truſty and Well-beloved the Lady Charlotte, *Widow of* John, *Lord* Lovelace, *late Governor of our Provinces of* New-York *and* New-Jerſey, *has, by her Petition, humbly repreſented unto us, That the Day before the ſaid Lord* Lovelace *died, the General Aſſembly of that our Province of* New-York, *voted the Sum of* Sixteen Hundred Pounds, *to be paid to him, his Executors or Adminiſtrators: But ſoon after they reduced that to* Five Hundred Pounds, *as appears by the Votes to the ſaid Petition annexed. And the General Aſſembly of that our Province of* New-Jerſey, *voted him* Eight Hundred Pounds, *which they are willing to give the Petitioner, if we ſhall think fit to conſent to it, And has further repreſented to us, the great Expence her ſaid Lord was at in making a decent Proviſion, conſiſtent with the Honour of our Governor there, and in his Voyage thither, amounting to at leaſt* Four Thouſand Pounds; *and all that the ſaid Lord* Lovelace *received there, was not above* Four Hundred Pounds, Engliſh; *humbly praying we would order the Payment of the ſaid* Sixteen Hundred Pounds, *and the* Eight Hundred Pounds, *voted by the General Aſſemblies of our Provinces of* New-York *and* New-Jerſey, *as aforeſaid; which, with other Sums due to her for Monies expended by her Lord, for the Service of the Government there, will near diſcharge the Debts which her ſaid Huſband, the Lord* Lovelace, *left her to pay. We taking the Premiſes into our royal Conſideration, and being very ſenſible of the Petitioner's great Affliction, Loſſes and diſtreſſed Condition, are graciouſly pleaſed to condeſcend to her Requeſt. Our Will and Pleaſure therefore is, and we do by theſe Preſents ſtrictly charge and require you, That you do, as ſoon as may be, and in ſuch Manner as you ſhall think moſt proper for obtaining that End, intimate to the General Aſſembly of* New-York, *that in Conſideration of the Expences which the ſaid Lord* Lovelace, *has been at in his Voyage to that Province, and to ſettle himſelf and his Family there, we think it highly reaſonable they ſhould grant to his ſaid Widow, the Sum of* Sixteen Hundred Pounds, *which they at firſt intended, and which is apparent they deſigned for the Support of herſelf and her Family, ſince they voted the ſame the very Day before his Death, when he was believed to be paſt Recovery; and that their ſpeedy Compliance with our Will and Pleaſure herein, will be to us highly acceptable and ſatisfactory. And you ſhall likewiſe acquaint the General Aſſembly of* New-Jerſey, *That we not only conſent to their giving the Petitioner the Sum they have voted, of* Eight Hundred Pounds, *but are extremely well pleaſed therewith, and do highly commend their Proceedings in this Reſpect, looking upon it as an Act of the greateſt Juſtice. This we do recommend to you in the moſt earneſt Manner, willing and requiring you to uſe your utmoſt Endeavours to bring the ſaid General Aſſemblies to a Compliance herein, and to cauſe the ſaid ſeveral Sums of Money, voted by the General Aſſemblies of* New-York *and* New-Jerſey, *as above-mentioned, when the ſame ſhall have been raiſed and collected, to be paid to the ſaid Lady* Lovelace, *or to Mr.* Cockerill, *or others her Aſſigns, Executors or Adminiſtrators. And ſo, not doubting of your ready Compliance herein, we bid you Farewell.*

Given at our Caſtle of *Windſor*, the firſt Day of *October*, 1709, in the Eighth Year of our Reign.

By her Majeſty's Command,

SUNDERLAND.

By her Majeſty's Orders to put in Execution the Scheme prepared by the Lords Commiſſioners of Trade, and approved by her Majeſty, for employing of that People, I am to take Care that they be naturalized upon their Arrival here.

A Clauſe of the Report of the Lords of Trade, which her Majeſty by her royal Inſtruction has directed his Excellency to cauſe to be put in Execution.

Laſtly, We humbly offer, that the ſaid *Palatines*, upon their Arrival there, be naturalized, without Fee or Reward, that they may enjoy all ſuch Privileges and Advantages as are enjoyed by the preſent Inhabitants of that Province.

Some Mention being made of an Act of general Naturalization in your Houſe, I judged that it would anſwer the Ends; but hearing no more of that Matter, I intreat you to reſume that Bill into your Conſideration.

I acquainted you before, that the Forts of Albany *and* Schenectady, *were in a moſt wretched Condition: I do not think it ſafe to truſt her Majeſty's Forces in them this Winter, if no Care be taken for putting them in a better Condition, which I now again moſt earneſtly recommend to you.*

MR. *Sebring*, reported from the Committee, appointed to manage the Conference with the Council, on the Bill, entitled, *An* Act, *for the Treaſurer's paying ſundry Sums of Money*, the Reaſons the Council inſiſted on their Amendments to the ſaid Bill, in the following Words.

The Council inſiſt on their Amendments to the ſaid Bill, becauſe by her Majeſty's Inſtructions to the Governor, he is directed not to ſuffer any publick Money, to iſſue otherwiſe, than by Warrant paſſed by him, by and with the Advice and Conſent of the Council.

Secondly, The Council inſiſt on their ſaid Amendments, becauſe the Practice both here, and for ought they can learn||,

The Reaſons why this Houſe cannot agree to the Amendments, inſiſted on by the Council to the Bill, entitled, *An* Act, *for the Treaſurer's paying ſundry Sums of Money*, being as followeth, *viz.*

1. That which the Council call Amendments, would deſtroy the very Eſſence and Intent of the Bill.

2. The Bill is entirely conſonant to the Inſtructions (although thoſe Inſtructions are not directed to the Aſſembly) an Act of Governor, Council and Aſſembly, being a good Warrant of the Governor, with the Advice and Conſent of the Council.

3. If the Council will pleaſe to examine, the ſeveral appropriating Acts made in this Colony, ſince the happy Revolution, the many Acts of Parliament in all Ages to the ſame Purpoſe, this will be far from appearing

|| Note, *This Report is imperfect.*

ing a Novelty; not to mention the ſeveral appropriating Acts, the very Perſons now in the Council, have without any Scruple conſented to, too lately to have eſcaped their Memory.

4. Either the Council deſigned the Money ſo mentioned in the ſaid Bill, ſhall be diſpoſed as the Bill expreſſeth, or they do not; if they do, there is no Difficulty in conſenting to the Bill; if they do not, plain dealing is beſt.

5. The Miſapplication of the publick Money's of this Colony, have been to apparent to avoid the Notice of the Aſſembly; to prevent the like is the Intent of this Bill, which they muſt eſteem much preferable to any poſterior Remedy.

The Speaker acquainted the Houſe, Capt. *Hamilton*, had communicated to him, Mr. *John Shorter*'s Commiſſion, from the Lords Commiſſioners for executing the Office of Lord High Admiral of *Great-Britain*, &c. to be Maſter and Commander of her Majeſty's Packet Boat, the *Royal Anne* (which was read) deſiring the Opinion of the Houſe, relating to her paying the Duty of Tonnage, *&c.*

A Meſſage by Mr. Secretary.

Mr. Speaker, His Excellency requires the Attendance of this Houſe immediately.

The Speaker with the Houſe attended accordingly; being returned, he acquainted the Houſe, His Excellency had made a Speech, which he obtained a Copy of, and was read, being as followeth, *viz.*

Gentlemen,

I Hope you are now come with a Diſpoſition to anſwer the Ends of your Meeting, that is, to provide a ſuitable Support for her Majeſty's Government here, in the Manner ſhe has been pleaſed to direct, to find out Means to reſtore the public Credit, and to provide better for your own Security.

They abuſe you who tell you that you are hardly dealt by in the Augmentation of Sallaries; her Majeſty's Inſtructions which I communicated to you at our laſt Meeting, might have convinced you, that it was her Tenderneſs towards her Subjects in the Plantations, who ſuffered under an eſtabliſhed Cuſtom of making conſiderable Preſents to their

their Governors, by Acts of Aſſembly, that induced her to allot to each of them, ſuch a Sallary as ſhe judged ſufficient for their Support in their reſpective Stations, with a ſtrict Prohibition of all ſuch Preſents for the future; which Inſtruction has met with a chearful and grateful Compliance in all her other Colonies.

If you have been in any Thing diſtinguiſhed, it is by an extraordinary Meaſure of her royal Bounty and Care: I hope you will make ſuitable Returns, leſt ſome Inſinuations, much repeated of late Years, ſhould gain Credit at laſt, that however your Reſentment has fallen upon the Governors, it is the Government you diſlike.

It is neceſſary at this Time that you be told alſo, that giving Money for Support of Government, and diſpoſing of it at your Pleaſure, is the ſame with giving none at all; her Majeſty is the ſole Judge of the Merits of her Servants; it is a Right which has never yet been diſputed at Home, and ſhould I conſent to give it up abroad, I ſhould render myſelf unworthy not only of the Truſt repoſed in me, but of the Society of my fellow Subjects, by incurring her higheſt Diſpleaſure.

If I have tired you with a long Speech, I ſhall make Amends by putting you to the Trouble of a very ſhort Anſwer.

Will you ſupport her Majeſty's Government in the Manner ſhe has been pleaſed to direct? or are you reſolved that Burthen ſhall lye ſtill upon the Governor, who cannot accuſe himſelf of any Thing that may have deſerved this Treatment at your Hands?

Will you take Care of the Debts of the Government? Or, to increaſe my Sufferings, muſt I continue under the Torture of the daily Cries of ſuch as have juſt Demands upon you and are in Miſery, without the Power of giving them any hopes of Relief?

Will you take more effectual Care of your own Safety, in that of your Frontiers? Or are you reſolved for the future to rely upon the Security of an open Winter, and the Caprice of your ſavage Neighbours.?

I ſhall be verry ſorry if this Plainneſs offends you: I judged it neceſſary toward the eſtabliſhing and cultivating a good Underſtanding between us: I hope it will be ſo conſtructed, and wiſh heartily it may have that Effect.

Ordered, That Mr. Secretary *Clark*, do lay before this Houſe, a Copy, or the Record of his Excellency's Commiſſion for this Colony.

Twelve of the Members were of Opinion, they neither were, nor could act as an Aſſembly, ſince his Excellency was pleaſed by Proclamation, dated the 3d of *February* laſt, at *Burlington*, in the Province of *New-Jerſey*, to prorogue them to the 3d Inſtant, *April*; and Five were of Opinion they might act as a General Aſſembly.

And they attended accordingly; where they took the Oaths, and made and signed the Declaration, according to Law.

Then his Excellency directed them to chuse their Speaker; whereupon they returned, and unanimously chose Mr. *William Nicoll*, for their Speaker; whom they presented to his Excellency, and was approved.

Gentlemen,

WHAT *I have chiefly to impart, and recommend to you at this Time, is, the Expedition her Majesty has undertaken against the common Enemy in these Parts, for ascertaining her just Rights, and procuring a solid and lasting Security, amongst other Blessings, to her good Subjects on this Continent, and their Posterity; as it is most pathetically set forth in the Preamble of her royal Instructions for that Purpose, which I am commanded to communicate to you.*

I am far from entertaining the least Doubt of your ready Compliance with what is expected on your Part on this Occasion, her Majesty's Honour, and your Interest inseperable from her's, being the Prize you contend for. I must only with all Earnestness recommend Dispatch, upon which the whole Design seems now to depend, the Fleet and Forces being already arrived at Boston, *in good Condition and Health, compleatly furnished with all Things necessary for so great and glorious an Enterprize, and wait for nothing but the expediting of what is necessary and required on your Part.*

According to the Repartition of the Land Forces appointed to act on this Side, under the Command of General Nicholson, *agreed upon in the Council of War assembled at* New-London, *by her Majesty's Order, your Quota amounts to* 600 *private Centinels, besides Officers, as you'll observe by the Schedule marked* (A).
